# Hello from Ulster University

**Ulster University is extraordinary. We are a university that spans a region of great potential and great passion. At Ulster University, our students are at the heart of everything we do, and we want to give you the most rewarding student experience possible.**

We are committed to the delivery of campus-based education. Learning, teaching, and research are social activities where people come together to create and share knowledge through collaboration and partnership.

We are committed to the creation and nurturing of interactive shared spaces where people can benefit from research and industry-led learning across each of our campuses.

The aspirations of our vibrant student community are met across our three campuses, each offering a student experience unique to its location and subject areas. We are recognised for our outstanding impact on student outcomes due to the excellence of our committed teaching community; delivering a learning experience that develops skills, raises ambitions, and prepares future leaders.

We enjoy a national and international reputation for excellence in teaching and research, while simultaneously playing a leading role in the enrichment of the social, economic, and cultural life of Northern Ireland and beyond. We believe in equality; we celebrate diversity, and we foster inclusion. Through our critical role in fulfilling our global civic commitment and transforming lives, we are 'Delivering Sustainable Futures for All'.

This prospectus offers you a flavour of life at Ulster University; the unique student experience, the outstanding facilities on our campuses across Northern Ireland, and the supportive learning environment where you can pursue your ambitions. Whatever your aspirations, we want to give you the education experience to help you achieve them. We want you to enjoy everything that Ulster University has to offer, and we look forward to welcoming you.

With best wishes,

Professor Paul Bartholomew  
Vice-Chancellor, and President

# Degrees designed with your future in mind

## Career-focused course design

Our expert course teams and employability consultants prioritise your future career success when designing your degree.

## Developing your future skills

Our courses are informed by world-leading research, ensuring you are gaining the future skills and industry knowledge you need to succeed.

## In partnership with employers and industry

Our partnerships with local, national, and international employers and professional bodies ensure our courses provide the employability and specialist skills required for career success.

## Industry-recognised qualifications and accreditations

Many of our degrees integrate the appropriate professional body qualifications and accreditations.

## Student-centred teaching

We deliver our courses in a way that supports the development of skills, confidence and knowledge, alongside the professional competencies needed to help you prepare for your future.

## Hands-on experience

Our regional, national, and international employer links mean that you can engage in opportunities to develop skills through projects, placements and work-based learning experiences, both at home and further afield.

## Engaging environments

Our environments are designed to provide you with the richest possible student learning experience. Our spaces promote engaging and active learning to prepare you for your post graduation journey.

## Future proofing

Throughout your learning journey at Ulster University, we place strong emphasis on learning by doing, active learning, and experiential and collaborative learning to prepare you for success. We will prepare you to develop your own professional networks and enhance your skills, providing advice on CV writing, portfolios, and video interview or assessment centre preparations to support your ambitions and help your career readiness.

# A university experience designed so you can realise your full potential

**At Ulster University, we are committed to delivering a university experience that prepares individuals for success at each stage of their careers and future lives.**

The Ulster Graduate Attributes framework has been created to support the University in the delivery of its educational strategy and specifically, the student learning experience.

We have embedded the Ulster Graduate Attributes into our courses to ensure that no matter your future aspirations or career, you are able to meet the challenge.

## Ulster University Graduate Attributes

### Thriving Individual

Someone who has the ability to be resilient, accept and embrace change, seeking to mentally grow themselves and those around them.

### Engaged Learner

Someone who is knowledgeable and able to deepen their understanding about their subject and the world.

### Collaborative Professional

Someone who is able to contribute to society widely and especially in their field of knowledge.

### Active Citizen

Someone who is engaging, ethical, sustainable, making a positive impact.

# Learning by doing

## How will I learn?

Active and collaborative learning is central to our teaching practice at Ulster, and our innovative learning and teaching spaces are designed to facilitate “learning by doing” and working with other students, both in and out of the classroom. We are an on-campus institution enhanced by a sector-leading digital learning environment, and the opportunities this provides to elevate the academic experience for all students.

We value diversity in students and educators. As a result, you can expect to experience a range of teaching approaches throughout your course including: seminars, lectures, workshops, tutorials, group work, project-based learning, enquiry-based learning, and research-informed teaching, supplemented with self-directed study.

## Learning for your future career

You will develop the future skills and graduate attributes employers seek through work-based learning, placement opportunities, and embedded employability. You will also have access to wide-ranging extra-curricular activities through the Ulster EDGE and EDGE Excel Award.

## Equipment and facilities

You will learn in state-of-the-art facilities with industry-standard equipment. Our architecture super-studio, award-winning student-run restaurant, TV studios, financial trading room, laboratories, art workshops, on-campus optometry clinic, and model pharmacy are just some examples of how you benefit from our investment in facilities which mirror what you will experience when you graduate.

## Library services

Each campus has its own library and students can access all facilities, no matter which location they are based at. There are designated quiet zones, as well as collaborative spaces and learning areas. Take advantage of our 24-hour computer labs and printing services, and access eBooks and journals wherever you are. Our library staff are always willing to help you get the most out of our facilities.

## How will I be assessed?

Assessments at Ulster are designed to prepare you for life in your chosen career through coursework such as creating reports, working on live projects in teams, presenting, prototyping, and showcasing. Exams feature in some, but not all courses. Regular feedback is provided, helping you to further develop your skills and knowledge, and to feed into future assignments and professional practice.

## Leaders of learning innovation

Ulster University is at the forefront of learning innovation with over 80% of our teaching staff holding fellowship of the Higher Education Academy. More than 30 of our staff have been recognised nationally for their outstanding learning and teaching practice with National Teaching Fellowships.

Our work in the digital learning space is also nationally recognised, with our Centre for Digital Learning Enhancement, and School of Nursing and Paramedic Science have received The Collaborative Award for Teaching Excellence (CATE), showcasing how our innovative approach has had a demonstrable impact on teaching and learning.

## Learning by doing

**We are committed to delivering industry-relevant education, taught by staff at the forefront of learning and teaching innovation.**

We work closely with employers and professional bodies to develop our courses. This ensures our courses are relevant and, where possible, offer the professional qualifications and accreditations most desired by employers. This is even more important now as industries are transforming at an unprecedented speed, and employers are actively seeking employees with the skills and competencies to lead, adapt, and inspire.

**Name:**  
Dr Debbie Rankin  
**Position:** Lecturer  
in Computer Science,  
Course Director MSc  
Data Science  
**Faculty:** Computing,  
Engineering and  
the Built Environment

allow them to develop the technical and generic skills which are in high demand amongst employers.

## The direct impact of our learning by doing

Students gain significant hands-on experience in the design and implementation of software for real-world challenges. Through this, they develop strong problem-solving and critical thinking skills and are encouraged to be creative and innovative in their approach, to ensure they can carry out software design and development tasks with confidence and good judgement in an industrial setting. Learning takes place in both individual and group settings, ensuring students develop crucial teamwork and communication skills. Students have a rewarding learning experience whilst developing the skills employers seek.

As well as the benefits to students, employers see the direct benefits through the highly skilled and diverse graduates who enter the workforce. Our graduates are work-ready, as reflected in the high employability rates across our courses. They are equipped with the urgently required knowledge and skills needed to integrate into a commercial setting, which contributes to employers achieving their business goals.

## How our course or learning space is designed to support learning by doing

Learning by doing is intrinsic in Computer Science, Information Technologies, Artificial Intelligence, and Data Science education. At Ulster, we have a range of state-of-the-art computer laboratories equipped with industry-standard, commercially-relevant hardware and software, which is key in enabling students to develop their skills and expertise in areas such as software design and implementation, immersive software and data analytics. Students spend a large proportion of their time in these laboratory-based learning spaces, carrying out practical activities which are designed to provide an authentic and inclusive industry-inspired experience whilst fostering collaboration amongst staff and students. Our courses are designed in collaboration with industry partners to ensure students get the right balance of theory and hands-on experience to

**Name:**  
Laura Hyde  
**Position:**  
Law Clinic Manager  
and Lecturer  
**Faculty:** Arts,  
Humanities and  
Social Sciences

## How our course or learning space is designed to support learning by doing

Our commitment to learning by doing drives the teaching of our undergraduate and postgraduate courses. For those that want to progress to work in law following undergraduate study, the LLM Access to Justice course offers an experiential learning environment, with students working in our dedicated Law Clinic, providing free legal advice to the public, under the supervision of a solicitor. There is a growing amount of research demonstrating the educational benefit of taking a practical approach to the teaching of the law. The theory behind clinical legal education is that adults learn more effectively when they engage in practical experience alongside more traditional study in lecture theatres. In the LLM Access to Justice course, students are supported to put legal theory into context by being exposed to real clients and ethical choices. Through the process of trial and error, reflective skills are cultivated. On completion of the course, students will have developed core legal skills including interviewing, negotiating, legal drafting, advocacy and advising.

## The direct impact of our learning by doing

Law modules generally, by their very nature, require extensive reading and writing skills, requiring students to assimilate large amounts of information and apply it to fictitious problems in an exam environment. The LLM Access to Justice course affords students the opportunity to participate in active learning thus facilitating deeper understanding. Key employability skills, such as teamwork and collaboration, are nurtured. In addition, students are provided with the opportunity to develop and practice their functioning legal knowledge in a digital environment, equipping them with the technological skills already incorporated into most law firms and legal advice organisations. The technology has the dual benefit of facilitating deeper learning of the law for the students whilst also exposing them to the role of technology in the legal sector and equipping them with key employability skills which in turn improves graduate outcomes. The law clinic serves the local Northern Ireland community by offering free legal support and advice in a range of areas, including social security, employment, family and commercial law. Improving access to justice and addressing unmet legal need is at the core of what we do. The clinic supports and collaborates with third sector organisations, as well as legal professionals, to address those aims.

Course Director BSc  
Business Studies  
**Faculty:**  
Ulster University  
Business School

## How our course or learning space is designed to support learning by doing

With employability being at the fore in our teaching, it is imperative that students get access to commercial and non-commercial organisations to help demonstrate the integration of theory and practice. Hence, numerous organisations get to come in and work alongside students to help answer some of the key questions they are facing. This is a two-way process, both students and companies benefit from this alignment.

Targeted guest lecturers are also brought in to showcase best practice. Our course content is formed from the views and opinions of industry to ensure we are at the cutting edge of what is required from graduates. We listen to external organisations and align our teaching to their needs. Students also get to practice the things they have been learning, which in turn ensures the application is embedded. It's a win-win situation for companies and students. More recently, we have witnessed the desire for additional digital skills from industry, which is why we added new modules to give students a broader portfolio of digital skills. Likewise, problem-solving techniques with design thinking at the heart has also been added to the course. These are examples of how academia and practice can benefit each other.

## The direct impact of our learning by doing

Students are at the heart of what we do. Ulster University prides itself on its ability to produce work-ready graduates. It is our commitment to make sure our graduates can make the transition from study to the world of work. Placement is integral to this, and we have a strong network of organisations who take students year after year. These relationships help students get the necessary experience and give them relevant discussion points at interview. This experiential learning is further developed with final year students expected to draw on their time in industry to answer pertinent industry-related questions.

**Name:**  
Catherine Hughes  
**Position:**  
Lecturer in Public Health  
Nutrition  
**Faculty:**  
Life and Health Sciences

## How our course or learning space is designed to support learning by doing

Food and nutrition are vital for health and play a key role in the prevention of disease, therefore this is an area that remains high on the public health agenda. We offer undergraduate courses in Food and Nutrition, Dietetics, Human Nutrition and Sports and Exercise Nutrition. Students are taught by academic staff based within the Nutrition Innovation Centre for Food and Health (NICHE) at Ulster University. NICHE is one of the largest nutrition research groups in Europe and is internationally recognised as a centre of excellence for nutrition education and research.

This cutting-edge research is at the core of our teaching, ensuring that we deliver the highest possible student learning experience. During their courses, students conduct a research project under the expert supervision of NICHE staff, thus providing a window into the world of current food and nutrition research. Our courses are delivered in state-of-the-art facilities, using innovative teaching methods and technologies to promote active learning with a practical focus based on 'real-world' scenarios. Students are also taught by a range of external experts from the health service, food industry, and government agencies, who bring specific knowledge and perspectives to further enriching the learning experience. All our courses are accredited by the appropriate professional bodies including the British Dietetic Association (BDA), Institute of Food Science and Technology, Association for Nutrition and the BDA Sports and Exercise Nutrition Register.

## The direct impact of our learning by doing

Our courses are aligned with the competencies of our professional bodies; thus our external stakeholders are assured that our graduates possess the knowledge and skills required to meet employers' needs.

The placement opportunities within our courses provide students with invaluable 'real world' work experience to ensure that they are workplace ready. During placement, students get the opportunity to apply their academic learning to real-life situations and to develop their personal, professional, and transferable skills, enhancing their career prospects.

As a result, our graduates are highly employable and pursue a diverse range of careers including working within the NHS, health promotion, public health, education, research, sports nutrition, and the agri-food sector.

# Technical expertise to make your vision a reality

**When you join Ulster University,  
you will be supported by specialist  
academic teams and highly skilled  
technicians.**

Experts in their field, our technicians apply their skills to bring materials, techniques and state-of-the-art equipment to life, supporting your learning journey every step of the way.

"I was a little nervous in my first pharmacy workshop, but our course technician Nermeen helped me to build my confidence in interacting with patients and encouraged me to be comfortable to make mistakes and try again. She gave me really supportive and constructive feedback during interactive activities such as recording a patient history, taking blood pressure, or working with new medicines. Nermeen even looked after me when I developed an allergic reaction to the gloves used in the lab, and I am so glad that I chose to study at Ulster. I'm looking forward to continuing my studies and to being ready for my future career."

**Fatema Mohammad**  
Pharmacy, Coleraine

Technicians will be there to help you settle into your course as you get to grips with new technologies and resources, support you if you're going on placement, and ensure that you graduate with confidence in the all-important technical aspects of your degree.

"Richard and fellow technicians in the school have been so important throughout my studies at UU. Throughout my studies, Richard's positive 'we'll figure it out' approach to challenges or experimental learning has opened my eyes to so many possibilities. From providing technical and moral support to me and my fellow students as we designed and built a race car, to his involvement in the popular engineering student society on campus, Richard's very practical know-how and guidance encourages me and others to take full advantage of every opportunity, setting us up for success in our chosen subject."

**Harley Stinson**  
Mechanical Engineering, Derry~Londonderry

**Richard Ward**  
Technical Services  
Co-ordinator

**Dr Nermeen Ali,**  
Technician -  
Pharmacy Practice

**Communicate**  
**Connect**  
**Create**  
**Collaborate**

**Ulster University is a leading digital learning innovator, introducing online and blended course delivery over 20 years ago. Since then, we have continued to transform and extend the technology available to students to engage and connect across all our campuses. Ulster University has received recognition for innovative and collaborative uses of digital learning with international and national awards.**

### Accessible learning for all

We prioritise flexibility and inclusion to meet diverse needs; for example, learners access materials in the format that best fits their needs. These include ePub, Beeline, Tagged PDFs, Immersive Reader, mp3 audio files and more.

*"I find the convenience of [the digital space] is ideal for learning and staying connected with both peers and lecturers." – Student*

### Technology to help you succeed

To support learning, students have full access to the complete Microsoft Office365 suite of apps and a single digital space for learning materials. To further enhance the learning journey, a video streaming platform, live webinar and polling apps, and specialist systems for specific programmes are available to students.

Secure high-speed WiFi is available on all campuses, and all university student machines (such as those within libraries and labs) have high-speed wired connections.

"The digital services offered by the university are really helpful. Everything I need is so accessible whether that's contacting my lecturers to accessing my academic calendar, learning materials and assignments online."

**Angela Rillion**  
Language and Linguistics

*"The use of Office 365 provided by the University is really helpful because all my work syncs across my various devices (even if some are Apple and some Microsoft)." – Student*

Your assessments will be submitted, marked and have feedback provided digitally. To best support your academic journey, we have a dedicated online writing provision for detailed feedback on any written submissions, available 24 hours a day, 365 days a year. In addition, dedicated digital support structures for students are available through email and direct telephone lines.

**Your career  
is our priority**

**1,200**

Over 1,200 international companies have a presence in Northern Ireland across a variety of industrial sectors including information and communication technology; advanced manufacturing and engineering; and legal services.

**At Ulster, we place employability at the heart of the student experience and provide all students with the opportunities and support they need to develop into highly employable graduates.**

### Get hired with Ulster

At Ulster, you can expect a degree with hands-on experiences, preparing you to explore, identify and secure exciting career opportunities.

### Personalised service

Benefit from one-to-one specialist advice from our experienced, award-winning employability and careers team. Our Graduate Development Coaches and Consultant teams offer impartial, informed advice and support for all students and graduates, accessible on-campus and online.

### Paid work experience, placements and internships

Access an extensive range of campus jobs, employer placements, internships and graduate jobs. Our one-to-one support will help you search for and secure the right opportunities.

### Get an EDGE with employers

The Ulster EDGE Award will provide you with the perfect opportunities to boost your skills and confidence alongside your degree, receiving official recognition for the completion of accredited extra-curricular activities. From volunteering to leadership training, the EDGE Award gives you the EDGE in the job market.

### Connecting you with local, national, and international career opportunities

From connecting you with local placement employers to introducing you to our global network, you will have a range of opportunities to connect with key employers relevant to your degree area and career interests.

### Careers support after you graduate

The support doesn't stop once you graduate. You will have access to employability and careers support beyond graduation and especially as you continue in professional life and learning.

# Placements to build your career

## Real-world learning

At Ulster, over 2500 students annually engage in subject-specific work-based experiences. A placement experience enables you to put your knowledge into practice, build your professional network, and begin your transition to post university life.

## Placements that work for you

We work with employer and professional body partners to co-design work-based experiences and placements that prepare you for the workplace of the future.

## Opportunities at home and abroad

We will connect you with local, national and global employers who have placement opportunities at home and abroad. Students can explore and secure placements across the globe with recent placement destinations including USA, United Arab Emirates, New Zealand and Australia.

## Professional Placement Qualification

When you complete a paid placement year as part of your degree, you will achieve the Diploma in Professional Practice or Diploma in Professional Practice (International). This ensures you are developing your skills and knowledge in a structured, subject-specific and supported way.

"My name is Rohith Mathew. I'm an undergraduate in my final year of International Hospitality Management, studying at the state-of-the-art new Belfast Campus.

I completed my placement year at the Four Seasons, a leading global premium hotel brand. It was an invaluable year, allowing me to experience what it's like to work at the top of the hospitality industry.

Following the completion of my placement year, I have been offered the opportunity to join the Four Seasons Manager-in-Training programme after graduation.

Without the help of my lecturers and the university, none of these opportunities or experiences would have been possible."

**Rohith Mathew**  
*International Hospitality Management*

Our **Employability and Careers team** is here to support you before, during and after your placement:  
[ulster.ac.uk/employability](https://ulster.ac.uk/employability)

# Study, Work or Volunteer Abroad

Find out more [ulster.ac.uk/goglobal](https://ulster.ac.uk/goglobal)

  @UUGoGlobal

Follow our Go Global Adventures  
[ulster.ac.uk/goglobal/stories](https://ulster.ac.uk/goglobal/stories)

**All students have an opportunity to enrich their university experience through a study, work or volunteer placement across the globe.**

There are opportunities to go abroad for a year, semester, or during the summer; every year, hundreds of Ulster students take the opportunity to travel! No matter what your degree choice, you can take advantage of time abroad while you're studying with us. We have links with over 200 institutions and our students have visited over 30 countries in Europe and across the world. Whether you choose to work, volunteer or study abroad, you will be making unforgettable memories!

- Semester or full-year study programmes. If you complete a full-year study abroad programme, you will receive a Diploma in International Academic Studies (DIAS).
- Academic summer schools at international universities including the USA, France, Spain, Belgium, China and India.

Any student hoping to study or work abroad will undertake a travel preparation exercise, which will be reviewed and assessed for any potential risks. This exercise will ensure that you have foreseen any potential issues that may arise during your time abroad and considered ways of reducing these problems prior to leaving for your placement.

**Over 200 institutions available worldwide for student exchange.**

**Here are our top five reasons to study abroad:**

- Strengthen your existing skills and develop new ones
- Add value to your degree with different classes
- Encounter new cultures and gain life experiences
- Enhance your employability with new perspectives
- Improve your language skills

# World-class innovators

Every day, our cutting-edge research and innovations are making a difference to thousands of people and their communities while developing the careers and industries of the future. You will have access to world-class researchers and academics whose advances and discoveries inform what we teach, giving you the expertise to address the real-world challenges of today.

ULSTER UNIVERSITY  
REF 2021

Find out more  
[ulster.ac.uk/research](https://ulster.ac.uk/research)

**Name: Prof Assumpta Ryan**  
**Position: Professor of Ageing and Health**

**Challenge:** It is estimated that 1 in 3 people born in the UK this year will develop dementia in their lifetime (Alzheimer's Research UK).

**Making a difference by:** My research looks at how best to support people living with dementia and the people who care for them, the experiences of people living with dementia and their carers before, during, and after the move to a care home, and the impact of technology on improving quality of life for people living with dementia and their families.

**Sharing knowledge:** The research we carry out at Ulster ensures students are equipped with the most current knowledge and practices when providing care and support to people living with dementia and their families.

**Make a difference by studying:** BSc Hons Nursing (Adult)

**Name: Dr Amy Burns**  
**Position: Senior Lecturer in Food Business and Innovation**

**Challenge:** As much as 80% of new food and drink products can fail to be profitable within six months of being launched.

**Making a difference by:** My research explores all key areas for launching a successful food and drink product, including product development, sensory science, consumer insight, marketing, and nutritional evaluation.

**Sharing knowledge:** Our modules are made up of research expertise and are aligned with international industry partners to ensure students have considerable theoretical and practical expertise, alongside academic knowledge that prepare them for careers in the field.

**Make a difference by studying:** BSc Food Business and Innovation

**Name: Dr Síle Brennan**  
**Position: Reader of Hydrogen Safety**

**Challenge:** Hydrogen will play a key role as we move towards net-zero emissions. We need to account for its unique properties to ensure it is handled safely.

**Making a difference by:** Research into the fundamental behaviour of hydrogen, particularly when there is a leak, how it spreads, or how fire behaves if the leak is ignited, can be used by engineers to ensure inherently safer systems and to develop and inform guidance and standards.

**Sharing knowledge:** An understanding of fluid mechanics, and heat and mass transfer, is key to our research on hydrogen safety. In teaching, I introduce students to the practical applications of my research in engineering and where the current challenges lie.

**Make a difference by studying:** BEng Civil Engineering

**Name: Dr Leanne McCormick**  
**Position: Senior Lecturer in Modern Irish Social History**

**Challenge:** By understanding the operation of Mother and Baby Homes and Magdalene Laundries in Northern Ireland and uncovering the experiences of those who spent time in these institutions, questions can be raised on if and who should be held accountable today.

**Making a difference by:** From my research and expertise in oral history testimonies, I co-authored the report on Mother and Baby Homes and Magdalene Laundries in Northern Ireland, leading the Northern Ireland Executive to set up a public inquiry into these institutions.

**Sharing knowledge:** With my expertise in oral history interview skills, I draw on best practice to show students how to carry out interviews on sensitive topics and to follow the necessary policies and practices. I impart to students an understanding of how sensitive historical topics inform policy and can transform lives in the future.

**Make a difference by studying:** BA History

## Destination Ulster

# There are so many great reasons to study in Northern Ireland

### A home from home

Northern Ireland is famed for being a friendly, affordable and safe place to study, so whether you are coming to Northern Ireland for the first time, or have lived here all your life, you can be sure you'll enjoy one of the best student lifestyles in the world.

### Wallet friendly

Northern Ireland has the lowest student cost of living in the UK (National Student Money Survey 2023). Students studying in Northern Ireland enjoy low rents and affordable living expenses including inexpensive nights out.

### The great outdoors

You're never far away from an amazing experience in the great outdoors. From sea to mountain, there are lots of opportunities for surfing, canoeing, cycling, and hiking in some of the most beautiful countryside you will ever see.

### Arts and culture

Northern Ireland is as culturally rich as it is beautiful. We boast lots of free museums, festivals, music, and art, so you'll never be short of something to see and do.

### Great food

From local delicacies to international cuisine, every taste is catered for. Experience our local markets to taste food directly from our local farms and harbours or join the queue for the latest it-food.

### Fantastic Nightlife

Live music, affordable clubbing, a vibrant LGBTQ+ scene and friendly community make Northern Ireland a great place to enjoy a memorable night out and have 'great craic'.

### Connected

Northern Ireland is easy to get to, and easy to get around. The two main cities of Belfast and Derry~Londonderry are connected by road and rail, and there are plenty of ways to visit other areas of the country, Great Britain, and Europe.

### Parent and family friendly

There's plenty to do when your family comes to stay. Visit filming locations for popular TV shows like Game of Thrones, Line of Duty or Derry Girls, go to the Giant's Causeway World Heritage Site, stand in the spot where the Titanic was built, or relax and catch up over a leisurely meal.

# Life on campus

## Campuses you'll love

We are one University with three distinct campuses across Northern Ireland in Belfast, Coleraine, and Derry~Londonderry, as well as our Ulster University Sports Village, Jordanstown. While each campus differs in size and has its own distinctive atmosphere, you can be sure that wherever you choose to study, you will have a fantastic student experience.

## Getting to Northern Ireland

With direct flights from over 40 destinations, and the international hubs of London and Dublin close by, Northern Ireland is easy to reach from anywhere in the world. Fast ferries running multiple times each day from the ports of Belfast and Larne will get you to Scotland and England, and Wales can be reached from Dublin.

# Campuses at the heart of your university experience

**We are committed to delivering campus-based education through the creation and nurturing of vibrant campus spaces and communities. Alongside our significant investment in learning spaces and technologies, we are creating social spaces to foster life-long friendships and communities. Whilst each of our three campuses have their own unique features, they are all guided by our commitment to unlock your full potential.**

## Our campuses are designed to:

- Deliver active learning experiences which mirror industry facilities and technologies
- Promote peer-to-peer collaboration
- Support the learning styles of all, from quiet spaces to bustling studios
- Nurture learning communities that work alongside, and are inspired by, our research communities
- Provide access to digital equipment to support your studies, including laptops
- Build inclusive, welcoming and accessible social spaces and environments that create a sense of belonging
- Provide access to teaching and learning spaces for all

## One university, three campuses, open to all

Together, Derry~Londonderry, Coleraine and Belfast unite to deliver the Ulster University student experience. Each campus informs and inspires the learning and social experiences of its sister campuses. The most innovative features of our Derry~Londonderry and Coleraine campuses have inspired our Belfast teaching experience, which will in turn inspire future advances at both Derry~Londonderry and Coleraine.

**The best bit is our campuses are open to all our students regardless of their home campus.**

## Derry~Londonderry

This campus has been helping individuals to reach their full potential since 1865. From its foundation, Derry~Londonderry has championed the arts, culture, and society. Building on its spirit of creativity and helping others, our campus is also a high-tech hub for health and innovation. The diverse range of courses here include business, law, nursing, sport, music, drama, education, computing, and engineering.

## Coleraine

Our jewel on the north coast, our Coleraine campus combines the natural environment with world-leading teaching and research facilities—both in and out of doors. This campus is the epitome of active learning with clinics open to the public, a fully operational newsroom, and the ultimate outdoor classroom, the Research Vessel Laconia. Courses at our Coleraine campus focus on health, the environment, hospitality, and communication.

## Belfast

Our largest campus is situated in the artistic and cultural centre of the city, the Cathedral Quarter. Incorporating the best of Derry~Londonderry and Coleraine, Belfast is a creative, innovative, and vibrant environment which has been designed as a 'campus community within a building'. The campus accommodates 15,000 students and staff who benefit from purpose-built active learning and research spaces, alongside social destinations.

# Derry~Londonderry

## City Living

**Our Derry~Londonderry campus is located in the heart of Northern Ireland's second city, the capital of the North West. Situated where the Wild Atlantic Way meets the Causeway Coastal route, and only a short distance from idyllic County Donegal.**

Derry~Londonderry offers a city campus with a friendly vibe. Impressive, historic buildings such as our iconic Martha Magee building blend perfectly with our modern state-of-the-art teaching blocks and library facilities, including our new School of Medicine.

Our new Sports Yard that sits alongside the newly refurbished School of Health Sciences provides active spaces to enhance student wellbeing and experience in Derry~Londonderry.

The City of Derry is famous for its festivals, including the Foyle Film Festival, Halloween celebrations, Maritime Festival, and Derry Jazz and Big Band Festival. The vibrant nightlife is complemented by a wide range of cultural venues and activities, and the city's fame has spread thanks to the popular TV show Derry Girls. Alongside being one of the most affordable places to live in the UK, the friendliness of the people of Derry~Londonderry will make your student experience truly "Legenderry".

## Coastal Living

### Living on the North Coast

**Situated on the banks of the River Bann and just three miles from the bustling seaside towns of Portrush and Portstewart, our Coleraine campus is an outdoor lover's dream.**

Coleraine is a self-contained campus just outside the town centre, with great transport links across the North Coast to Belfast and Derry~Londonderry. The beautiful campus includes the Riverside Theatre, a state-of-the-art sports complex, a woodland heritage trail, and health support including a model pharmacy and working optometry clinic which offers free student eye tests.

#### ...by train

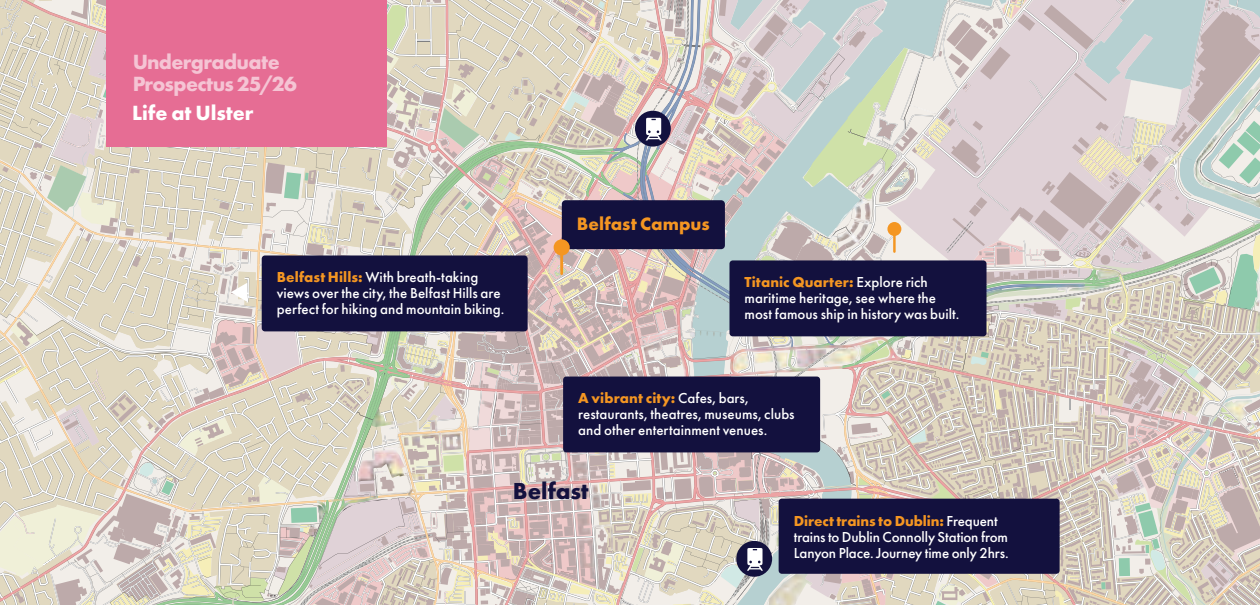

Belfast 1 hr 30mins  
Derry~Londonderry 40mins

Our on-campus student accommodation options overlook the River Bann and are close to the UUSU Bar and social spaces.

Many students take advantage of the campus's proximity to the coast and live in the seaside towns of Portrush and Portstewart.

The Atlantic coast offers opportunities for surfing, body boarding, and lots of other water sports. The Giant's Causeway World Heritage Site, Game of Thrones' filming locations such as the Dark Hedges and Ballintoy Harbour, and Carrick-a-Rede rope bridge are must-see attractions within easy striking distance of campus. The area is famed for its sporting credentials, hosting both the Open Golf Championship and the North West 200 motorcycle festival.

# Belfast

## City Living

### Living in Belfast

**Delivering a city university experience, our Belfast campus is located within Belfast's Cathedral Quarter, the cultural centre of the city.**

Belfast is a relatively small city, so you will find it easy to get around on foot. Designed for sustainable travel, the campus can be easily accessed from the surrounding neighbourhoods via foot, bike, public transportation, or road links to towns throughout Northern Ireland.

Belfast is home to a bustling social and cultural scene, both in and out of doors. Our love of food, music and craic is synonymous with Belfast, bringing millions of visitors to the city each year.

Belfast's history, present and future is captured from each window of our new campus building. Belfast's architecture is an eclectic mix of industrial buildings, homey terraces, family homes and a couple of skyscrapers. Belfast is an area of outstanding natural beauty and is peppered with, and surrounded by, parks and outdoor spaces.

# Ulster University Sports Village, Jordanstown

**Ulster University Sports Village is a hub for sport excellence in Northern Ireland, and home to the University's world-class indoor and outdoor facilities.**

From elite athlete performance support, club training, research-backed sports education, and a host of local, national and international sports competitions, you will find a hive of activity located just seven miles from our Belfast campus.

The Sports Village also offers students quality accommodation with a focus on student wellbeing, offering a quiet, green location close to the Belfast Lough Shore and village shops.

## Belfast Sport Courses

Students who are studying a sports degree will benefit from classroom teaching on our Belfast campus and practical lectures at our Sports Village.

"There are loads of ways to get involved in sport at Ulster University. I am part of the camogie team which has given me the opportunity to meet new people outside class and train and make friends with people who share my love for sport."

# Make yourself at home

Choosing where you live can be just as important as deciding on the course to study at Ulster University.

## 6 reasons to stay in university accommodation

- 1 Your social calendar is sorted**  
From trips to Ikea, nights out and bake-offs, there's always loads going on – a great way to meet new people and feel at home.
- 2 It helps you budget**  
Bills are included in your rent – utilities, Wi-Fi and housekeeping are all covered.
- 3 There's space to hang out**  
With student hubs and outdoor spaces, you won't always be stuck in your room.
- 4 You get support when you need it**  
From changing a light bulb to student wellbeing, our Resident Assistants (all current students) are here to help you.
- 5 It's a safe place to be**  
With 24/7 security, CCTV and control over who enters your space, you and your belongings will be safe and secure.
- 6 A great location is guaranteed**  
All our accommodation is located on or close to our three campuses.

## Accommodation guarantee

We guarantee all first year students who have made Ulster their first choice a place in one of our halls.\*

\* Accommodation must be booked by 7 July (14 August for International students).

Image: An example of our Belfast accommodation

## Our award-winning accommodation has:

- Self-catering facilities
- High-speed Wi-Fi
- Laundry services
- Access to gym facilities
- Student hubs for socialising

"I am currently staying in halls and am loving every minute of it. My flat mates have become my best friends and it has made the move to uni a much easier and smoother experience. I have already made lifelong memories I will carry with me."

**Caitlynn-Rose Hawthorne**  
*Business with Specialisms*

## Coleraine Accommodation Campus living

Cranagh Village, Errigle, Knocklayde and Maple Lodge are a mix of ensuite apartments and five and six bedroom houses with shared bathrooms, communal kitchen and living areas. Studio apartments available. Everyone has access to car parking and bike storage.

### Within walking distance to campus

5mins walk to train station | 10mins drive to Portrush or Portstewart | 1hr 10mins drive to Belfast

## Belfast Accommodation City centre living

Brand new, state-of-the-art accommodation in 123 York St and LIV building adjacent to the campus. Ensuite apartments, studio, and twin apartments. Everyone has access to the indoor and outdoor communal spaces available.

## Be part of 'Team Ulster'

Whether you want to play social or competitive sport, you can join one of our 70+ clubs to make memories, break records, and be part of something special during your time at Ulster. From sub-aqua, canoeing, mountaineering, Taekwondo, Gaelic football and rugby, to boccia, adapted and wheelchair basketball, we have sports you can learn, play and compete in.

## Performance Sport

At Ulster University we are passionate about performance sport and helping people fulfil their potential. We have tailored student support programmes to increase performance levels of individuals and teams, to maximise competitive success and enhance your student experience at Ulster University.

## Talented Athlete Entry Scheme

We understand the dedication and commitment it takes to compete at the highest level. Long hours of training, intense regimes and competitions can sometimes mean a sacrifice in examination performance. Our Talented Athlete Entry Scheme is designed to support and nurture aspiring athletes by reducing the entry grades required for full-time undergraduate courses.

## Fantastic Facilities

Whether you are an athlete or a complete beginner, you can benefit from our excellent sporting and gym facilities at affordable student rates. Choose between unlimited full annual membership and pay-as-you-go options. Our sports centres have it all, including state-of-the-art fitness studios, a wide range of classes, and multi-sport indoor and outdoor facilities, all supported by fully trained fitness staff.

## Your Student Voice

We are a member-led organisation, run by students for students and led by a team of seven elected student officers. We represent the student population within the University, locally and regionally, ensuring your voice is always heard.

## How do we support you?

- In partnership with your University, we have a valued and responsive structure of academic representation.
- Course, School, Department and Faculty Representatives all work to resolve the day-to-day issues you may encounter at the earliest possible opportunity.
- Students elected to Student Council represent the collective student opinion on everything impacting your learning experience.
- The UUSU Advice Bureau team provide a free, confidential, independent advice service to students who need support on academic, housing or wellbeing issues.

## Your Student Destination

You can access all the benefits of your membership of UUSU at our three campus locations or online at [UUSU.org](https://www.uusu.org).

## How you can support others? Sports for fitness and fun

If elected to Student Council, you can use your voice to set our direction and campaign for the change you want to see on and off campus.

## Your Student Destination

You can access all the benefits of your membership of UUSU at our three campus locations or online at [UUSU.org](https://www.uusu.org).

## Find your tribe with UUSU Societies

We have over 100 student-led societies across all our campuses. They are a great way to meet new people or try something new. They also give you valuable experience and skills to enhance your CV.

If you have a specific interest or passion, we can help you set up your own society!

## Join the Party

From registration to graduation, our activities team give you plenty of opportunities to socialise both on and off campus. They put on student nights, comedy gigs, acoustic sessions, and can help you create your own events.

Once you register to study with us, you automatically become a member of the

Benefiting from Ulster University's sports facilities, UUSU have over 70 sports clubs and teams, including Disc Golf, Sub Aqua, Squash, Golf, and Taekwondo. You can get involved in sport at any campus, it doesn't have to be the campus where you are studying.

## Volunteer with UUSU

We work closely with several external organisations to deliver exciting and rewarding volunteering opportunities during your time at Ulster.

Find out more:

"I love being involved as much as possible with university life, from being a student mentor and campus navigator to running the dance society with my best friend. My aim is to participate in as much as possible and take every opportunity given to me during my final year here at university."

Stephanie Lindsay  
Fine Art

**We are here for you every step of the way**

**University life is exciting and a big change with new studies, new living situations, and new friends. We will support and guide you so that you can enjoy life at Ulster University to the fullest and have the best student experience possible.**

## University life

We offer lots of ways for you to connect with others, get active, learn new things, and settle into university life, along with giving you the opportunity to help fellow students. These are just some ways that you can start to build for yourself a healthy, engaging and productive life as a university learner. And if at any point things feel a bit too much, or you are concerned about anything, our Student Wellbeing team is always on hand to offer free, professional, confidential and accessible services in a number of areas.

## Your mental health and wellbeing

Student life can bring new opportunities and new challenges. The Student Wellbeing team provide support, advice and counseling services for students on a range of issues including, dealing with stress and anxiety, money management, motivation, relationship issues, and self-care. We can help you take care of your mental health and wellbeing so, if you have any concerns, talk to us.

Every UU student can access free and confidential counselling support from our counselling provider, as well as having access to a 24-hour counselling helpline and an online support hub. Contact Student Wellbeing for more information.

## Disability support

If you have a disability such as dyslexia, autism, mobility impairment, a mental health condition or long-term illness, or if you have additional study needs that you have received help with previously, the Student Wellbeing team can help you. We will remove barriers to help you with your studies as well as guidance on any additional funded disability

support available to you. If you are from NI/GB, you may be eligible to apply for Disabled Students' Allowance through Student Finance which will pay for assistive technology software and/or equipment, as well as non-medical help support providers. Please disclose your condition in your application to study, or by contacting Student Wellbeing directly, so we can work with you to meet your needs.

## Money matters

If you are concerned about your finances as a student, we have money advisers who will help you develop a budget and manage your money so you can live within your means while studying. We can also provide guidance and information on other student money concerns such as accessing student loans, bursaries, and access to financial support, such as hardship loans and grants.

Adult Nursing

# Support for parents and guardians

**We understand that this can be an exciting but anxious time as you prepare your family member for their next chapter. We want to let you know that we are here to support you all through every stage of your research, application, and their future enrolment at Ulster.**

## A guide for parents and guardians

We have created a useful guide to walk you through the process of what to consider when choosing university, and critical milestones and dates.

### Key areas covered:

- Is university right for them?
- Choosing the best university for your family member
- Fees and finance
- Applying to university
- Why Ulster is a great University and an excellent choice for the next stage of their education

## How we support pupils and schools

Working with Careers Teachers and Principals, we have a team of recruitment officers who visit local schools to provide careers and university advice from Year 10. As your child enters Year 13, we are on hand to offer advice on how to complete their application, including personal statements.

## Helping them to uncover their passions

Our Ulster University Discovery Academy is a Virtual Learning Environment which enables pupils from Year 8 to Year 13 to explore subject areas with fun, interactive sessions, helping learners decide whether a particular subject is right for them by allowing them to try out activities in advance.

Visit [ulster.ac.uk/schoolsacademy](https://ulster.ac.uk/schoolsacademy) to explore.

## Before you apply

### Open Days

- Your introduction to Ulster University, the courses and support teams. Open Days are a fantastic opportunity for your family member to get a feel for the people, place and vibe of UU

### Course Events

- An opportunity to delve deeper into courses, meet other prospective students and get to know the teaching team

## Once you receive your offer

Applicant Events - Your chance to learn more about your course and what your day-to-day life at Ulster could be.

## Meet us

Throughout the year, we run a series of events where you can experience life at Ulster. You can find out more at [ulster.ac.uk/events](https://ulster.ac.uk/events)

## We're here to answer your questions:

Admissions help including entry requirements

# Support for international students

Ulster welcomes international students from over 70 countries across the globe. Our dedicated web pages for international students explain everything you need to know about applying and studying at Ulster and living in Northern Ireland.

## Help during your application and before you arrive

As you work through your application, we are here to help answer your questions on:

- Academic entry requirements and equivalence English language requirements including acceptable tests
- We also hold regular webinars on applying to UU

Once you have accepted your offer from Ulster, we are here to help you plan your arrival, with help on:

- Accommodation and where to live
- Pre-arrival information including how to get here

## Free and confidential immigration advice

Our Compliance Team is available to help with visa and immigration requirements before and during your studies with us, including:

- How to apply for your Student Visa
- How to remain compliant with the conditions of your Student Visa
- How to extend your Student Visa, or apply for a Graduate Visa

[ulster.ac.uk/global/visa-immigration](https://ulster.ac.uk/global/visa-immigration)

## Welcome Week

When you first arrive in the UK, you may be unfamiliar with aspects of life and study in the country. The aim of Welcome Week is to provide you with this information, as well as the opportunity to meet other new international students. More information will be available online closer to the event.

We're here to help you settle into university life and living in Northern Ireland.

- Pick-up service from local airports
- Information sessions
- Meet the academic teams and support staff
- Social events

[ulster.ac.uk/global/pre-arrival](https://ulster.ac.uk/global/pre-arrival)

## Visit our international web pages for details on:

- Dates when Ulster staff may be visiting your country
- Advice on visa and immigration matters, working in the UK and other key issues
- Accommodation
- English language support
- Fees, funding, and international scholarships

## Come and meet us in your country!

We regularly attend fairs and events world-wide and hold WhatsApp events where you can ask questions.

[ulster.ac.uk/global/events](https://ulster.ac.uk/global/events)

# Study Part-time

## Studying part-time is a great option for students who want to combine learning with other personal and professional commitments.

You can build your knowledge and expertise by studying at a pace that suits you, while gaining the qualifications required to support your future plans. 'You'll benefit from the full student experience at Ulster University, whilst being encouraged and supported by our teaching team during your studies' - Kim Boyles, Business Studies part-time.

### Complete your degree on your timeline

At Ulster, we understand that everyone's circumstances are different, and studying part-time may be a better fit for some students. We don't have a set duration for a part-time degree - you can choose how many modules you wish to study in any given year. It may take a little longer to achieve your degree, but it means you can study around a timeline that suits you.

### Degrees designed to meet your needs, and the needs of industry!

We have over 100 part-time degrees across a wide range of subject areas, all designed with convenience and flexibility in mind. We've worked in close collaboration with employers and professional bodies to develop a portfolio of part-time courses that are professionally relevant and meet industry standards. Browse our part-time degrees at [ulster.ac.uk/study/part-time/undergraduate](https://ulster.ac.uk/study/part-time/undergraduate).

Find out more about studying part-time at [ulster.ac.uk/study/part-time](https://ulster.ac.uk/study/part-time)

### Tuition fee loans available

If you enrol on a part-time undergraduate course in 2025/2026, you may be eligible for a tuition fee loan. Depending on residency, further information can be found using the below web links:

- For NI/ ROI students, please refer to [studentfinancenri.co.uk/types-of-finance/undergraduate/part-time](https://studentfinancenri.co.uk/types-of-finance/undergraduate/part-time)
- For GB students, please refer to [gov.uk/student-finance](https://gov.uk/student-finance)

### Student support

As an Ulster student, you will have access to a wide range of services to help you every step of the way. From career advice to accessing financial, wellbeing and disability support, we will be there to guide you throughout your studies.

"Part-time study is an excellent opportunity for those already working, who have a family or any other situation. The University will provide any support needed and experienced advisers will guide you through the application process. Yes, it might be challenging, but it will be worth it!"

Ilona Tanaga  
Part-time Student

## Accounting (Pathways)

UCAS  
N400

**BSc Hons**

Belfast

### Full-Time

3 year FT degree or 4 year with placement year

Our Accounting Pathways degree is uniquely designed so that you can learn the core principles of accounting with the opportunity to specialise in those areas most required by the fast-growing Professional Services industry: forensic services, financial economics, or management.

### I Will Learn

- Financial accounting and the concepts underpinning corporate financial reporting; management accounting and how the management accountant can facilitate business decision-making.
- The broader context of the economy and an understanding of key principles including accounting law, taxation, corporate finance, governance, risk, and ethics.
- A tailored curriculum resulting in a final degree in Accounting, Accounting (Forensics), Accounting (Financial Services), or Accounting (Management Consulting).

### Hands-on Experience

- Tackle real-life projects using Bloomberg industry software, imitating the type of work you will encounter when you graduate.
- Our course has been designed with industry leaders and is taught by professionals with specialist and global experience, and links to key employers.
- Apply your knowledge in the workplace or a new economy through optional one-year work placement or study abroad programme.

### Career Opportunities

- Professional Accountant
- Tax Advisor
- Forensic Accountant
- Management Consultant
- Business Analyst Auditor

You must complete professional body exams to become a professional accountant. This degree can give you the maximum exemptions possible.

### Why Ulster?

Accredited by Chartered Accountants Ireland, Association of Chartered Certified Accountants, Institute of Chartered Accountants in England and Wales, and Chartered Institute of Management Accountants.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB or BBC\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Accounting and Finance

UCAS  
NN44

**BSc Hons**

Derry~Londonderry

### Full-Time

3 year FT degree or 4 year with placement year  
Degree Apprenticeship (HLA) option available

A unique accounting and finance course enabling you to take your first steps to become a future business leader.

### I Will Learn

- Financial and management accounting, finance, taxation, economics, analytics, and key principles including corporate law, governance, ethics, sustainability and strategy.
- Analytical problem solving, teamwork, the ability to undertake research, commercial awareness, and the ability to organise and communicate information.
- A tailored curriculum resulting in a final degree in Accounting and Finance, in addition to practical exposure to data analytics tools and software.

### Hands-on Experience

- Learn through real-life projects imitating the type of work you will be doing when you graduate.
- Our course has been designed with industry leaders and is taught by professionals with specialist and global experience.
- Choose a placement year to build up work experience for your CV.

### Career Opportunities

- Chartered Accountant/Chartered Certified Accountant
- Management Accountant
- Financial Controller
- Business Analyst
- Chartered Tax Advisor
- Business Management

You must complete professional body exams to become a professional accountant. This degree can give you exemption from full CAP1 and up to and including all ACCA Applied Skills Papers.

### Why Ulster?

Accredited by globally recognised Chartered Accountants Ireland, Association of Chartered Certified Accountants and Chartered Institute of Management Accountants.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Accounting and Law

UCAS  
NM41

**BSc Hons**

Belfast

### Full-Time

4 year FT degree or 5 year with placement year

Designed so you can gain both a qualifying law degree and maximum exemptions from professional accounting bodies. You will gain an in-depth knowledge of both law and accounting whilst acquiring specialist knowledge in forensics, taxation, litigation, business recovery, and law.

### I Will Learn

- Financial accounting and the concepts underpinning corporate financial reporting; management accounting and how the management accountant can facilitate business decision-making.
- How law protects citizens; human rights, access to justice, counter-terrorism measures, freedom of speech, right to privacy, Brexit.
- To apply knowledge in the workplace through optional one-year work placement or study abroad programme.

### Hands-on Experience

- Tackle real-life projects using industry software, imitating the type of work you will encounter when you graduate.
- Our course has been designed and is taught by professionals with specialist and global experience, and strong links to the professions.
- Access to our award-winning Ulster Law Clinic, the Legal Innovation Centre, and the globally recognised Transitional Justice Institute.

### Career Opportunities

- Accountant
- Forensic Accountant
- Tax Advisor
- Solicitor
- Corporate Law Specialist
- Barrister

You must complete professional body exams to become a professional accountant and the Certificate of Professional Legal Studies to become a solicitor or barrister.

### Why Ulster?

Accredited by Chartered Accountants Ireland, Association of Chartered Certified Accountants, Institute of Chartered Accountants in England and Wales, and Chartered Institute of Management Accountants. Recognised by the Law Society of Northern Ireland (LSNI), Solicitors Regulation Authority (SRA), and accredited by the Bar Standards Board.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBB\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Accounting and Marketing

UCAS  
NN45

**BSc Hons**

Derry~Londonderry

### Full-Time

3 year FT degree or 4 year with placement year

A flexible degree providing you with a solid foundation in the accounting and marketing aspects of business. You will study the fundamentals of accountancy and marketing, with the opportunity to specialise in areas that best match your personal interest and career aspirations.

### I Will Learn

- Elements of accounting, economics, taxation, audit, and assurance.
- Management, business law, consumer behaviour, international marketing, and digital strategy.
- Creative thinking, project management, strategic planning, business start-up, problem-solving, and interpersonal skills.

### Hands-on Experience

- Tackle real-life projects imitating the type of work you will encounter when you graduate.
- Our course has been designed with industry leaders and is taught by professionals with specialist and global experience.
- Choose a placement year to build up work experience for your CV.

### Career Opportunities

- Qualified Accountant
- Financial Analyst
- Management Accountant
- Marketing Officer
- Marketing Analyst
- Digital Marketing Executive

You must complete professional body exams to become a professional accountant. This degree gives you exemptions from financial accounting, management accounting and law.

### Why Ulster?

Accredited by globally recognised Chartered Accountants Ireland, Association of Chartered Certified Accountants and Chartered Institute of Management Accountants.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

### Accounting with Computing

UCAS  
N422

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree or 4 year with placement year

Accounting with Computing offers you the opportunity to take accounting as a major subject with computing as a minor subject. By studying Accounting as a major you will develop skills in financial accounting, management accounting, digital accounting and analytics and audit. By studying Computing as a minor, you will develop skills in managing business' computer hardware, network operations and cyber security.

#### I Will Learn

- Financial accounting, management accounting, financial reporting, auditing, and sustainability reporting.
- Concepts associated with preparation and communication of financial information, digitalised accounting, and analytics.
- System analysis and design, computer networks and security.
- Theoretical concepts of clouding computing and modern networked operating Systems, as well as gaining a sound understanding of knowledge management.

#### Hands-on Experience

- Option of a paid placement year in a range of local and international locations, allowing you to apply learning in a "real world" setting, leading to the award of the Diploma in Professional Practice.
- Option to study abroad for a year, leading to the award of the Diploma in International Academic Studies.

#### Career Opportunities

- Trainee Accountant
- Graduate Management Role
- Auditor
- Cybersecurity Analyst
- IT Auditor
- Network Administrator

#### Why Ulster?

This course is accredited by the Chartered Institute of Management Accounts (CIMA), the Association of Chartered Certified Accounts (ACCA) and Chartered Accountants Ireland, for the purpose of exemption from professional exams.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements

**A Level:** BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

### Accounting with Education

UCAS  
N421

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree or 4 year with placement year

Accounting with Education offers you the opportunity to take accounting as a major subject with education as a minor subject. By studying Accounting as a major you will develop skills in financial accounting, management accounting, digital accounting, analytics and audit. By studying Education as a minor, you will develop skills in contemporary educational issues, inclusive educational practices and learning and teaching with technology.

#### I Will Learn

- Financial accounting, management accounting, financial reporting, analytics, auditing, and sustainability reporting.
- How to present, analyse, and communicate accounting information to assist managers and business owners to plan, make decisions and measure performance.
- Contemporary educational issues, inclusive educational practices and approaches to teaching and learning which facilitate an effective learning environment, including in multicultural educational settings.

#### Hands-on Experience

- Opportunity to undertake an industrial placement, either locally or internationally, where you will contribute to the development and delivery of a live project, leading to the award of the Diploma in Professional Practice.
- Opportunity to study abroad for a year, leading to the award of the Diploma in International Academic Studies.

#### Career Opportunities

- Trainee Accountant
- Auditor
- Accounting Educator
- Training and Development Specialist

#### Why Ulster?

This course is accredited by the Chartered Institute of Management Accounts (CIMA), the Association of Chartered Certified Accounts (ACCA) and Chartered Accountants Ireland, for the purpose of exemption from professional exams.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements

**A Level:** BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

### Accounting with Management

Apply  
online at  
[ulster.ac.uk](http://ulster.ac.uk)

**BSc Hons** Belfast

**Part-Time**  
Degree Apprenticeship (HLA) option available

Preparing you for success within the growing areas of accounting and professional services, this course has a focus on accounting, with the flexibility to study management modules to support your interests and career aspirations.

#### I Will Learn

- Elements of accounting, economics, taxation, risk management and audit and assurance.
- Analytical and problem-solving skills, through the study of the theory and practice of accounting and management.
- In your final year you can choose from a variety of optional modules including modern taxation, auditing, forensic accounting, cybercrime and forensic technology.

#### Hands-on Experience

- This course has been designed with industry leaders and is taught by professionals with specialist and global experience and links to key employers.
- Opportunities to learn from local businesses and visiting lecturers.
- In addition to academic qualifications, many accounting lecturers have professional qualifications and previous experience in professional practice and/or commercial business.

#### Career Opportunities

- Professional Accountant
- Tax Advisor
- Professional Manager
- Business Consultant
- Business Development
- Business Operations

You must complete professional body exams to become a professional accountant. This degree can give you exemptions from some professional examinations.

#### Why Ulster?

This course is accredited by Chartered Accountants Ireland, Association of Chartered Certified Accountants, Chartered Institute of Management Accountants, and Bar Standards Board.

#### Part-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

### Animation

UCAS  
WW26

**BDes Hons** Belfast

**Full-Time**  
3 year FT degree or 4 year with placement year

Fuelled by new distribution methods and technologies, animation is a rapidly evolving global industry where creativity, illustration, and technology combine. This practical, studio-focused course equips you with specialist skills in computer animation for games, VFX, feature and TV animation.

#### I Will Learn

- The principles of animation, design, storytelling and the history, practice, and theory of screen and virtual production.
- Animation strategies; prototyping, evaluation, and refinement of design.
- The creative and technical process using industry-standard software to create engaging computer animations including character animation, 2D and 3D design, and narrative design.

#### Hands-on Experience

- Work on live industry projects to gain essential work-based learning experience.
- Build your portfolio, CV, and industry contacts through international competitions and animation festivals including Animation Dingle Festival and Dublin Film Festival.
- Experience life as a professional in the creative industries with an optional placement year.

#### Career Opportunities

- Character Animator
- Concept Artist
- Modeler
- Visual FX Artist
- Technical Director
- Storyboard Artist

#### Why Ulster?

Learn from highly experienced practitioners and academics within specialised facilities equipped with industry-standard 2D and 3D software.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

**Portfolio submission required.**

## Architectural Engineering

UCAS  
J1H1

**BEng Hons/MEng Hons**

Belfast

**Full-Time/Part-Time**

4 year FT degree (5 years MEng) including placement year

Learn how zero carbon/low energy engineering creates sustainable, safe, healthy and comfortable internal building environments. The award-winning BEng/MEng Hons Architectural Engineering programme has been designed for innovative individuals with an interest in how buildings work. The course aims to meet the increasing demand for skilled engineering graduates with the expertise and knowledge to deliver energy conscious and environmentally sustainable solutions for buildings.

### I Will Learn

- An understanding of the total building concept through an integrated design approach.
- The design of heating, cooling and ventilation systems for buildings, electrical and energy supply, and water supply and disposal.
- How to create zero carbon/low energy, healthy buildings, fit for tomorrow's society.

### Hands-on Experience

- You will complete a placement year to give you valuable experience of working within a building design setting.
- Our research expertise and close relationships with major employers means our course content is relevant to the industry.
- Practical lab and project work give you the chance to replicate real-world building design.

### Career Opportunities

- Design Engineer
- Design Consultant
- Energy Manager
- Facility Manager
- Project Engineer
- Research Engineer

### Why Ulster?

Accredited by the Chartered Institution of Building Services Engineers (CIBSE) and the Energy Institute (EI).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the 2 subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** If not offering A or AS Level Maths, a GCSE Maths Grade B/6 GCSE is required.

## Architectural Technology and Management

UCAS  
K235

**BSc Hons**

Belfast

**Full-Time**

4 year FT degree with placement year

Architectural technology is the technical side of architecture, focusing on the science and performance aspects of architectural design. The course provides a broad knowledge base of architectural technology including architectural design, digital construction and information management, materials, building science and technology and statutory requirements.

### I Will Learn

- How to design efficient and effective buildings that perform and endure over time.
- The theory and practice related to Building Information Modelling (BIM) and emerging digital construction processes.
- The roles and responsibilities of architectural technology professionals in an evolving sector.

### Hands-on Experience

- A work placement year gives you the chance to see how the theory is applied in industry.
- Technical design, problem solving, industry-led assignments, and studio, laboratory, and field work.
- Final year research and design projects give you the chance to focus on issues which are highly relevant to the modern construction industry.

### Career Opportunities

- Architectural Technologist
- Digital Construction Roles (BIM)
- Specialist Technical Roles
- Design Manager
- Low Energy Designer
- Project Management

### Why Ulster?

We are ranked top 5 in the UK for Building in both Times Good University Guide 2024 and Complete University Guide 2024). Accredited by the Chartered Institute of Architectural Technologists (CIAT) and sustained graduate success in the International CIAT Awards.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Architecture

UCAS  
K100

**BA Hons**

Belfast

**Full-Time**

3 year FT degree

Architecture at UU is where science meets art - 'The Best of Both Worlds'. Students are inspired and challenged to create the buildings of the future through our unique SuperStudios: a learning experience which reflects architectural practice and provides a great career start.

### I Will Learn

- About the complex and changing nature of architecture, urbanism and landscape, and its impact on society and culture.
- History of art and architecture, drawing methodologies and 3D model-making, technical design, environmental strategies, and professional skills.
- Why sustainability and climate change considerations are vital prerequisites for the design of buildings and urban communities.

### Hands-on Experience

- Students have one-on-one teaching by award-winning architects, local practitioners, and visiting professors from national and international universities.
- Assessment is 100% coursework (no written examinations). Importance is placed on the final portfolio submission which includes all the student's work that year.
- Opportunities to study abroad for a year at a European Architecture School as part of our Erasmus programme.

### Career Opportunities

- Architect
- Urban Planner
- Project Manager
- Design Manager
- Landscape Designer
- Building Control Officer

To register as a Chartered Architect, you will need to complete a Masters in Architecture (MArch) and Professional exams.

### Why Ulster?

This course is accredited by the Architects Registration Board and the Royal Institute of British Architect.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**For applicants without GCSE Art & Design or Art at grade B or higher, a portfolio will be required.**

## Art and Design (Foundation Year for Specialist Degrees)

UCAS  
WW1F

**Diploma**

Belfast

**Full-Time**

1 year FT

Learning from core and specialist tutors, this one-year intensive, practice-based programme explores a range of art, design, and digital design approaches and disciplines to enable an informed subject choice for undergraduate degree pathways.

### I Will Learn

- A range of practical, academic, and research skills across art, design, and digital design discipline areas.
- To explore drawing from many different approaches including drawing from life, alternative means of drawing and making, and interpreting visual information from many sources.
- How to research and become a critical thinker, examining history, theory and contemporary practice, informing chosen studio practice specialism.

### Hands-on Experience

- Participate in specialist skills workshops and contextual seminars exploring the role of art, design, and digital design in the world around you.
- Showcase your work at the end-of-year show to an audience including our network of national and international professional bodies.

### Career Opportunities

- Artist
- Gallery Manager
- Art/Design Technician
- Art/Design Writer
- Designer
- Teacher

Completion of this course enables automatic progression to related undergraduate art and design degree courses at Ulster.

### Why Ulster?

The Belfast School of Art has an enviable track record of award-winning students including three Turner Prize winners.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CC

**Portfolio submission required.**

## Artificial Intelligence

UCAS  
GA50

### BEng Hons

Derry~Londonderry

#### Full-Time/Part-Time

4 year FT degree including placement year

Artificial Intelligence (AI) can bring major social and economic benefits by automating tasks currently done by humans in sectors like health, finance, and manufacturing. Employers need skilled AI professionals to work in this exciting and fast-developing field.

#### I Will Learn

- The theory and principles of AI, which include computer science, mathematics, programming, and software engineering.
- Programming languages to produce AI and machine learning algorithms.
- How to analyse problems, reason a solution, and represent the knowledge using suitable AI methods and techniques.

#### Hands-on Experience

- You will complete a one-year placement within the IT sector to learn how to apply and develop your knowledge.
- Our team are leaders in the field of AI for over 25 years, which brings vast industry experience through to our teaching.
- Practical projects and lab work are key elements to the delivery of the course, studying real-world case studies.

#### Career Opportunities

- Data Scientist
- Business Intelligence Analyst
- Machine Learning Engineer
- Software Developer
- AI Research Scientist
- Systems Analyst

#### Why Ulster?

Ulster is a leader in the field of AI research for over 25 years. This expertise is brought through to our teaching.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Biology

UCAS  
C100

### BSc Hons

Coleraine

#### Full-Time

3 year FT degree or 4 year with placement year

As a biologist, you will study life, living organisms, how they work, and their relationship to their environment. Our course covers core areas of biology with a focus on the biomedical, molecular, and environmental sciences.

#### I Will Learn

- About human, animal and plant physiology, veterinary biology, chemistry and biochemistry, as well as cell biology.
- About genetic defects that contribute to human disease, advances in molecular genetics and the human genome project.
- About the underpinnings of ecology and biodiversity and how these important areas influence global issues.

#### Hands-on Experience

- Apply your knowledge in the workplace by taking an optional placement year.
- Opportunity to complete a MBiolSci Hons which involves one extra year of study consisting of online modules and an internship.
- Hands-on practical projects, laboratory work and field trips.

#### Career Opportunities

- Biologist
- Research Scientist
- Graduate medical/veterinary entry
- Pharmacologist
- Ecologist
- Teacher

A PGCE is required if you want to move on to a teaching role. Graduate medical/veterinary entry requires further application.

#### Why Ulster?

We are ranked 1st in NI for Biology (Guardian University Guide 2024). Graduates from this course are eligible for membership of the Royal Society of Biology.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Biomedical Engineering

UCAS  
BH81

### BEng Hons

Belfast

#### Full-Time

4 year FT degree including placement year

Biomedical Engineers design and develop all the equipment used to diagnose, monitor, and treat patients. You could be working with medical devices, artificial organs, surgical robots, advanced prosthetics, or the development of new drugs and materials that drive major innovations in medicine.

#### I Will Learn

- An understanding of anatomy and physiology, and how they apply to the area of biomedical engineering.
- How to use mechanical and electronic principles to design assistive devices that replace or improve bodily functions.
- How to use the latest software technology in the design and development of biomedical equipment.

#### Hands-on Experience

- You will complete a placement year with a relevant employer working in the biomedical engineering sector.
- You will have the opportunity to undertake an extended period of study in the USA to learn practical business and management skills.
- Practical lab work and tutorials include both demonstrations and experiments of real-world medical applications of engineering principles.

#### Career Opportunities

- Biomedical Engineer
- Manufacturing Engineer
- Biomedical Research and Development Engineer
- Project Engineer
- Quality Compliance Manager

To become a Chartered Engineer, you will need to complete a Masters in an Engineering subject following your BEng degree and further professional exams.

#### Why Ulster?

The MEng in Biomedical Engineering fully meets the academic requirements to become a Chartered Engineer. You will need to demonstrate additional competences through work experience.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Biomedical Engineering

UCAS  
BH82

### MEng Hons

Belfast

#### Full-Time

5 year FT degree including placement year

Biomedical Engineers design and develop all the equipment used to diagnose, monitor, and treat patients. You could be working with medical devices, artificial organs, surgical robots, advanced prosthetics, or the development of new drugs and materials that drive major innovations in medicine.

#### I Will Learn

- An understanding of anatomy and physiology and how they apply to the area of biomedical engineering.
- How to use mechanical and electronic principles to design assistive devices that replace or improve bodily functions.
- How to use the latest software technology in the design and development of biomedical equipment.

#### Hands-on Experience

- You will complete a placement year with a relevant employer working in the biomedical engineering sector.
- You will have the opportunity to undertake an extended period of study in the USA to learn practical business and management skills.
- Practical lab work and tutorials include both demonstrations and experiments of real-world medical applications of engineering principles.

#### Career Opportunities

- Biomedical Engineer
- Project Engineer
- Biomedical Research and Development Engineer
- Engineer in Medical Device Sector
- Quality Compliance Manager
- Manufacturing Engineer

The MEng in Biomedical Engineering fully meets the academic requirements to become a Chartered Engineer. You will need to demonstrate additional competences through work experience.

#### Why Ulster?

The MEng in Biomedical Engineering fully meets the academic requirements to become a Chartered Engineer. You will need to demonstrate additional competences through work experience.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBC\*

\*if including Maths and Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Biomedical Science

UCAS  
B992,  
B991

### BSc Hons

Coleraine

#### Full-Time

3 year FT degree (B992)  
or 4 year FT degree including placement year (B991)

Our Biomedical Science degree is uniquely designed to learn how diseases develop and how to diagnose, prevent, and treat them. This degree provides the educational and clinical experience for graduates to work within the National Health Service (NHS), private sector, and academia.

#### I Will Learn

- How diseases develop and impact on the body and the skills needed to investigate the disease process.
- How to develop methods for monitoring, diagnosing, treating, managing, and preventing disease.
- Essential interpersonal and professional skills, equipping you to work within industry, or education.

#### Hands-on Experience

- Optional placement year in industry or a research institute, plus study abroad opportunities.
- Graduates are eligible to apply for Hospital Laboratory Diagnostics (Trainee Biomedical Scientist)
- Opportunity to complete a MBiomedSci which involves one additional year of study consisting of online modules and an internship in the USA.

#### Career Opportunities

- Research and Development
- Hospital Laboratory Diagnostics
- Medicine
- Physician Associate
- Education

#### Why Ulster?

We are ranked 2nd in the UK for Biomedical Science (Guardian University Guide 2024). Accredited by the Institute of Biomedical Science (IBMS) and approved by the HCPC.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University (B992 only).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check and possible medical checks required.**

## Biomedical Science, Applied (Pathology)

UCAS  
B990

### BSc Hons

Coleraine

#### Full-Time

4 year FT degree including placement year

Our Biomedical Science degree is uniquely designed to learn how diseases develop and how to diagnose, prevent, and treat them. This degree provides the educational and clinical experience for graduates to work within the National Health Service (NHS).

#### I Will Learn

- How diseases develop and impact on the body and the skills needed to investigate the disease process.
- How to develop methods for monitoring, diagnosing, treating, managing, and preventing disease.
- Essential interpersonal and professional skills, equipping you to work as a Biomedical Scientist within an NHS laboratory.

#### Hands-on Experience

- One-year placement spent in a UKAS-accredited Northern Ireland hospital pathology laboratory.
- Graduates are eligible to apply for Hospital Laboratory Diagnostics (HCPC registered Biomedical Scientist).
- Opportunity to complete a MBiomedSci which involves one additional year of study consisting of online modules and an internship in the USA.
- Medicine/Physician Associate entry requires post graduate application.

#### Career Opportunities

- Hospital Laboratory Diagnostics
- Cancer Screening
- Blood Transfusion Service
- Research Science
- Medicine
- Physician Associate

#### Why Ulster?

We are ranked 2nd in the UK for Biomedical Science (Guardian University Guide 2024). Accredited by the Institute of Biomedical Science (IBMS). A graduate will be eligible to register with the Health Care and Professions Council (HCPC) to legally practice with the protected title 'Biomedical Scientist.'

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check and possible medical checks required.**

## Building Surveying

UCAS  
K231

### BSc Hons

Belfast

#### Full-Time/Part-Time

4 year FT degree including placement year

Building surveyors provide expert advice on all aspects of design, construction, maintenance and repair of buildings, and the conservation of built heritage.

Much of their work involves the assessment of the condition of buildings and specifying remedial work to be undertaken.

#### I Will Learn

- An understanding of the roles and purposes of building surveying and its relationship with other disciplines within the industry.
- The principles and sustainable methods used in design and construction of buildings, and the role of building technology.
- The core areas of technology, maintenance management and building conservation as well as professional practice skills.

#### Hands-on Experience

- You will complete a placement year to gain relevant experience of applying your skills within the building industry.
- Practical project work is included at all stages of the degree programme.
- Our close relationships with employers keep our course content relevant to the modern building industry.

#### Career Opportunities

- Contracts Manager
- Estate Surveyor
- Project Manager
- Building Control Surveyor
- Building Surveyor
- Development Officer

#### Why Ulster?

We are ranked 4th in the UK for Building-related subjects (Times Good University Guide 2024). Accredited by the Royal Institute of Chartered Surveyors (RICS) and the Chartered Association of Building Engineers (CABE).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: BBC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Business Economics

UCAS  
L101

### BSc Hons

Belfast

#### Full-Time

3 year FT degree or 4 year with placement year

Business Economics studies the function of a business and the decisions taken to make a profit and ultimately survive. You will understand the economic theories and principles that govern decision-making and management within public, private, and third sector organisations.

#### I Will Learn

- The microeconomic and macroeconomic principles and issues that impact businesses and the wider economy, including the role of government.
- Accounting, management and marketing fundamentals, and key skills including statistics, analytical methods, entrepreneurship, business strategy, and strategic planning.
- A detailed understanding of the global economy and Northern Ireland's place within it.

#### Hands-on Experience

- Get access to the university's Economic Policy Centre for practical application and expert research.
- Course content has been designed to focus on practical skills that are in high demand in the current marketplace.
- Apply your knowledge in a CV-building placement year or study abroad to experience an alternative curriculum in a new economy.

#### Career Opportunities

- Accountant
- Financial Analyst
- Business Consultant
- Business Development
- Marketing Officer

#### Why Ulster?

Our graduates now work in some of the top firms including AllState, Citi, FinTru and PwC.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Business Studies

UCAS  
N100

### BSc Hons

Belfast

#### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

The business world is evolving and requires highly skilled, flexible leaders in industry, commerce, and the public sector. This degree will provide you with valuable skills that are necessary in today's business world.

#### I Will Learn

- An in-depth understanding of the key functions in business including human resources, marketing, finance and accountancy, operations, and management.
- How to develop a business strategy, manage its implementation, and adapt in complex and challenging business climates.
- Core leadership skills including presenting, effective communication, how to influence, and managing people and change within organisations.

#### Hands-on Experience

- Learn through projects with real-life companies giving you valuable experience.
- Our course has been designed with industry leaders and is taught by professionals with specialist and global experience.
- Choose a placement year for hands-on experience that will boost your employment prospects.

#### Career Opportunities

- Management
- Business Owner
- Brand Manager
- Management Consultancy
- Sales and Marketing Manager

#### Why Ulster?

Network and highlight your talent to top firms via guest lectures and projects with companies and professional bodies.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Business Technology

Apply  
online at  
[ulster.ac.uk](http://ulster.ac.uk)

### BSc Hons

Belfast

#### Part-Time

4 year PT Degree Apprenticeship (HLA)

Businesses need professionals with a knowledge of business operations, processes, and leadership skills, alongside an understanding of digital transformation and innovation. You will learn to analyse data, identify solutions, and implement business transformation projects.

#### I Will Learn

- Business processes and operational strategies, the role of data in decision making, and the infrastructure and processes required to source and analyse data.
- The wider context of digital transformation and innovation, as well as enterprise systems (systems that support business processes, information flows, reporting, and data analytics in large organisations).
- Core leadership skills including effective communication, global awareness, sustainable decision making, consulting skills, and how to manage people and processes.

#### Hands-on Experience

- Earn as you learn - you will work four days and attend university one day per week.
- Apply the skills learned in the classroom to your workplace projects and vice versa.
- Get a head-start by gaining industry employment whilst studying.

#### Career Opportunities

- Management Consultancy
- Business Analyst
- Business Insights and Analytics
- Transformation Management

#### Why Ulster?

Our connections will provide you with opportunities to interview with top companies for this HLA opportunity.

#### Contact

To find out what employers are currently recruiting and how to apply please contact the course director:

**Dr Judith Wylie**

## Cinematic Arts

UCAS  
W600

### BSc Hons

Derry~Londonderry

#### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

An exclusively practical and industry-leading degree for those who want to work in film, TV drama, non-fiction, and streaming media, you will develop practical methods in cinematic filmmaking by combining storytelling with the very latest in professional film production.

#### I Will Learn

- Editing, lighting, sound and camera techniques for digital video productions.
- The skills and knowledge required for filmmaking and image production across various platforms; mobiles, tablets, and 4k digital cinema screens.
- Storytelling elements of character development and production design with modules including screenwriting, advanced cinematography, sound design, and art direction.

#### Hands-on Experience

- Learn with our state-of-the-art industry standard equipment.
- Experience life as a professional in the creative industries with an optional placement in year three.
- Build your showreel with the final year project and genre/specialisation modules before showcasing at the end of year show.

#### Career Opportunities

- Director
- Producer
- Screenwriter
- Cinematographer
- Film/TV Editor
- Sound Designer

#### Why Ulster?

Access to opportunities with: Hedgehogs vs. Foxes, PSNI, Pinewood Studios, Foyle Film Festival, BBC, Nerve Centre, NI Screen, RTE, and Netflix.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Civil Engineering

UCAS  
H202

### BSc Hons

Belfast

#### Full-Time

4 year FT degree including placement year

Learn to design, build, and shape the world around you in a sustainable manner. Civil engineers plan and manage the safe construction and ultimate removal of all kinds of infrastructure projects, including large-scale buildings like hospitals and universities, bridges, energy and water supply, waste disposal, roads, railways, and tunnels. Civil engineering is key to managing the current climate change emergency.

#### I Will Learn

- Modern planning, design, construction, procurement and surveying techniques for a range of building and infrastructure projects.
- An understanding of the fundamental behaviour of materials to select the correct specification, design, and construction techniques for each project commissioned.
- To use Computer Aided Design (CAD) and other software technology for the sustainable design and planning of infrastructure projects.

#### Hands-on Experience

- You will take a work placement year with a relevant employer who works within the construction industry.
- Practical project work is an essential part of the course.
- Site visits and field work will show you how the theory is applied to real world building projects.

#### Career Opportunities

- Civil Engineer
- Structural Engineer
- Transport Engineer
- Environmental Engineer
- Planning Engineer
- Projects Manager

#### Why Ulster?

This course had 100% student satisfaction in the National Student Survey 2022. Accredited by the Joint Board of Moderators and the Chartered Institute of Civil Engineering Surveyors (CICES).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the 2 subjects requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Civil Engineering

UCAS  
H200

**BEng Hons/ MEng Hons**

Belfast

### Full-Time/Part-Time

4 year FT degree (5 years MEng) including placement year  
PT Degree Apprenticeship (HLA) option available

Civil engineers plan, design, and deliver engineering projects such as reservoirs, roads, railways, bridges, tunnels, ports, and airports. Learn modern technical engineering, building and design techniques, together with the management skills needed to deliver complex infrastructure projects. Complete the MEng course to continue your pathway to becoming a Chartered Engineer.

### I Will Learn

- The construction process, including the interaction between design, construction methods/materials, the programming of work, and health and safety issues.
- Survey principles and practices which are essential to the civil engineering and construction sectors. The management of design and construction processes.
- This includes tendering, decision making, contract agreements, and managing people.

### Hands-on Experience

- You will complete a placement year with an employer in a building or construction setting. Extensive practical laboratory testing, and project work is included throughout your degree programme.
- Site visits, field work and case studies all provide a great insight into how the theory is applied in practice.

### Career Opportunities

- Civil Engineer
- Structural Engineer
- Transport Engineer
- Highways Engineer
- Sustainability Manager
- Structural Engineer

Further learning after you finish your BEng degree is required to become a Chartered Engineer (CEng).

### Why Ulster?

Our courses are accredited by the Joint Board of Moderators.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the 2 subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Communication and Counselling Studies

UCAS  
P984

**BSc Hons**

Belfast

### Full-Time/Part-Time

3 year FT degree

Offering practical communication skills and a robust understanding of the importance of effective communication within counselling, health, and other contexts, this innovative degree is a solid academic grounding, suitable for pursuing professional counselling or psychotherapy training and accreditation following graduation.

### I Will Learn

- The emotional and psychological development of the person within family, social, and cultural settings.
- Relationship building and ethical practice for working with people within counselling, healthcare, and therapeutic contexts.
- Organisational, observational, analytical, and reflective skills required for work in counselling, psychotherapy, other health and social care, and communication-led professions.

### Hands-on Experience

- You will have access to innovative skills-recording labs to practice communication and counselling skills using real-life scenarios.
- Teaching will be delivered by research-active academic staff, with experience in counselling, psychotherapy, or health consultancy, and who hold professional body membership.
- In preparation for employment, you will apply learning to workplace experiences to identify and develop the skills required by employers.

### Career Opportunities

- Counsellor
- Psychotherapist
- Social Worker
- Retail Manager
- Human Resource Manager
- Civil Servant

To become a professional counsellor, psychotherapist, or social worker, you will need to complete formal practitioner training following graduation.

### Why Ulster?

This course has been awarded Advanced/Specialist Training status by the National Counselling and Psychotherapy Society.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Communication, Advertising and Marketing

UCAS  
P2N5

**BSc Hons**

Belfast

### Full-Time

3 year FT degree or 4 year with placement year

This degree looks at advertising, marketing, and public relations practices and contexts from a communication perspective, enabling you to become a skilled, innovative, and ethical practitioner who always has an eye on industry developments and new and emerging technologies.

### I Will Learn

- The fundamentals of communication, advertising, marketing, public relations, consumer behaviour, research methods, and digital marketing communication.
- The role of spoken and written language and interaction, and the implications of digital communication developments for theory and practice.
- A range of applied and complementary skills including interpersonal communication, copywriting, design principles, marketing leadership and analysis.

### Hands-on Experience

- Work on live industry briefs giving hands-on experience for your CV.
- Build your CV and network by competing in the Publicity Association of Northern Ireland (PANI) Advertising Competition under the mentorship of top NI agencies.
- Experience life as an industry professional with an optional placement in year three.

### Career Opportunities

- Marketing Manager
- Account Executive
- Media Buyer
- Digital Marketing Manager
- PR Officer
- Advertising Executive

### Why Ulster?

This course studies communication industries from a communication perspective. The course is recognised by the Chartered Institute of Public Relations (CIPR).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** AAB

## Communication Management and Public Relations

UCAS  
P9P3

**BSc Hons**

Belfast

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Explored within the wider context of the communication industry, this degree focuses on the role of public relations and strategic communications in building a positive brand or company reputation with employees, customers, consumers or key stakeholders like government or industry bodies.

### I Will Learn

- Social psychology of communication; how we as individuals understand ourselves, and how our social environment shapes us.
- Strategic communication skills including interpersonal, group and organisational communication, written skills, and digital media skills.
- About the theory and practice of Public Relations, including media and political contexts.

### Hands-on Experience

- Collaborate with industry/professional bodies on live projects; Public Relations Institute of Ireland (PRII) and Chartered Institute of Public Relations (CIPR).
- Experience life as an industry professional with an optional placement in year three.
- You will be taught by experienced practitioners and benefit from guest speakers from the communication and PR industry.

### Career Opportunities

- PR Consultant
- Marketing Executive
- Public Affairs
- Communication Strategist
- Event Manager

A route to becoming chartered, this degree provides excellent exemptions from CIPR professional body exams.

### Why Ulster?

This degree is recognised by the Chartered Institute of Public Relations (CIPR).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Community Development

Apply  
online at  
ulster.ac.uk

**BSc Hons**

Belfast

**Part-Time**

This degree will equip you with knowledge and skills to positively transform communities locally and internationally. Empowering those without a voice, community development practitioners bring about social change and improve the quality of life for people in disadvantaged areas.

### I Will Learn

- The history, theoretical approaches, policy, and practices relevant to community development work.
- The links between policymaking, poverty, social exclusion, and community development.
- The role of community development in addressing the legacy of conflict and its contribution to peacebuilding.

### Hands-on Experience

- Modules replicate real-life job roles, allowing you to enhance skills in engaging with communities, facilitating groups, and project management.
- Apply your knowledge with three work-based practice modules in different settings.
- You will be taught by industry experts with local and international connections, facilitating placement abroad opportunities.

### Career Opportunities

- Community Officer
- Engagement Officer
- Youth Worker
- Project Coordinator
- Community Relations Officer
- Regeneration Manager

### Why Ulster?

Dual professional recognition by the UK National Occupation Standards in Community Development Work and the All-Ireland Endorsement Body (AIEB).

### Part-Time Entry Requirements

Refer to the University's General Entrance Requirements.

## Community Youth Studies

Apply  
online at  
ulster.ac.uk

**Cert**

Derry~Londonderry/Belfast

**Part-Time**

For those who want to better the lives of young people, this course will equip students with the relevant skills, knowledge, values, and understanding needed to help young people achieve academically, socially, and personally.

### I Will Learn

- Theoretical concepts from sociology to understand the complexity of young people's lives and the issues related to youth-adult transitions.
- How to navigate the complexities of working on behaviour change with young people, including reflective and critical thinking skills.
- How historical, theoretical, and research perspectives inform contemporary youth work practice.

### Hands-on Experience

- Expand on your experience with three work-based practice modules, developing your skills and knowledge in alternate settings.
- Draw on experience from your own work setting to integrate and utilise evidence-informed approaches.
- Modules designed to replicate real-life scenarios, allowing you to enhance skills in planning, evaluation, and effective communication.

### Career Opportunities

- Youth Worker
- Engagement Officer
- Detached Youth Worker
- Youth Mentor
- Learning Support
- Support Worker

### Why Ulster?

Successful completion of the course prepares students wishing to pursue a professional qualification on the BSc Hons Community Youth Work degree.

### Part-Time Entry Requirements

Refer to the University's General Entrance Requirements. Applicants should be working (paid or voluntary) for 12-16 hours per week for an employer within the Community Youth Work field. Visit [ulster.ac.uk/courses](http://ulster.ac.uk/courses) and search for the course for part-time entry requirements.

## Community Youth Work

UCAS  
L521

**BSc Hons**

Belfast

**Full-Time/Part-Time**  
3 year FT degree

For those seeking a rewarding professional career working with young people, this highly practical course equips youth workers with a range of skills, values, knowledge, and the qualifications needed to work in professional settings that deal directly with young people.

### I Will Learn

- A deep understanding of the context within which youth work operates, including local and global influences, psychological processes, and sociology.
- Leadership, management, and supervision skills to help develop and support young people, including interpersonal skills, informal education, and social policy.
- About transforming communities, the Northern Ireland context, and the use of community development approaches to work within contested spaces.

### Hands-on Experience

- There are three placements (300 hours each) throughout the course, giving you essential hands-on experience and skills for your future practice.
- As part of assessed modules, you will carry out work-related tasks to build discipline-specific competencies.
- You will be taught by experienced youth work practitioners specialising in generic youth work, gender-based practice, and community relations.

### Career Opportunities

- Youth Worker
- Youth Mentor
- Project Coordinator
- Youth Justice Worker
- Youth Club Manager
- Alternative Education Tutor

### Why Ulster?

This degree is endorsed by NSETS (North South Education and Training Standards committee) with JNC recognition as the professional qualification.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CDD

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

**Access NI check required.**

## Computer Science

UCAS  
G401

**BSc Hons**

Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year

Learn how to design software, how computers communicate, and how they perform tasks. Find out how computing impacts all aspects of modern life. The course offers a varied computer science education, focused on the development of your programming skills throughout.

### I Will Learn

- Modern programming skills to design, build, operate, and maintain complex computer systems.
- How to design, build, and maintain modern database management systems.
- How to plan, develop, and implement a computing system in a real-world setting.

### Hands-on Experience

- A one-year work placement year within the tech industry will give you hands-on experience of how computing is applied.
- Regular talks and guest lectures from leading IT employers are built into the teaching.
- Practical lab work, projects and case studies are all used throughout each year of the course.

### Career Opportunities

- Software Developer
- IT Analyst
- Programmer
- Web Developer
- Technology Consultant
- IT Support Engineer

### Why Ulster?

This course is accredited by the British Computing Society (BCS).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Computer Science**  
(Software Systems Development)

UCAS  
G601

**BSc Hons** Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year

Learn how to use software engineering to develop information systems for organisations. Get involved from idea generation through to implementation of the systems. Software systems are used throughout our everyday lives, in healthcare, business, entertainment, transport and more.

**I Will Learn**

- Modern programming skills through modules that teach not only the principles of software development, but also high-level programming languages.
- To design, build, operate, and maintain complex computer and information technology systems.
- How to develop web-based and mobile app solutions for real-world industries.

**Hands-on Experience**

- Complete a one-year work placement in an IT setting to get hands-on software development experience.
- Hear from industry experts through guest lecturers and demonstrations.
- Our close links with employers ensures our course content gives you the skills that the industry needs.

**Career Opportunities**

- Software Developer
- Applications Security Specialist
- Web Developer
- Software Engineer
- Technical Analyst

**Why Ulster?**

The course is accredited by the British Computing Society (BCS).

**Full-Time Entry Requirements**

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Computing Science**

UCAS  
G400

**BSc Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

You will learn a broad-based education in computing science, attractive to those seeking to understand the fundamentals of computing, and its application to novel application areas. A graduate will be equipped with skills to problem-solve and be employed in a software development team in the software industry or a commercial IT department.

**I Will Learn**

- The theory and principles of programming and software development, putting them into practice using contemporary programming languages and tools.
- The practical skills used by computing professionals worldwide in the development and maintenance of computing applications.
- Tools and techniques used to support advanced computing disciplines such as data analytics, artificial intelligence, and embedded systems.

**Hands-on Experience**

- You will complete a one-year work placement to gain practical experience within the IT sector.
- Projects, case studies and practical lab work bring theoretical concepts to life, facilitating a deeper understanding.
- Industry experts deliver guest lectures and talks alongside demonstrations throughout the course, putting theory into a real-life context.

**Career Opportunities**

- Programmer
- IT Analyst
- Technology Consultant
- Web Developer
- Test Engineer
- Software Developer

**Why Ulster?**

The course is accredited by BCS (British Computing Society), the Chartered Institute for IT.

**Full-Time Entry Requirements**

Refer to the University's General Entrance Requirements.

**A Level:** BBB or BBC\*

\*if including grade B in Maths, Further Maths, Physics, Chemistry, Software Systems Development or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Computing Systems**

Apply  
online at  
[ulster.ac.uk](http://ulster.ac.uk)

**BSc Hons** Belfast

**Part-Time**  
Degree Apprenticeship (HLA) option available

A modern course delivering training in key areas of computer science, focusing on the practical skills needed to embark on a professional career in computing. Underpinned by an innovative and flexible Variable Rate Progression model which allows completion of the course between three and six years.

**I Will Learn**

- Modern software engineering skills to design, code, configure, operate, and maintain complex computer systems.
- Practical skills in databases, networking to support storage, update, and retrieval of large quantities of information in computer systems.
- Industry-relevant knowledge of key and emerging concepts surrounding security, artificial intelligence, data analytics, and cloud computing.

**Hands-on Experience**

- Opportunities to undertake practical work, complete industry case studies, and develop a final-year project focused on real-world working scenarios.
- A successful 'Tech talks' programme provides regular industry practice insight.
- As a Higher-Level Apprentice provider, the course is informed by employers to deliver the curriculum that the industry needs.

**Career Opportunities**

- Software Engineer
- Data Analyst
- Systems Analyst
- Cloud/Security Engineer
- Web Developer
- Technology Consultant

**Why Ulster?**

Accredited by the British Computing Society, the Chartered Institute for IT. Flexible progression - complete your degree between 3-6 years.

**Part-Time Entry Requirements**

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Computing Technologies**

UCAS  
G500

**BSc Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

Computing technologies touch every aspect of our day-to-day lives. The course will be attractive to those who want to know how to identify business information needs, and how to deploy computer technology solutions using modern software development and productivity tools. A graduate might typically be employed in the IT department of a public or private sector organisation.

**I Will Learn**

- The skills that will enable the development, maintenance, evaluation, and management of computing systems.
- To develop technical solutions that address current problems in today's connected world.
- To strategically manage and apply information resources in different types and sizes of organisations in pursuit of competitive advantage.

**Hands-on Experience**

- You will complete a one-year work placement to gain practical experience within the IT sector.
- Projects, case studies, and practical lab work bring theoretical concepts to life, facilitating a deeper understanding.
- Industry experts deliver guest lectures and talks alongside demonstrations throughout the course putting theory into a real-life context.

**Career Opportunities**

- Business Analyst
- Technical Support Manager
- Web Developer
- Data Analyst
- Software Developer
- Data Administrator

**Why Ulster?**

The course is accredited by BCS (British Computing Society), the Chartered Institute for IT.

**Full-Time Entry Requirements**

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including grade B in Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Computing with Education

UCAS  
G4X3

**BSc Hons** Derry~Londonderry

**Full-Time**  
4 year FT degree including placement year

Studying computing in combination with education is an excellent introduction to a future career in the education sector. The course will provide you with an introduction to the main concepts of educational theory and practice, and the key fundamentals of computing.

### I Will Learn

- To design, develop, and evaluate software for a range of platforms.
- To program, design databases, and develop responsive web sites.
- Contemporary educational issues and how to use technology in a learning environment.

### Hands-on Experience

- Gain structured and professional work experience as part of a planned programme of study in year three.
- You will also have the opportunity to study outside the UK and Republic of Ireland in year three.
- Our teaching includes practical work, field trips, and case studies, which means you can apply the theory to real world scenarios.

### Career Opportunities

- Professional Development trainer
- Computing Teacher/Lecturer
- Technical Support Engineer
- IT Analyst
- Teaching Assistant

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

Our close links with industry ensures the course content provides you with the skills and knowledge that employers need.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Construction, Engineering and Management

UCAS  
K220

**BSc Hons** Belfast

**Full-Time/Part-Time**  
4 year FT degree including placement year  
PT Degree Apprenticeship (HLA) option available

Learn how we build the world around us. Gain the professional and technical skills demanded by leading construction companies around the world. Learn how to effectively manage construction projects that are vital to the economy. Develop an understanding that the success of any project relies on good decision-makers.

### I Will Learn

- The science, technology, and materials used to make contemporary buildings and the very latest construction techniques involved.
- Financial, quality, and project management techniques for complex construction projects.
- To use the very latest software and site equipment that drive innovation in the modern construction sector.

### Hands-on Experience

- You will complete a work placement year to get hands-on experience of how construction projects are managed.
- You will have opportunities for site visits, exploration of case studies, and simulation of aspects of construction projects in each year of the course.
- You will benefit from our strong links with construction sector employers, meaning our degree will give you the key skills the industry needs.

### Career Opportunities

- Site Engineering
- Construction Management
- Building Control
- Facilities Management
- Project Manager
- Contract Management

### Why Ulster?

We are ranked 4th in the UK for Building-related subjects (Times Good University Guide 2024).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including grade B in Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Creative Audio

UCAS

**BSc Hons** Derry~Londonderry

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

Our BSc Creative Audio degree provides a hands-on, project-focused approach to sound and music production. Discover the creative possibilities of audio while acquiring the technical skill and theoretical base needed to service your career in the constantly evolving creative industries. If you have a passion for sound, this degree will help you in developing the in-depth understanding needed to produce engaging listening experiences.

### I Will Learn

- How to produce outstanding creative audio material for a range of destinations including commercial release, games, film, online, TV/radio, venues, clubs, and public spaces.
- How to get the best from the tools and instruments that we use.
- Analysis and practical approaches to synthetically creating and/or manipulating sound for applications including spatial audio and immersive environments.

### Hands-on Experience

- You will have access to studios, labs, performance spaces and an extensive range of modern music technology designed to replicate real-world industry projects.
- You will work on industry-relevant tools and techniques such as studio recording, audio editing, signal processing, and post-production.
- Experience life as a professional in a music organisation with an optional placement in year three.

### Career Opportunities

- Musician
- Sound Engineer
- Composition
- Interactive Audio Applications
- Sound Design
- Audio Postproduction

### Why Ulster?

This course is Industry Accredited by JAMES representing APRS (Association of Professional Recording Services), MPG (Music Producers Guild) and associate industry bodies.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Criminology and Criminal Justice

UCAS  
M931

**BSc Hons** Belfast

**Full-Time**  
3 year FT degree or 4 year with placement year

Criminology and criminal justice addresses crime, deviance, and its control. Informed by a range of disciplines including law, public policy, social policy, and economics, you will delve into criminological concepts like victims, policing, sentencing, punishment, corporate, state, and cyber-crime.

### I Will Learn

- What crime is, its impact on victims, and why people break the law, including the role of society, education, and media.
- The criminal justice system, its institutions, and how it adapts and responds to contemporary issues.
- The role of sentencing, punishment, and restorative justice, and their impact on victims, offenders and the wider society.

### Hands-on Experience

- Opportunities to apply theories through work-based learning, volunteering, or optional one-year work placement.
- Assessments, lectures, and seminars are designed to develop your transferrable skills including communication, critical thinking, presenting, and writing.
- Option to study abroad where you can benefit from an alternative curriculum and experience an unfamiliar culture and system.

### Career Opportunities

- Prison Officer
- Financial Risk Analyst
- Police Officer
- Policy Officer
- Support Worker
- Researcher

### Why Ulster?

You will have the opportunity to apply for a one-year internship opportunity with the PSNI.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

## Criminology and Criminal Justice

UCAS  
M932

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree or 4 year with placement year

**A Level:** BCC

## Culinary Arts Management

UCAS  
D690

**BSc Hons** Belfast

**Full-Time/Part-Time**  
4 year FT degree including placement year

Create delicious dishes and learn the management skills needed for a vibrant global career. This course combines practical culinary skills with business and management knowledge. Experiment with flavour whilst learning how to manage people and let your entrepreneurial skills shine.

### I Will Learn

- Culinary skills in the kitchen, creating pastry masterpieces and flavourful dishes.
- The business and management skills required for the industry including how to create a business plan, and marketing.
- How to manage food and beverage operations.

### Hands-on Experience

- One of a few courses at university level that offers learning in a fully operational restaurant 'Academy'.
- Get invaluable industry experience with a placement year.
- Includes visits and talks from industry leaders and award-winning chefs.

### Career Opportunities

- Head Chef
- Development Chef
- Food Stylist
- Restaurant Owner/Manager
- Food Entrepreneur

### Why Ulster?

Get taught in our fully operational Academy restaurant. This course is accredited by the Institute of Hospitality.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.  
**A Level:** BCC  
**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Dietetics

UCAS  
B460

**BSc Hons** Coleraine

**Full-Time**  
4 year FT degree including placement year

Dietetics involves the study and application of nutrition science to promote health, as well as to prevent and manage diseases such as obesity, cancer, heart disease, and osteoporosis. As a dietitian, you will be uniquely qualified to assess, diagnose, and treat nutrition-related problems in both health and disease.

### I Will Learn

- About nutrition science, the nutrients in food, and the effect of nutrition on health.
- About the role of the diet in the treatment of disease and how to identify and treat nutrition-related problems.
- Skills in communication and empathy, and how to share professional, impartial advice on nutrition-related problems.

### Hands-on Experience

- Practice-based learning experience in the NHS in final year.
- The course is delivered by academic staff who are based within the Nutrition Innovation Centre for Food and Health (NICHE).

### Career Opportunities

- Hospital Dietitian
- Community Dietitian
- Research Dietitian
- Food Developer
- Freelance Dietitian
- Teacher/Education

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

Accredited by the British Dietetic Association (BDA) and approved by the Health and Care Professions Council (HCPC). On completion, you are eligible to apply for registration as a dietitian with the HCPC.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.  
**A Level:** BBB  
Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.  
**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.  
**Interview, Access NI check and medical required.**

## Digital Design

UCAS  
2D13

**BDes Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

A creative, digitally focused, practice-based course. You'll explore graphic design, user experience (UX), and user interface (UI) design for current and emerging technologies. Create apps, websites, content, experiences, and services to shape the digital world we all live in.

### I Will Learn

- A solid understanding of design fundamentals, including visual literacy, design psychology, typography, brand/visual identity, user interface (UI) design, and user experience (UX) design.
- Highly sought-after skills including design thinking, research, idea generation and problem solving, while responding to users and their needs through UX-led design projects.
- The ability to undertake a design project from research and idea generation through to finished prototype, exploring the possibilities of new devices and emerging technology.

### Hands-on Experience

- Access to high profile design professionals via our visiting lecture programme and industry network.
- Build your portfolio and showcase your work through a range of industry-led projects, international competitions, and business start-up opportunities.
- Learn in our dynamic studio environment and experience life as an industry professional through an optional paid placement.

### Career Opportunities

- Digital Designer
- UX / UI Designer
- App Designer
- Interaction Designer
- Content Designer
- Graphic Designer

### Why Ulster?

This course is highly rated by industry professionals and benefits from links to world-class companies such as Google and IDEO.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.  
**A Level:** CCC  
**Portfolio submission required.**

## Digital Media Production

UCAS  
P310

BSc Hons

Coleraine

### Full-Time

3 year FT degree or 4 year with placement year

This is a unique multidisciplinary degree, giving you knowledge and skills to work across a wide range of media and technical disciplines in the creative media sector, including TV and film production, print and web design, animation, interactive documentary, and AR and VR experiences.

### I Will Learn

- Digital content production skills in film, photography, animation, video, interactive documentary, web content, AR/VR experiences, and social media content.
- Design skills including graphic design, artwork, layout, branding, typography, advertising, screen design, interface design, character design, user design, and communication design.
- Development skills including coding using CSS, HTML, and jQuery, alongside project management skills in digital media production.

### Hands-on Experience

- Work on industry briefs and projects for clients including social enterprises, building work-based experiences into your CV as you learn.
- Put theory into practice and experience life as an industry professional with an optional placement in year three.
- Build your portfolio and showcase your work through a range of industry-led projects, events, and international competitions.

### Career Opportunities

- Digital Designer
- Media Content Producer
- VR/AR Content Designer
- Social Media & Marketing Executive
- Digital Marketing Officer
- Web Developer

### Why Ulster?

In addition to award-winning teaching staff, you will benefit from a series of masterclasses delivered by leading industry professionals.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Drama

UCAS  
W440

BA Hons

Derry~Londonderry

### Full-Time/Part-Time

3 year FT degree

An exciting and diverse programme with an emphasis on contemporary performance practices and educational arts, this degree will develop your creative, critical thinking, and practical skills in the specialist areas of performance, arts management, directing, and drama for education.

### I Will Learn

- The fundamentals of drama including acting, stage management, dramatic theory and practice, applied and educational drama, directing, and playwriting/screenwriting.
- Practical skills to run a performance event, plan an educational workshop, and use a range of technologies.
- The role and future of contemporary arts, arts administration, entrepreneurship, and the business of theatre.

### Hands-on Experience

- Access to studio spaces to produce, practice, and critique performances replicating real-life industry job roles.
- Close links with theatre practitioners and theatre companies for performances and specialist workshops.
- Optional placement in second year and opportunities to study abroad.

### Career Opportunities

- Teacher
- Director
- Events Management
- Actor
- Youth/Community Worker
- Graduate Roles

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

This course will develop your creativity, critical thinking and practical skills for a career in the creative industries and beyond.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Drama with Subject Combinations

Subject  
Combinations

Derry~Londonderry

### Drama as a Major

**With Drama as two-thirds of your degree, you will develop creative, critical, and practical skills in performance, directing, arts management, or educational arts.**

### Entry Requirements

**A Level:** CCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Drama with Education

UCAS  
W4X3

BA Hons

Full-Time

### Why study Education as a Minor?

- An excellent introduction to a future career path in the education sector, both in schools and training.
- Study main concepts and concerns of contemporary educational theory and practice before applying for a Postgraduate Certificate in Education upon completion of your degree.

## Drama with History

UCAS  
W4V1

BA Hons

Full-Time/Part-Time

### Why study History as a Minor?

- History at Ulster gives you the freedom to choose the topics that interest you most.
- You will develop a wide range of written, verbal, and analytical skills through the study of the historical processes that have shaped modern society.

### Other course you may want to consider:

BSc Hons Global Business with Drama

See page 100

UCAS  
N1W5

## Economics

UCAS  
6H55

BSc Hons

Belfast

### Full-Time

3 year FT degree or 4 year with placement year

Economics relates to every aspect of our lives as it focuses on how resources are allocated to satisfy people's wants and needs. This course will cover the practical application of economics to finance, policy-making, and management.

### I Will Learn

- Microeconomics - the study of how people, groups, and businesses use their wealth.
- Macroeconomics - the unemployment, inflation, and monetary challenges of cities, countries, and continents.
- The economic and political theories that influence economic policies and how we work and live locally, nationally, and globally.

### Hands-on Experience

- Get access to the university's Economic Policy Centre for practical application and expert research.
- Course content has been designed to focus on practical skills that are in high demand by the current marketplace.
- Choose a placement year to build up work experience for your CV.

### Career Opportunities

- Accountant
- Economist
- Stockbroker
- Data Analyst
- Risk Consultant
- Compliance Officer

### Why Ulster?

Our graduates now work in some of the top firms including Citi, Deloitte, FinTru and PwC.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Education with Subject Combinations

### Education as a Minor

An excellent introduction to a future career path in the education or training sector. You will be introduced to the main concepts and concerns of contemporary educational theory and practice in Northern Ireland, the UK, and internationally. Students who are interested in teaching as a career may decide to add Education to their degree 'mix' at undergraduate level before applying for a Postgraduate Certificate in Education after they have completed their degree.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements. Grade requirements may vary depending on combination chosen. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full details.

## Electrical and Electronic Engineering

UCAS  
**H602**

**BEng Hons** Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year

From household appliances to power stations and satellite networks, electrical and electronic engineers develop innovative products and systems. Study the principles of modern electronic and electrical systems such as smart power grids, PLC programming, circuit design, and embedded systems.

#### I Will Learn

- Electrical and electronic engineering principles and how they apply to electrical systems.
- Engineering mathematics and science, electrical systems, electrical circuits, electrical technology, design, and computer-aided engineering skills.
- How to prepare project specifications, undertake research, create test procedures, interpret data, and write reports.

#### Hands-on Experience

- Complete a one-year work placement in industry, working with an employer in the field of electrical or electronic engineering.
- Option to study abroad for one year to get experience of engineering education in another country.
- Laboratory facilities and equipment on campus will provide you with practical experience through project work and demonstrations.

#### Career Opportunities

- Electrical Engineer
- Manufacturing Sector
- Renewables Sector
- Power Systems Engineer
- Control Engineer
- Electronic Devices

To become a Chartered Engineer, you will need to continue your studies and complete a Masters in an Engineering subject.

#### Why Ulster?

The course is accredited by the Institution of Engineering and Technology (IET).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Electronic Engineering

UCAS  
**H601**

**BEng Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

Every device with an electrical current running through it has been designed, built, and manufactured by electronic engineers. They work closely with product designers, manufacturers, and consumer experts to develop ideas for new products and to make them work.

#### I Will Learn

- The fundamental principles of electrical and electronic technologies and their practical application.
- To design, build, and manufacture a wide range of electrical devices.
- To apply electronics to many areas, including power generation and control, transportation, IT, manufacturing, construction, and telecommunications.

#### Hands-on Experience

- A one-year work placement provides important real-world context for your studies and gives you relevant industrial experience.
- Employers have helped us to create the content, meaning you will be learning the skills that the industry needs.
- You will conduct experiments and undertake practical laboratory-based projects throughout the course.

#### Career Opportunities

- Electronic Engineer
- Communications Technician
- Design Engineer
- Sound Engineer
- Special Effects Technician
- Systems Analyst

The BEng fully meets the academic requirement for becoming an Incorporated Engineer, and partial requirements for a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Electronic Engineering

UCAS  
**H600**

**MEng Hons** Belfast

**Full-Time**  
5 year FT degree including placement year

Electronic engineers are the brains behind driverless cars, the iPad, video conferencing, and the microwave oven to name a few. The MEng gives you the technical and project management skills you need to succeed in engineering graduate employment.

#### I Will Learn

- To design, build, and manufacture a wide range of electrical devices.
- To apply electronics to many areas, including power generation and control, transportation, IT, manufacturing, construction, and telecommunications.
- To work with product designers, manufacturers and consumer experts to develop ideas for new products and make sure they work.

#### Hands-on Experience

- A one-year work placement provides important real-world context for your studies and relevant industrial experience.
- The option to spend a semester at Augsburg or Kempten Universities in Germany gives an insight into engineering abroad.
- Specialising in the final year, you will work on real-world case studies and projects relevant to your chosen interest.

#### Career Opportunities

- Electronic Engineer
- Design Engineer
- Systems Analyst
- Embedded Systems Engineering
- Sound Engineer
- Special Effects Technician

The MEng fully meets the academic requirement for becoming a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBC\*

\*if including Maths and Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Electronic Engineering with Enterprise Development

UCAS  
H603

**BEng Hons** Derry~Londonderry

**Full-Time**  
4 year FT degree including placement year

Electronic engineers help develop and design mobile phones, TVs, and smart fridges - in fact, any innovative piece of technology you can think of. This degree prepares you to become a professional engineer, making your ideas a reality.

### I Will Learn

- An understanding of fundamental electrical and electronic engineering principles.
- How modern technologies work, from household appliances to power stations and satellite communications.
- The business skills you need to bring products to market.

### Hands-on Experience

- You will complete a relevant work placement year to develop the skills you have learned to real world applications.
- Option to study abroad for one year to get experience of engineering education in another country.
- Enterprise modules give you the business development skills needed to achieve top roles in industry or start your own business.

### Career Opportunities

- Embedded Systems
- Product Development Engineer
- Start-up Manager
- Technical Sales
- Project Management
- Business Development Manager

### Why Ulster?

Our close relationship with industry has helped shape this course. The content gives you the skills that employers ask for.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths or Physics.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Energy

UCAS  
H222

**BSc Hons** Belfast

**Full-Time/Part-Time**  
4 year FT degree including placement year

Explore renewable energy technologies and the use of science and technology to find innovative solutions to real-world energy problems. Help find solutions to the challenge of addressing the world's need for affordable, sustainable, secure, and safe energy supplies.

### I Will Learn

- How conventional and renewable energy systems work including wind, bio-energy, solar, water, heat pumps, smart grids, and energy storage technologies.
- To design, specify, and monitor performance of energy systems and ensure their economic and environmental benefits around the world.
- To understand new theories, technologies, concepts, and methods and adapt them to meet future energy supply challenges.

### Hands-on Experience

- A one-year work placement.
- Real-world case studies and site visits are used to show how energy systems are used across the world and at home.
- Our research expertise and links with employers have shaped the course content to ensure you acquire the skills that the industry needs.

### Career Opportunities

- Energy Analyst
- Energy Systems Engineer
- Project Manager
- Energy Technology Designer
- Energy Systems Consultant
- Energy Project Manager

You will need to continue your studies to complete a Masters in order to become a Chartered Engineer.

### Why Ulster?

The course is accredited by the Energy Institute (IE).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\* if including grade B in Maths or Physics

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Engineering Management

UCAS  
H710

**BEng Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

Engineering management graduates combine technical know-how with business acumen to play a major role in design and operation of manufacturing systems and processes. You will create innovative products and new business models to support high-value manufacturing.

### I Will Learn

- The fundamental principles of engineering combined with practical management skills.
- Engineering technology and materials, manufacturing systems, product and system design, and CAD, complemented by studies in business and management.
- Professional skills such as project management, communications, team-working, problem-solving, creativity, and an understanding of the role of the professional engineer.

### Hands-on Experience

- Complete a work placement year to get experience of how the theory you learn is applied in industry.
- Individual and team assignments help you develop your professional skills in essential areas such as team-working, project management, and communications.
- Workshops and labs allow you to develop practical engineering skills.

### Career Opportunities

- Engineering Manager
- Design Engineer
- Systems Analyst
- Manufacturing Engineer
- Operations Manager
- Quality Engineer

Meets the academic requirement for registration as an Incorporated Engineer and partially meets the requirement for registration as Chartered Engineer.

### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET) and the Institution of Mechanical Engineers (IMechE).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Engineering Management

UCAS  
H712

**MEng Hons** Belfast

**Full-Time**  
5 year FT degree including placement year

Engineering management plays a major role in design of manufacturing processes, the creation of innovative products, and the building of business models to support manufacturing. Complete the MEng course to continue your pathway to becoming a Chartered Engineer.

### I Will Learn

- To lead on engineering developments through innovation, creativity, and management of change.
- Essential skills in engineering, technology, materials, manufacturing systems, project planning, and system design.
- Business and management skills to help you succeed in leadership roles.

### Hands-on Experience

- A work placement year gives you experience of how the theory is applied in industry.
- Workshops and labs allow you to develop practical engineering skills.
- Your final-year MEng-level project will give you excellent practical experience of developing solutions to real-world engineering challenges.

### Career Opportunities

- Engineering Manager
- Manufacturing Engineer
- Design Engineer
- Systems Analyst
- Research or Lecturing
- Project Manager

Fully meets the academic requirement for registration as a Chartered Engineer.

### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET) and the Institution of Mechanical Engineers (IMechE).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBB\*

\*if including Maths and Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

<b>English</b>	UCAS Q300
<b>BA Hons</b>	Coleraine
<b>Full-Time/Part-Time</b> 3 year FT degree or 4 year with placement year	

Embrace your love of reading whilst cultivating key skills as a thinker, writer, and communicator. Following a core first year, you can personally tailor your course so you can pursue your literary passions, picking from a wide range of optional modules.

#### I Will Learn

- A knowledge of literature, television, and film from Shakespeare's time up until the present day.
- Excellent writing styles for different professional and creative writing, like journalism, fiction, non-fiction, drama, and poetry.
- Skills all employers value, including problem-solving, critical thinking, creativity, and communication.

#### Hands-on Experience

- Benefit from our resident poets and writers who can provide first-hand experience of the writing and publishing process.
- Learn digital, research, and presentation skills which you will use in any workplace.
- Experience life as a professional and build CV skills with an optional placement in year three.

#### Career Opportunities

- English Teacher
- Journalist
- Screenwriter
- Civil Servant
- Communication Manager
- Publisher

#### Why Ulster?

This course received 100% positivity rating in the National Student Survey 2023.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

<b>English and History</b>	UCAS QV31
<b>BA Hons</b>	Coleraine
<b>Full-Time</b> 3 year FT degree or 4 year with placement year	

Perfectly complementing each other, this joint degree will challenge you to think critically about the world around you by combining unique historical expertise with the critique and analysis of contemporary and traditional English literary works.

#### I Will Learn

- Excellent writing styles for different professional and creative writing, like Journalism, fiction, non-fiction, drama and poetry.
- The Histories of Britain and Ireland, the United States, Russia and the Soviet Union, the Middle East and many more.
- A wide range of highly transferable skills including problem solving, critical thinking, creativity, writing and presenting.

#### Hands-on Experience

- You will create podcasts, digital presentations and websites, research portfolios, and organise conferences and events; skills highly desired by employers.
- Benefit from our resident poets and writers who can provide first-hand experience of the writing and publishing process.
- Experience life as a professional and build CV skills with an optional placement in year 3.

#### Career Opportunities

- Teacher
- Journalist
- Librarian
- Editor
- Civil and Public Service
- Finance

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

#### Why Ulster?

Opportunities to study abroad during year 2 with ISEP (International Student Exchange Programme).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

<b>BSc Hons</b>	Belfast
<b>Full-Time</b> 4 year FT degree including placement year	

Environmental health professionals are at the forefront of designing and improving the public's health and wellbeing. The course delivers the practical skills required for a career in environmental health including problem solving, communication, research, and management skills.

#### I Will Learn

- The importance of food safety and integrity, health and safety at work, housing and communities, public health and wellbeing, and environmental protection.
- An understanding of key areas of sustainability, quality of life, health inequalities, law, and spatial planning.
- Personal development such as communication, research, managerial and team working skills - all essential when working in environmental health roles.

#### Hands-on Experience

- Complete a work placement year to get an insight into the role of environmental health professionals within an organisation.
- Problem-solving, communication, research, and management skills are developed through practical project work.
- Our links with employers and professional bodies have helped shape the content of the course to keep it relevant.

#### Career Opportunities

- Environmental Health Officer
- Health and Safety Officer
- Environmental Consultant
- Food Quality Manager
- Quality Assurance Auditor
- Health and Safety, Environmental and Quality Manager

Fully meets the academic requirement for registration as a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Chartered Institute of Environmental Health (CIEH) and the Institute of Occupational Safety and Health (IOSH).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Environmental Science

UCAS  
F900

**BSc Hons**

Coleraine

### Full-Time

3 year FT degree or 4 year with placement year

This accredited course explores complex environmental processes and the human impact on them. We assess global problems like climate change, pollution, soil loss or biodiversity decline, and investigate tangible solutions through risk management, remediation, and sustainable use of natural resources.

### I Will Learn

- Concepts and interactions of physical, chemical, and biological processes in atmospheric, land, and water systems.
- Methods of observation, measurement, modelling, and assessment by applying biological surveys, chemical analysis, remote sensing, statistics, and geographic information systems.
- Skills in the identification and assessment of sustainable mitigation options for environmental management.

### Hands-on Experience

- Study environmental science in a natural setting - we are only minutes away from a spectacular coastline, sea, rivers, estuaries, and woodlands as our 'outdoor labs'.
- Enjoy a broad variety of field trip study opportunities throughout the course.
- Gain valuable career and relevant experience through the optional placement year in a wide range of settings and study abroad opportunities.

### Career Opportunities

- Scientific Officer
- Environmental Consultant
- Mapping and Charting
- Ecologist
- Soil Scientist
- Conservation Officer

### Why Ulster?

We are ranked 1st in NI for Geography and Environmental Science (Times Good University Guide 2024). This course is accredited by the Institution of Environmental Sciences.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: BCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Environmental Science with Subject Combination

Coleraine

### Environmental Science as a Major

Study global issues such as climate change, conservation of plant and animal diversity, regional development, and water and air pollution.

### Entry Requirements

#### A Level: BCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

### Why study Education as a Minor?

- An excellent introduction to a future career path in the education sector, both in schools and training.
- Study main concepts and concerns of contemporary educational theory and practice before applying for a Postgraduate Certificate in Education upon completion of your degree.

## Event Management

UCAS  
N820

**BSc Hons**

Coleraine

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Develop and manage event experiences from design to implementation. You'll get the skills to manage and lead a team in creating and marketing memorable experiences and events, from city marathons to unique corporate events or innovative food tours.

### I Will Learn

- Key business management subjects including business planning, people management, and accounting.
- Specialist event management skills which you can choose from according to your interests.
- How businesses respond to change in this dynamic and vibrant industry.

### Hands-on Experience

- Experience organising and volunteering at prestigious events (e.g., Belfast Vital, Special Olympics, Belfast City Marathon, The Open).
- Manage live projects for real-life organisations.
- Optional placement year in industry and study abroad opportunities.

### Career Opportunities

- Event Manager
- PR and Marketing
- Project Manager
- Festival Director
- Hospitality Manager
- Tourism Manager

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

We are ranked 2nd in the UK for Hospitality, Event Management and Tourism (Guardian University Guide 2024).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

#### A Level: CCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Finance and Investment Management

UCAS  
N321

### BSc Hons

Belfast

#### Full-Time

3 year FT degree or 4 year with placement year

This professionally relevant course has been designed to meet the needs of the financial services sector. Finance is the science of making monetary decisions and this course provides the skills and knowledge needed in making these decisions.

#### I Will Learn

- An in-depth knowledge of financial principles, economic theory and the role of money, institutions, markets, and governing bodies.
- Investment skills and knowledge including statistics, financial decision-making, modelling, portfolio management, financial reporting, risk management, ethics, and regulatory requirements.
- Professional and key communication skills needed in the world of finance.

#### Hands-on Experience

- Get a practical understanding of how theory informs professional practice.
- Have access to a real-life trading lab environment using Bloomberg software.
- Choose a placement year and work for top firms in the financial services sector.

#### Career Opportunities

- Trading Analyst
- Wealth Management
- Accountant
- Forensic Services
- Financial Engineer
- Financial Planner

#### Why Ulster?

This course is accredited by the Chartered Institute for Securities and Investment (CISI) and recognised by the Chartered Financial Analyst Institute (CFA).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Economics, Physics or Accounting.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Financial Technology

Apply  
online at  
[ulster.ac.uk](http://ulster.ac.uk)

### BSc Hons

Belfast

#### Part-Time

4 year PT degree including Degree Apprenticeship (HLA) option

Get a job, degree, and an opportunity to enter the growing Financial Technology industry. This course can be taken as part of a Higher Level Degree Apprenticeship (HLA), meaning you can secure a job in industry whilst studying for your degree.

#### I Will Learn

- Equal finance and technology modules from Ulster University Business School and the Faculty of Computing, Engineering and the Built Environment.
- In-depth knowledge of core finance and technology principles, and a strong practical understanding of how theory informs professional practice.
- Topics such as computer programming, business analysis, financial modelling, principles of investing, big data, artificial intelligence, and innovation in FinTech.

#### Hands-on Experience

- Earn as you learn - you will work four days and attend university one day per week.
- Apply the skills learned in the classroom to your workplace projects and vice versa.
- You will enter industry employment before others who have to wait until after they graduate.

#### Career Opportunities

- Consultant
- Financial Services
- Research and Analytics
- Big Data
- Blockchain Developer
- Cybersecurity Analyst

#### Why Ulster?

Our connections will provide opportunities to interview with top companies. Previous HLA employers include Kainos, Funds Axis and FinTru.

#### Part-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including Maths.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Fine Art

UCAS  
W100

### BA Hons

Belfast

#### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Reflecting the diversity of contemporary art, the studio practice modules explore painting, printmaking, drawing, sculpture, ceramics, performance, and lens-based media, along with history and theory, and professional practice modules. To cultivate creativity, you will learn through the direct experience of making art with critical reflection, within a studio environment.

#### I Will Learn

- Practical studio and workshop skills to support the development of your art practice.
- About historical and contemporary art practices, and related ideas and debates.
- The techniques, histories, theories, academic methods, skills, and critical approaches key to the development of your studio and written work.

#### Hands-on Experience

- Learn from practising artists and writers, and gain direct professional practice experience in the local art sector through an optional placement year.
- Fully equipped studios, workshops, and facilities replicate real-life working environments.
- Build your portfolio and showcase your work to art world professionals and colleagues at the end of year degree show exhibition.

#### Career Opportunities

- Artist
- Art Writer
- Gallery Manager
- Curator
- Art Technician
- Art Teacher/Lecturer

#### Why Ulster?

Previous graduates of Fine Art are internationally renowned, influential, and award-winning artists, including several Turner Prize nominees and winners.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**Portfolio submission required.**

## Food and Nutrition

UCAS  
B450

### BSc Hons

Coleraine

#### Full-Time

4 year FT degree including placement year

Food and nutrition are vital for health and eating certain foods can reduce the risk of many serious diseases. This course will teach you about the relationship between food, nutrition, and health. Knowledge of this relationship is important so that we can engage with the food industry to develop sustainable food options that satisfy the needs of the consumer, and have the potential to improve the health and well-being of our society.

#### I Will Learn

- Underpinning nutrition science, including biochemistry, physiology, anatomy, and epidemiology.
- Food product development, global food innovation, nutrition in the food industry.
- Business, consumer behaviour, and consumer marketing.

#### Hands-on Experience

- This course includes a placement, enhancing your employability.
- You will be taught by staff from the world-renowned Nutrition Innovation Centre for Food and Health (NICHE).

#### Career Opportunities

- Public Health Advisor
- Food Technician
- Teacher
- Nutrition Researcher
- Quality Assurance Manager
- New Product Development

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

#### Why Ulster?

This course is accredited by the Institution of Food Science and Technology.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Possible medical required.**

## Food Business and Innovation

UCAS  
N980

**BSc Hons** Coleraine

**Full-Time**  
3 year FT degree or 4 year with placement year

The BSc Food Business and Innovation will develop your knowledge of the pivotal role the consumer plays in the design, development, management, marketing and retailing of food products and services. It addresses the processes and key issues involved in helping consumers make informed choices, and the products and services they buy and use.

### I Will Learn

- The fundamental principles relating to nutrition, diet and food commodities, consumer law in relation to the food, drink and consumer goods market and a sound understanding of food innovation, sensory science and its role in industry.
- The importance of digital media within the tourism, events and food industries, current media trends within the food and drink industry and factors influencing dietary and lifestyle habits.
- Fundamentals of People Management, accounting principles for effective decision making, contemporary marketing practices and digital marketing management.

### Hands-on Experience

- Opportunity to carry out consultancy on behalf of a company to develop project management experience.
- Placement opportunity to study abroad.

### Career Opportunities

- Food Product Development
- Consumer Research
- Quality Assurance
- Sensory Evaluation
- Graduate Programme in Product Development
- Teachinglyst

### Why Ulster?

Highly experienced academics and practitioners ensure this course provides you with the appropriate analytical, teamwork, organisational and problem-solving skills necessary for a career in consumer management, food innovation or food education..

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Games Design

UCAS  
WW70

**BDes Hons** Belfast

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

The games industry is a globally evolving area of media entertainment. This highly creative course gives students specialist knowledge and experience in the design, testing, and development of gameplay experiences of the future.

### I Will Learn

- The principles, theories and the practical skills in game prototyping, UI design, user experience, level design, game testing, and game narratives.
- Game design, development, and prototyping using traditional and emerging technologies including augmented, virtual, and mixed platforms.
- The knowledge and entrepreneurial skills necessary to develop your own game studio.

### Hands-on Experience

- Course assessments will simulate game studio environments, giving you experience in a variety of roles: Producer, Games Designer, Level Designer 3D artist and/or Technical Designer.
- You will be taught by industry experts who have experience working on titles released for PC, Xbox, and PlayStation.
- Experience life as a professional in the creative industries with an optional placement in year three.

### Career Opportunities

- Game Producer
- Game Designer
- UI Games Designer
- Level Designer
- Narrative Designer
- QA Tester

### Why Ulster?

Access to state-of-the-art equipment, studios, and technology to help inform your studies.

### Full-Time Entry Requirements

3 year FT degree or 4 year with placement year

Whether it's Call of Duty, PlayStation, X-Box, or virtual reality, video games are a huge part of our lives and the biggest entertainment market globally. This degree is ideal for those with an appetite for designing, developing, and programming gameplay experiences.

### I Will Learn

- Practical skills in game design, prototyping, scripting, programming, and development, giving the opportunity to create games for traditional and emerging platforms.
- Knowledge and the entrepreneurial skills necessary to develop and set-up your own games studio alongside game industry funding partners.
- Collaboration, technical knowledge, and insight into the game studio development of marketing strategies and intellectual property.

### Hands-on Experience

- Opportunities to work on live projects, industry-generated initiatives, and competitions, in order to gain essential work-based learning experience.
- Experience life as an industry professional with an optional placement in year three.
- Course assessments will simulate game studio environments, giving you experience in a variety of roles: Producer, Games Designer, Level Designer 3D artist, and Technical Designer.

### Career Opportunities

- Gameplay Engineer
- Game Designer
- Game Producer
- Game Developer
- VR Developer
- Technical Artist

### Why Ulster?

Access to state-of-the-art equipment, studios, and technology to help inform your studies.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Geography

UCAS  
F800

**BSc Hons** Coleraine

**Full-Time**  
3 year FT degree or 4 year with placement year

Find solutions to issues that affect us all, like climate change, environmental hazards, conflict and social inequality, and the need for sustainable development. This degree prepares you to make a meaningful difference to the world around you.

### I Will Learn

- About key challenges including climate change, migration, natural hazards, and sustainable development.
- How to map the sea floor, conduct environmental impact assessments, and use technologies such as Geographic Information Systems (GIS) to analyse social inequality.
- To apply the most appropriate research techniques so that you can identify the right solutions to the issues that matter.

### Hands-on Experience

- Study geography only minutes away from natural labs – spectacular coastlines, seas, rivers, estuaries, woodlands, and uplands close to campus.
- Local and international field trip study opportunities throughout the course.
- Optional career-enhancing placement year and study abroad opportunities in a range of diverse environments.

### Career Opportunities

- GIS Consultant
- Town Planning
- Geodetic Surveyor
- Mapping and Charting
- Heritage Scientist
- Teacher

To become a Geography Teacher, you will complete a PGCE following your BSc Hons degree.

### Why Ulster?

We are ranked 1st in NI for Geography (Guardian University Guide 2024). This course is accredited by the Royal Geographical Society (RGS).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Specific subject(s) may be required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Geography with Subject Combination

Coleraine

### Geography as a Major

Acquire the skills and knowledge to address some of the world's most pressing environmental social challenges.

#### Entry Requirements

**A Level:** BCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Geography with Education

UCAS  
F8XH

BSc Hons

Full-Time

### Why study Education as a Minor?

- An excellent introduction to a future career path in the education sector, both in schools and training.
- Study main concepts and concerns of contemporary educational theory and practice before applying for a Postgraduate Certificate in Education upon completion of your degree.

## Global Business

UCAS  
N124

BSc Hons

Derry~Londonderry

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

The Global Business degree is an innovative programme, designed to provide you with a comprehensive understanding of global business, valuable intercultural experiences and high quality work placement opportunities. ## Health and Social Care Policy

UCAS  
L510

BSc Hons

Belfast

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

This course provides a strong grounding in the development and implementation of health and social care policy, regionally, nationally, and internationally. You will explore key policy challenges facing society such as providing and financing healthcare, health inequalities, and ageing.

#### I Will Learn

- The evolution and development of health and social care in the UK and Ireland.
- How policies about health and social care policy are made and how welfare services are delivered and monitored.
- Practical and transferable qualitative and quantitative research skills, including social survey design, implementation and analysis.

#### Hands-on Experience

- Put theory into practice and gain hands-on experience with a six-week placement and optional placement year.
- Option to study abroad where you can explore issues and policy differences in an unfamiliar culture and system.
- Research-informed teaching by leading industry experts.

#### Career Opportunities

- Care Coordinator
- Policy Officer
- Research Officer
- Support Worker
- Health Advisor
- Civil Servant

#### Why Ulster?

You will benefit from a curriculum strongly focused on real-life issues. The course is designed and taught by staff with expertise in health and social policy, which provides a foundation for employment in a range of health and social care sectors, and postgraduate study.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**Access NI check required.**

## Health Physiology/ Healthcare Science

UCAS  
B 123

BSc Hons

Derry~Londonderry

### Full-Time

3 year FT degree including placement

Cardiovascular and respiratory diseases are the leading causes of premature death worldwide. This course focuses on the diagnosis and treatment of disease and equips you with practical skills to carry out cardiovascular and respiratory investigations commonly used in clinical settings.

#### I Will Learn

- About medical science underpinning the functions of the human body and how these are measured.
- To diagnose and treat disease, and detect abnormalities associated with organ and system failure based on patient physiology.
- About therapeutic interventions such as implantable cardiac device therapy, cardio-pulmonary rehabilitation, and long-term care management options.

#### Hands-on Experience

- Healthcare Science students attend placement across all three years.
- Health Physiology students complete one week orientation in year 1 and 4 weeks self-sourced placement in final year.
- In year two choose your career pathway in Health Physiology or Healthcare Science.

#### Career Opportunities

- Researcher
- Echocardiographer
- Clinical and technical support representative
- Cardiac Physiologist
- Respiratory Physiologist
- Healthcare Scientist

Option to transfer to Healthcare Science pathway in year two, leading to eligibility to apply for registration with The Academy of Healthcare Science (AHCS).

#### Why Ulster?

Ulster University is the only provider of this course in NI. It is accredited by the National School of Healthcare Science UK.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check required.**

## History

UCAS  
V145

BA Hons

Coleraine

### Full-Time/Part-Time

3 year FT degree

This course will challenge you to think critically about the world around you. You will develop a wide range of written, verbal, and analytical skills through the study of the historical processes that have shaped modern society. You will be part of a supportive and friendly learning community that combines innovative, research-led teaching practices with the freedom to choose your own topics.

#### I Will Learn

- The histories of Britain and Ireland, the United States, Russia and the Soviet Union, the Middle East, and many more.
- Exciting topics such as film and the Vietnam conflict, witchcraft and magic, and the Russian revolution.
- Transferable skills like time management, critical thinking, writing, and presenting.

#### Hands-on Experience

- You will create podcasts, digital presentations and websites, research portfolios, and organise conferences and events, skills which are highly desired by employers.
- The opportunity to study abroad for one semester or for a year, where you can experience a new culture and curriculum.
- We provide full careers support, from CV preparation to interview skills, and help with applications to all graduate internships, apprenticeships, and full-time positions. You can continue to make use of our extensive careers support services for up to three years after you graduate.

## Human Nutrition

UCAS  
B400

**BSc Hons** Coleraine

**Full-Time**  
4 year FT degree including placement year

Nutritionists provide an understanding on the impact of diet on growth, development, health and wellbeing, working in non-clinical settings including health promotion, advisory roles, research, teaching and the food industry. This course focuses on nutrition science and its impact on humans, public health and disease prevention across the lifecycle.

### I Will Learn

- About the nutrients in foods, the fate of nutrients when eaten, and the effect of nutrients on health and wellbeing.
- About nutrition throughout our lifecycle, the relationships between human behaviour and health outcomes, food safety and the food industry.
- Key business and professional skills for a career in the food sector.

### Hands-on Experience

- Take part in a placement year, enhancing your job prospects.
- The course is delivered by academic staff who are based within the Nutrition Innovation Centre for Food and Health (NICHE).

### Career Opportunities

- Nutritionist
- Food Quality Manager
- Health Improvement/Promotion Officer
- Research and Development
- Dietitian
- Teacher

You can undertake postgraduate level study following this course, if you wish to become a dietitian or a teacher.

### Why Ulster?

This course is accredited by the Association for Nutrition.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Possible medical required.**

## Human Resource Management

UCAS  
N600

**BSc Hons** Belfast

**Full-Time**  
4 year FT degree including placement year

Human Resource Management (HRM) helps bridge the gap between employees' performance and the organisation's strategic objectives. This course will give you the ability to champion better work and working lives on a personal, professional, and societal level, and aims to develop graduates who understand that work matters, people matter, and professionalism matters.

### I Will Learn

- Core management subjects alongside specialist HRM modules.
- The principles, methods, and technologies used to improve the productivity of an organisation by increasing the effectiveness of employees.
- Topics such as recruitment and selection, training and professional development, managing people, ethical dimensions of employment, business leadership and more.

### Hands-on Experience

- Work on real-life projects and case studies, imitating the type of work you will be doing when you graduate.
- Utilise our business connections to network and secure a placement year with top firms to build your work experience.
- Insight and knowledge of recruitment processes learned on the course will help you secure graduate jobs.

### Career Opportunities

- HR Officer
- Executive Recruiter
- Management
- HR Advisor/Consultant
- Training and Development Officer

### Why Ulster?

This course is accredited by the Chartered Institute of Personnel and Development (CIPD).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Illustration

UCAS  
W221

**BA Hons** Belfast

**Full-Time**  
3 year FT degree or 4 year with placement year

This course will introduce you to a huge range of highly creative practices, with a focus on critical thinking and inventive image making, including drawing, painting, gifs, collage, 2D animation, using experimental analogue and digital approaches.

### I Will Learn

- Imaginative approaches for working in a wide range of illustration contexts, including books/publishing, graphic novels, packaging, advertising, magazines/zines.
- In dedicated studios and workshops to develop specialist skills for the diverse and exciting world of illustration.
- Strategies to develop as a confident, independent and professional illustrator with a unique creative voice.

### Hands-on Experience

- Learn from experienced tutors, alumni and industry leaders to build connections, helping you stand out as you begin your professional career.
- Develop your portfolio through live briefs and international competitions, including the World Illustration Awards.
- Experience working life in the creative industries through an optional placement year.

### Career Opportunities

- Freelance Illustrator/Designer
- Book Illustrator/Creative Art Director
- Motion/Games Illustrator
- 2D Animator/Storyboard Illustrator
- Packaging Illustrator
- Fashion/Medical Illustrator

Develop your own concepts to a higher level with a Masters qualification in Illustration/Design/Art and Design disciplines.

### Why Ulster?

The illustration programme has an enviable track record of award-winning graduates in international competitions, such as the Royal Society of Arts and the Penguin Book Design prize.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**Portfolio submission required.**

## Information Technologies

UCAS  
G501

**BSc Hons** Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year

Learn the underlying principles of information technologies and get the skills employers need for the development and maintenance of computer-based systems. Discover the importance of IT systems and see how they are used in modern businesses.

### I Will Learn

- The skills needed for the development and maintenance of computer-based systems in modern organisations.
- To develop your programming skills to design, build, operate, and maintain complex computer and information technology systems.
- How to build and maintain real-world, dynamic websites using a variety of open source languages.

### Hands-on Experience

- Complete a one-year work placement to get hands-on experience of working within an IT department.
- Learn from industry experts through guests lectures and demonstrations.
- Practical lab work, case studies, and projects form an important part of the learning.

### Career Opportunities

- IT Analyst
- IT Systems Manager
- Technology Consultant
- Web Developer
- Systems Security Specialist
- PHP Programmer

### Why Ulster?

This course is accredited by the British Computing Society (BCS).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

<b>Interactive Computing</b>	UCAS G450
<b>BSc Hons</b>	Belfast
<b>Full-Time</b> 4 year FT degree including placement year	

This course is aimed at those who want to know how to build engaging and effective front-end applications utilising contemporary technologies, running on a range of workstation, tablet and mobile computing devices. You will be equipped with skills for the design and production of complex interactive systems in a range of commercial, creative, social, and educational contexts.

#### I Will Learn

- To develop user-friendly, highly interactive systems, using the latest advanced technologies and software.
- To design, produce, and maintain these systems in a range of commercial, creative, social, and educational settings.
- A high level of practical, conceptual, and aesthetic skills to solve real-world problems.

#### Hands-on Experience

- You will complete a one-year work placement to gain practical experience within the IT sector.
- Projects, case studies, and practical lab work bring theoretical concepts to life, facilitating a deeper understanding.
- Industry experts deliver guest lectures and talks alongside demonstrations throughout the course, putting theory into a real-life context.

#### Career Opportunities

- Software Developer
- Web Developer
- Test Engineer
- Full Stack Developer
- UX/UI Developer
- Programmer

#### Why Ulster?

This course is accredited by BCS (British Computing Society), the Chartered Institute for IT.

#### Full-Time Entry Requirements

<b>Irish Language</b>	Apply online at <a href="http://ulster.ac.uk">ulster.ac.uk</a>
<b>Diploma</b>	Belfast/Derry~Londonderry/Armagh
<b>Part-Time</b>	

The diploma in Irish Language is an exciting opportunity to study the Irish language from beginner level in a structured and formal way with expert tutors. You will receive a solid grounding in the key areas of Irish pronunciation, conversation, grammar, and reading and writing skills.

#### I Will Learn

- The skills and knowledge to become an independent user of the Irish language.
- Oral and written communicative skills in Irish, ability to demonstrate a knowledge of Irish grammatical structure, and be able to read and listen to the Irish of native speakers.

#### Hands-on Experience

- Access to cutting-edge online resources. Gaeltacht visits, community groups, and participation in The Irish Society allow you to fully immerse in Irish language and culture.
- Teaching by globally recognised subject experts.

#### Career Opportunities

- Language Officer
- Teacher
- Publisher
- Presenter
- Librarian
- Interpreter

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

#### Why Ulster?

We have a long history of bringing students to fluency. Completion of this course can be a pathway for entry to a BA Hons degree in Irish.

#### Part-Time Entry Requirements

Refer to the University's General Entrance Requirements.

Visit [ulster.ac.uk/courses](http://ulster.ac.uk/courses) and search for the course for part-time entry requirements.

## Irish Language and Literature

UCAS  
Q540

BA Hons

Derry~Londonderry

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

This course plays a vital role in preserving, sustaining, and promoting Ireland's Gaelic literary and linguistic heritage. You will achieve proficiency in written and spoken Irish, enabling you to confidently participate and immerse yourself in the Irish language community.

### I Will Learn

- Modern Irish language; competence in grammar, punctuation, and writing ability for a variety of everyday and academic contexts.
- The analysis of writing from the early 20th Century to today, including the novel, short story, drama, and verse.
- The history, development, and promotion of the Irish Language; impact of the Gaelic revival, cultural studies, folklore, dialects, and translation.

### Hands-on Experience

- Gaeltacht visits, community groups, and participation in An Cumann Gaelach (The Irish Language Society) allow you to fully immerse in Irish language and culture.
- Enhance competency of the Irish language in a professional work-based environment with an optional placement in year three.
- Research-informed teaching by globally recognised experts.

### Career Opportunities

- Language Officer
- Interpreter/Translator
- Teacher
- Community Developer
- Journalist
- Publisher

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

The employability profile of our students in recent years has been more than impressive, with a disproportional number of our graduates holding senior positions in Irish language organisations throughout Ireland.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

Language and Linguistics  
(with optional specialism  
in Counselling Studies)

UCAS  
Q100/  
Q1B9

BSc Hons Belfast

Full-Time/Part-Time  
3 year FT degree or 4 year with placement year

Language is the very essence of what makes us human and it has evolved significantly over time. This fascinating course explores the science of language; how it is structured, acquired, and used to communicate.

I Will Learn

- The fundamentals of language, how we know it, acquire it and use it, and what happens when we have problems using it.
- Foundational knowledge of the areas of linguistic theory and its applications; phonetics, morphology, syntax, semantics, pragmatics, historical linguistics, and language acquisition.
- Cultural and social implications on the use of language, and how languages can change over time.

Hands-on Experience

- Use of real-life language data and language problem sets, developing hands-on experience and skills for your CV.
- Put theory into practice and gain professional experience with an optional local or international placement in year three.
- Course delivered by highly experienced, research-active linguists, with strong international academic links as well as local connections with schools and NGOs.

Career Opportunities

- Speech Therapist
- Editor
- Audiologist
- Counsellor
- Copy Writer
- Teacher

Students interested in a therapeutic profession or a more vocational strand can choose three optional counselling modules, providing an exit pathway to Counselling Studies (Q1B9).

Why Ulster?

Research-led teaching by an international team. This course offers a strong foundation to a variety of careers.

Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for the A Level C grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

Moot Court, Belfast

Law

UCAS  
M100

LLB Hons Belfast

Full-Time/Part-Time  
3 year FT degree or 4 year with placement year

A broad-based legal education, situating law in its social context. This course explores what the law is, how it works, why the law is a certain way, who it works for, and how it might be improved.

I Will Learn

- How law protects citizens; human rights, access to justice, counter-terrorism measures, freedom of speech, right to privacy, Brexit.
- An understanding of the relationship between European Union (EU) law and national law.
- The skills to present legal arguments in an organised, robust, and principled manner.

Hands-on Experience

- Access to our award-winning Ulster Law Clinic, the Legal Innovation Centre, and the globally recognised Transitional Justice Institute.
- Simulate real-life legal scenarios using our mock court room and participate in mooted competitions, presenting to UK Supreme Court justices.
- Put theory into practice and experience life as a legal professional with an optional placement in year three.

Career Opportunities

- Solicitor
- Barrister
- Politician
- Activist
- Legal Professional
- Journalist

To practice as a solicitor or barrister you will need to complete a further Certificate of Professional Legal Studies.

Why Ulster?

Qualification recognised by the Law Society of Northern Ireland (LSNI), Solicitors Regulation Authority (SRA). Accredited by the Bar Standards Board.

Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

- A variety of topics including customer experience, project management, personal development, strategic marketing, finance, digital business, and technology.
- How to effectively solve problems, lead people, and leverage digital technologies.

### Hands-on Experience

- Earn as you learn – hybrid learning structure to suit all individuals and organisations.
- Apply the skills learned in the classroom to your workplace projects and vice versa.
- Get a head-start by gaining industry employment whilst studying.

### Career Opportunities

- Customer Experience Manager
- Operational Analyst
- Business Manager
- Senior Customer Support Specialist
- Operational Leader

### Why Ulster?

Our connections will provide you with opportunities to interview with top companies for this HLA opportunity.

## Liberal Arts

UCAS  
Y100

**BSc Hons**

Derry~Londonderry

**Full-Time/Part-Time**

3 years FT degree or 4 year with placement year

Liberal Arts is an interdisciplinary programme that brings together the creative arts, humanities, and social sciences. It is a highly flexible course that allows you to combine different subjects such as music, drama, Irish, history, English and more. You will develop global perspectives, intellectual capabilities, and employability skills.

### I Will Learn

- To explore contemporary issues through a range of disciplinary and interdisciplinary perspectives.
- Skills in critical analysis, flexible problem-solving, teamwork, and effective communication.
- The necessary skills, understanding and confidence to live, work and study in international contexts.

### Hands-on Experience

- Problem-based learning using real-world case studies and challenges.
- Work-based learning opportunities, working with partner organisations and projects.
- Optional year-long industrial placement or study abroad opportunity.

### Career Opportunities

- Arts Administrator
- Communications Manager
- Community Development Worker
- Copywriter
- Journalist
- Policy Officer

### Why Ulster?

You'll benefit from the expertise of our staff as teachers and researchers, whilst learning in state-of-the-art facilities.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.  
**A Level:** CCC

## Management

UCAS  
N210

**BSc Hons**

Belfast

**Full-Time**

3 year FT degree or 4 year with placement year

The success of any business depends heavily on the effectiveness of its managers. This course puts an emphasis on personal and skills development in relation to management, and will give you the business, management, and leadership skills employers are looking for.

### I Will Learn

- Important aspects of leadership, management, and business, including strategy, marketing, finance, human resource management, operations management, entrepreneurship, and personal development.
- Skills in presenting, critical analysis, problem-solving, team building, communication, and decision-making.
- To inspire, manage, and lead teams to success.

### Hands-on Experience

- Learn via live consultancy projects based in real-life organisations.
- Network with top organisations leading to future employment prospects.
- Complete team projects and presentations to replicate real-life scenarios.

### Career Opportunities

- Business Consultant
- Marketing Officer
- Sales Manager
- Business Development Manager
- Manager

### Why Ulster?

Graduates from this course will acquire the relevant knowledge and professional skills employers are looking for, including how to inspire, manage and lead teams to success.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at ulster.ac.uk for the full list.

## Management Practice

Apply  
online at  
ulster.ac.uk

**BSc Hons**

Derry~Londonderry

**Part-Time**

This degree will equip professionals aspiring to move into management positions, or practising managers seeking to enhance their career, with the management and leadership skills necessary to make informed decisions. You will also be enabled to make a significant and immediate strategic contribution to your business.

### I Will Learn

- Contemporary leadership and management approaches, including responsible and ethical business practice, sustainable project management and how to manage and develop people.
- Core business skills including digital marketing, strategy, digital transformation and accounting for non-accountants
- How to apply your own real-world examples through completion of a Business Innovation Project and other experiential and project-based learning.

### Hands-on Experience

- Complete a Business Innovation Project incorporating a Management Practice visit.
- Work collaboratively with other professionals to develop practical solutions to real-world examples and business challenges.
- Utilises your own experiences and workplace examples as part of your learning and assessment.

### Career Opportunities

- Business Owner
- Business Development Manager
- Sales and Marketing Manager
- Business Consultant
- Operations Manager

### Why Ulster?

You'll benefit from the expertise of our staff as teachers and researchers, whilst learning in state-of-the-art facilities.

### Entry Requirements

Refer to the University's General Entrance Requirements

Applicants must satisfy the University's general entry requirement which shall include evidence of competence in written and spoken English (GCSE grade C or equivalent) as set out in the prospectus or provide evidence of their ability to undertake the programme through the accreditation of prior experiential learning (APEL).

Applicant must be working in, or aspiring to work in, supervisory/management/leadership role in their work organisation or if unemployed, have previously been employed in a supervisory/management/leadership role normally within the last three years.

## Marine Science

UCAS  
F719

**BSc Hons** Coleraine

**Full-Time**  
3 year FT degree or 4 year with placement year

Are you passionate about the health of our oceans, life in our seas, and our coastal communities? Our oceans are a climate regulator and economic resource. Understanding and managing our coastal and ocean environments is vital to our planet's survival.

### I Will Learn

- About coastal and marine systems, marine biology, marine geology, underwater archaeology, and ocean engineering.
- About sustainability, our lithosphere, hydrosphere, biosphere, and atmosphere.
- How to use career-enhancing Geographic Information Systems and marine remote sensing.

### Hands-on Experience

- Immerse yourself in natural laboratories on the north coast - spectacular coastline, ocean, rivers, and estuaries, all close to campus.
- Local and international field trips and ship time throughout the course. Learn by doing.
- Optional placement year and study abroad opportunities in diverse environments.

### Career Opportunities

- Marine Biologist
- Marine Geologist
- Coastal Engineer
- Chemical Oceanographer
- Underwater Archaeologist
- Teacher

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

71% of Earth is covered in water. Only 15% of this has been mapped. Learn to use state-of-the-art technology for ocean exploration, sampling and mapping.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Specific subject(s) may be required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Marketing

UCAS  
N505

**BSc Hons** Belfast

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

Marketing is about identifying a need or problem and developing products or services that meet that need. This course will teach you how to get the right messages to the right audiences, using the right channels – integral to business success.

### I Will Learn

- Core marketing and management skills required by industry.
- About brands and branding, principles of marketing, consumer behaviour, entrepreneurship, creativity in communications, digital marketing, strategy, global marketing and more.
- Transferable skills such as communication, teamwork, critical thinking, and creativity.

### Hands-on Experience

- Understand how to analyse an organisation, build effective brands, and write compelling marketing strategies by delivering live consultancy projects.
- Hear from guest speakers from business and industry and get the opportunity to network.
- Choose a placement year to get sought-after work experience on your CV.

### Career Opportunities

- Digital Marketing
- Advertising Executive
- Events and Marketing
- Marketing and Communications
- Brand Manager
- Campaigns Manager

### Why Ulster?

Graduates from the course are now working at top companies including Diageo, Randox, Ionology, HMC Global, Jameson Distillery, and Belfast City Council.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Marketing

UCAS  
N506

**BSc Hons** Derry~Londonderry

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

Marketing is about identifying a need or problem and developing products or services that meet that need. This course will teach you how to get the right messages to the right audiences, using the right channels – integral to business success.

### I Will Learn

- Core marketing and management skills required by industry.
- About brands and branding, principles of marketing, consumer behaviour, entrepreneurship, creativity in communications, digital marketing, strategy, global marketing and more.
- Transferable skills such as communication, teamwork, critical thinking, and creativity.

**A Level:** CCC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechanical and Manufacturing Engineering

UCAS  
HH37

**BEng Hons** Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year  
Degree Apprenticeship (HLA) option available

Learn how to design and manufacture machines and devices, from the smallest components to largest systems, covering industries as diverse as aerospace and automotive engineering, heavy equipment for quarrying, and medical devices. Be part of the next generation of designers and innovators within the manufacturing sector.

### I Will Learn

- Mathematics and science for engineering applications.
- An understanding of materials, manufacturing processes and systems.
- Computer-aided design (CAD) and computer-aided manufacture (CAM).

### Hands-on Experience

- Complete a one-year work placement to get real-world experience of working within the mechanical or manufacturing sectors.
- Option to study abroad for one year to get experience of engineering education in another country.
- Well-equipped laboratory facilities allow you to work on skills that are required in the workplace.

### Career Opportunities

- Mechanical Engineer
- Manufacturing Engineer
- Project Management
- Design Engineer
- Medical Devices
- Materials Engineering

To become a Chartered Engineer, you will need to complete a Masters in an Engineering subject.

### Why Ulster?

The course is accredited by the Institute of Mechanical Engineers (IMechE) which contributes to achieving Chartered Engineer status.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechanical Engineering

UCAS  
H300

### BEng Hons

Belfast

#### Full-Time

4 year FT degree including placement year

Mechanical engineers create, design, and manufacture products and processes across a wide range of industries that make our world function. From automotive to medical devices, aerospace to renewable energy, mechanical engineering touches all stages of design, development, and production.

#### I Will Learn

- Material properties and behaviour, the design of products and production processes, and manufacturing management.
- To apply engineering, physics, mathematics, and materials science principles to improve mechanical equipment and systems.
- Leading-edge technologies including Computer-Aided Engineering (CAE) and advanced manufacturing.

#### Hands-on Experience

- Complete a one-year work placement with options to work internationally.
- Individual and team projects give you the opportunity for hands-on involvement and an understanding of engineering materials, processes, and systems.
- Tackle real-life engineering problems through case studies and project work.

#### Career Opportunities

- Mechanical Engineer
- Aerospace Engineer
- Design Engineer
- Manufacturing Engineer
- Development Engineer
- Project Manager

The BEng fully meets the academic requirement for becoming an Incorporated Engineer, and partial requirements for a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Institution of Mechanical Engineers (IMechE) and the Institution of Engineering and Technology (IET).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechanical Engineering

UCAS  
H302

### MEng Hons

Belfast

#### Full-Time

5 year FT degree including placement year

Mechanical engineers create, design, and manufacture all kinds of products and processes across a wide range of industries. Complete the MEng to progress towards becoming a Chartered Engineer.

#### I Will Learn

- To apply engineering, physics, mathematics, and materials science principles to improve mechanical equipment and systems that make our world function.
- Design, mechanical systems, materials, and manufacturing skills.
- Research and project management skills needed to complete an MEng-level project and prepare you for your first engineering role.

#### Hands-on Experience

- Individual and team projects give you the opportunity for hands-on involvement and an understanding of engineering materials, processes, and systems.
- You will complete a one-year work placement to develop your engineering and personal skills and significantly enhance your employability on graduation.
- Your final year MEng dissertation project will give you practical experience of creating solutions to real-world engineering challenges.

#### Career Opportunities

- Design Engineer
- Project Manager
- Mechanical Engineer
- Aerospace Design Engineer
- Development Engineer
- Manufacturing Engineer

The MEng meets the academic requirements to become a Chartered Engineer. You will need to demonstrate additional competences through work experience.

#### Why Ulster?

This course is accredited by the Institution of Mechanical Engineers (IMechE) and the Institution of Engineering and Technology (IET).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBC\*

\*if including Maths and Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechanical Engineering with Enterprise Development

UCAS  
HH38

### BEng Hons

Derry~Londonderry

#### Full-Time/Part-Time

4 year FT degree including placement year

Learn about the design and manufacture of machines, covering industries as diverse as automotive aerospace, and medical devices. This degree combines technical engineering knowledge with business acumen and personal skills needed to start your career.

#### I Will Learn

- A solid foundation in the fundamental topics in engineering, physics, and mathematics.
- Computer-aided modelling of parts and assemblies, product design specification, material selection, and manufacturing considerations.
- How to bring a product to market, and the commercial considerations needed to attract orders.

#### Hands-on Experience

- A one-year work placement gives you essential experience of working in industry.
- Option to study abroad for one year to get experience of engineering education in another country.
- The enterprise modules will give you the personal and professional skills needed to apply your engineering skills in a workplace setting.

#### Career Opportunities

- Mechanical Engineer
- Manufacturing Engineer
- Start-up Manager
- Business Development Manager/ Project Manager
- Technical Sales
- Campaigns Manager

#### Why Ulster?

This course has been set up with input from our partners within the manufacturing industry.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including Maths, Further Maths or Physics.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechatronic Engineering

UCAS  
H730

### BEng Hons

Belfast

#### Full-Time/Part-Time

4 year FT degree including placement year

Mechatronics combines mechanics, electronics, and computing, to develop simpler, more reliable and economical integrated systems. The course has been designed with employers to prepare students for a wide range of roles across electronic and mechanical engineering.

#### I Will Learn

- The fundamental principles of mechanical and electronic technologies and how they are applied in industry.
- An understanding of software development and how programming is used in engineering.
- How to develop a design project from concept to a prototype level.

#### Hands-on Experience

- A one-year work placement provides important real-world context for your studies, where you gain relevant industrial experience.
- Employers have helped us to create the content, meaning you will be learning the skills that the industry needs.
- Lab work, case studies, and group projects give you important practical experience throughout the course.

#### Career Opportunities

- Product Developer
- Mechatronic Engineer
- Product Designer
- Embedded Systems Engineering
- Power Industry Engineering
- Electronic Engineer

The BEng fully meets the academic requirement for becoming an Incorporated Engineer, and partial requirements for a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET) and the Institution of Mechanical Engineers (IMechE).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Mechatronic Engineering

UCAS  
H733

### MEng Hons

Belfast

#### Full-Time

5 year FT degree including placement year

Mechatronics brings together the fields of mechanics, electronics, and computing in order to develop elegant solutions to engineering challenges. Mechatronics is essential to the growth of automation and manufacturing. The MEng is your pathway to becoming a Chartered Engineer.

#### I Will Learn

- The fundamental principles of mechanical and electrical technologies and how they are applied in industry.
- An understanding of software development and how programming is used in engineering.
- Research and project management skills needed to complete an MEng-level project to prepare you for your first engineering role.

#### Hands-on Experience

- A one-year work placement provides important real-world context for your studies and relevant industrial experience.
- You will have the option to spend a semester at Augsburg University in Germany for an insight into engineering abroad.
- Your final year MEng-level project will give you practical experience of working on real-world engineering challenges and finding solutions.

#### Career Opportunities

- Product Developer
- Embedded Systems Engineering
- Power Industry Engineering
- Mechatronic Engineer
- Electronic Engineer
- Product Designer

The MEng fully meets the academic requirement for becoming a Chartered Engineer.

#### Why Ulster?

This course is accredited by the Institution of Engineering and Technology (IET) and the Institution of Mechanical Engineers (IMechE).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB or BBC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Music

UCAS  
W302

### BMus Hons

Derry~Londonderry

#### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

This degree is a creative and modern approach to four core elements of performance, composition, musicology, and music technology. You will gain a comprehensive understanding of musical styles, genres, and disciplines while specialising in an area of music you enjoy.

#### I Will Learn

- A comprehensive overview of musical styles, genres, and disciplines, and how to approach composition and orchestration.
- Key digital audio techniques and principles of contemporary electronic music production including sequencing, sound synthesis, and audio effects.
- Self-awareness and an appreciation of artistic qualities that characterise musical performances.

#### Hands-on Experience

- This degree provides many opportunities to build performance skills outside of practical workshops, such as festivals, events, and ensembles.
- Experience life as a professional in a local music or arts organisation with an optional placement in year three.
- You will be taught by experienced subject professionals with strong industry links, and will benefit from visiting artists and musicians.

#### Career Opportunities

- Music Producer
- Music Teacher
- Freelance Musician
- Music Facilitator
- Venue Programming
- Event Co-ordinator

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

#### Why Ulster?

The interdisciplinary opportunities afforded to music equips you with a unique range of skills vital to careers in the creative industries.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level C grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**Possible Interview and/or audition required.**

## Music with Subject Combinations

Subject  
Combinations

Derry~Londonderry

### Music as a Major

This degree is a creative and modern approach to four core elements of performance, composition, musicology, and music technology.

#### Entry Requirements

**A Level:** CCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**Possible Interview and/or audition.**

## Music with Education

UCAS  
W3X3

### BA Hons

Full-Time

#### Why study Education as a Minor?

- An excellent introduction to a future career path in the education sector, both in schools and training.
- Study main concepts and concerns of contemporary educational theory and practice before applying for a Postgraduate Certificate in Education upon completion of your degree.

## Music with History

UCAS  
W3V1

### BA Hons

Full-Time/Part-Time

#### Why study History as a Minor?

- History at Ulster gives you the freedom to choose the topics that interest you most.
- You will develop a wide range of written, verbal, and analytical skills through the study of the historical processes that have shaped modern society.

#### Other course you may want to consider:

BA Hons Irish with Music - See page 109

UCAS Q5W3

## Nursing (Adult)

UCAS  
B740

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

Never more valued by society, nurses play a vital role in the care and wellbeing of patients and their families. We will equip you with the knowledge, skills, attitude, and values to provide compassionate, respectful, professional, and safe care in an adult nursing setting.

### I Will Learn

- To practice person-centred, evidence-based nursing care in a compassionate and respectful way that promotes dignity and wellbeing.
- Knowledge and skills to confidently prioritise the needs of people through effective assessment, planning, provision, and evaluation of care.
- To communicate and develop team-working and relationship management skills, and to work within professional, ethical, and legal frameworks to lead nursing care.

### Hands-on Experience

- 50% of your learning takes place in the real world in a wide range of hospital and community practice learning environments.
- Your learning is supervised by experienced clinical professionals with support from university staff, to enable you to apply theory to practice.

### Career Opportunities

- Specialist Nursing Practice
- Hospital/Community Clinical Nurse
- Health Care and Nursing Research
- Health Care Management/ Public Health
- Nurse Education

### Why Ulster?

This course is approved by the Nursing and Midwifery Council (NMC).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Nursing (Mental Health)

UCAS  
B760

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

Mental health nursing is a proactive and humanising profession, delivering innovative and valuable contributions to effective and equitable mental health services accessible to all, through working collaboratively with service users and families.

### I Will Learn

- Critical skills developed through theory, practical, simulated, and clinical settings.
- Therapeutic psychological approaches and interventions in mental health nursing.
- To assess, plan, provide, and evaluate care within professional, ethical, and legal frameworks.

### Hands-on Experience

- Learn in a wide range of hospital and community practice learning environments.
- Placements are also available outside the UK.

### Career Opportunities

- Mental Health Nurse
- Community Addictions Nurse
- Forensic Mental Health Nurse
- Community Mental Health Nurse
- CAMHS Nurse
- Care of the Older Person Nurse

On completion, you can undertake further study to specialise in many different areas within mental health nursing.

### Why Ulster?

This course is approved by the Nursing and Midwifery Council (NMC).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Occupational Therapy

UCAS  
B930

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

Occupational therapists help people complete activities they want and need to do but may be unable to due to illness or disability. Our course equips you to work as an Occupational Therapist with people of all ages in various settings.

### I Will Learn

- Underpinning knowledge of e.g. anatomy and physiology, health and wellbeing, communication, activity and occupational analysis, and evidence-based practice.
- About occupational performance through our lifespan across a range of physical and mental health conditions.
- How to assess people's needs and deliver the occupational therapy process within multi-disciplinary teams to maximise quality of life.

### Hands-on Experience

- Clinical placements in hospitals/community practice and schools within Health and Social Care Trusts.
- One role-emerging placement from a range of settings such as voluntary and community organisations, self-help, and community groups.
- Opportunity to complete your role-emerging placement abroad, plus various other study abroad opportunities.

### Career Opportunities

- Occupational Therapist
- Private Practice
- Disability Assessor
- NHS, Voluntary Sector
- Academia
- Researcher

On completion, you are eligible to apply for registration with statutory regulatory body, the Health and Care Professions Council (HCPC).

### Why Ulster?

This course is accredited by the World Federation of Occupational Therapists.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Optometry

UCAS  
B510

**MOptom** Coleraine

**Full-Time**  
4 year FT degree including placements

On this degree, you will explore everything from the biology to the psychology of vision, how to conduct an eye examination, prescribe glasses and contact lenses, and detect and manage ocular disease.

### I Will Learn

- To be a highly skilled, evidence-based optometrist, able to deliver patient-centred care in a variety of clinical settings.
- To be a confident, effective communicator in optometric practice.
- An extensive theoretical and scientific knowledge of the eye and vision to underpin your clinical skills.

### Hands-on Experience

- Throughout this course, you will learn from a range of experienced professionals with specialist expertise covering all aspects of eye care.
- You will gain experience of primary eye care in a variety of clinical settings, including the on-campus eye clinics and placements in community optometry practice.
- You will gain experience of secondary care within the hospital eye service, including attending ophthalmology clinics.

### Career Opportunities

- Optometrist
- Hospital Optometrist
- Business owner
- Vision Science Researcher
- Community Optometrist
- Optical industry roles

### Why Ulster?

We are ranked 3rd in the UK for Optometry, Ophthalmology and Orthoptics (Complete University Guide 2024). This course is approved by the General Optical Council (GOC).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** ABB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check and medical required.**

## Outdoor Adventure

UCAS  
C620

**BSc Hons**

Coleraine

**Full-Time**  
3 Year FT degree

This programme offers opportunities for developing personal and leadership skills through connection with, and understanding of, the outdoor adventure environment. This unique course is delivered in partnership with Sport NI and Tollymore National Outdoor Centre.

### I Will Learn

- How to inspire, communicate effectively, and innovate as a skilled outdoor adventure professional.
- How to evaluate contemporary outdoor adventure practice in the context of leadership, management, technical skills, and environmental perspectives.
- On location - much of the learning will take place in mountainous and coastal settings.

### Hands-on Experience

- Opportunities to achieve governing body qualifications in both land and water-based adventure activities.
- Two one-week residential placements per academic year will develop your personal skills and provide experience of outdoor adventure activities.
- Work-based learning throughout, with opportunities to apply and develop your skills in a range of outdoor settings.

### Career Opportunities

- Outdoor Instructor
- Expedition Leader
- Community Development
- Commercial Provider
- Educational Development
- Specialist Adventure Travel

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

Our course team is active in the outdoors, passionate, and made up of industry-recognised educators.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

**Health declaration required.**

## Paramedic Science

UCAS  
B900

**BSc Hons**

Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

This course prepares you to work in the roles undertaken by paramedics, by introducing you to the knowledge, skills, and behaviours necessary to become a competent and confident paramedic who provides safe, person-centred care across community, hospital, and ambulance services.

### I Will Learn

- The fundamentals of anatomy, physiology, physical and mental health, and pharmacology.
- Through simulated and practice-based learning, how to provide safe and effective person-centred pre-hospital care to people who have long-term conditions, acute medical and surgical needs, and trauma-related conditions.
- To assess, plan, implement, and evaluate competent and safe person-centred pre-hospital care.

### Hands-on Experience

- Learn in a wide range of learning environments including community health and social care settings, hospital services, and ambulance services.
- Your degree includes 60 weeks practice-based learning.
- Opportunities for up to four weeks practice-based learning are also available outside the UK in settings which have agreed partnership arrangements with Ulster University.

### Career Opportunities

- Ambulance Services
- Paramedic
- Hospital Services Paramedic
- Community Services Paramedic

### Why Ulster?

This programme is Health and Care Professions Council approved and the only one of its kind in Northern Ireland.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check and medical required.**

## Personalised Medicine

UCAS  
8H21

**BSc Hons**

Derry~Londonderry

**Full-Time**  
3 year FT degree or 4 year with placement year

As biomedical science learns how differences in human genomes cause disease, there is a need for graduates who can work in clinics with patients, in the lab with samples, and who can apply data science skills. Personalised Medicine provides a 360-degree skill set in biology, data analytics, and clinical practice, creating graduates who can develop the treatments and technologies of the future.

### I Will Learn

- How diseases develop, why treatments are effective, and how treatments and diagnostics are developed based on a patient's genes and proteins.
- How to design clinical studies, how to analyse samples in the lab, and the coding and maths skills needed to analyse data.
- The interpersonal and professional skills needed to work in scientific environments across research, healthcare, and industry.

### Hands-on Experience

- Our course has been designed with healthcare and industry to ensure graduates have the right employment skills, with guest lecturers contributing to our modules.
- A placement year provides opportunities to gain skills and experience in professional scientific environments, including hospitals, companies, and research centres.
- Final-year research projects give all students experience of contemporary scientific developments.

### Career Opportunities

- Medical Researcher
- Data Scientist
- Laboratory Scientist
- Software Developer
- Industrial Scientist
- Pharmaceutical Development

### Why Ulster?

This course received 100% positivity rating in the National Student Survey 2023.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB or BCC\*

\*if offering 2 subjects from Biology, Chemistry, Physics, Maths, Applied Science, IT, Digital Technology, Software Systems Development or Computing.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Health Assessment required.**

## Pharmaceutical Bioscience

UCAS  
9GOW

**MSci**

Coleraine

**Full-Time**  
4 year FT degree including placements

Pharmaceutical bioscientists work within all stages of the drug development process. This course will prepare you for a professional career in the pharmaceutical sector and is designed to build professional expertise, rigour, entrepreneurship and innovation, and an understanding of product development, effectiveness, and evaluation.

### I Will Learn

- How to prepare pharmaceutical ingredients and formulate medicines.
- To understand the effect of drugs and therapeutics.
- How to demonstrate understanding of pharmaceutical biosciences and the drug industry.

### Hands-on Experience

- Integrated placements throughout the course.
- Work shadowing opportunities in companies such as Almac, Randox, Norbrook, and Teva.

### Career Opportunities

- Pharmaceutical Scientist
- Analytical Scientist
- Academic Researcher
- Biopharmaceutical Scientist
- Research and Development

### Why Ulster?

Students will have the chance to work in a research environment, the Biomedical Sciences Research Institute (BMSRI), as well as a research/industrial placement in the final year of the four year masters degree.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Pharmacy

UCAS  
B230

### MPharm

Coleraine

#### Full-Time

4 year FT degree including placements

Pharmacists are the medicine experts who work across community, hospital, general practice, and industry sectors. Pharmacists can deliver medicine optimisation, independent prescribing, clinical advice, and patient-centred care.

#### I Will Learn

- A comprehensive clinical, scientific, and practice knowledge base, developing clinical skills and an understanding of the professional practice of pharmacy.
- In specialised teaching facilities including clinical education spaces, scientific laboratories, a model pharmacy, cell culture facilities, and an aseptic manufacturing suite.
- Placements in key pharmacy sectors, supported by simulated learning with award-winning academic, scientific, and clinical staff, and reflective practice in bespoke clinical education spaces.

#### Hands-on Experience

- Experiential learning opportunities in community, hospital, and general practice settings throughout the academic years.
- Part-time work and foundation year training opportunities. Typically, short placement visits take place in pharmaceutical industries such as Nicobrand and Norbrook.
- Where appropriate, module content will be delivered by practising pharmacists.

#### Career Opportunities

- Community Pharmacist
- Prescribing Pharmacist
- Hospital Pharmacist
- General Practice Pharmacist
- Industrial Pharmacist
- Medicines Information Pharmacist

General Pharmaceutical Council (GPhC) and Pharmaceutical Society of Northern Ireland (PSNI) accreditation to progress to pharmacist foundation training.

#### Why Ulster?

We are 2nd in the UK for Pharmacy and Pharmacology (Guardian University Guide, 2024).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

##### A Level: AAB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Access NI check, medical and successful completion of interactive component required.**

## Photography with Video

UCAS  
W641

### BA Hons

Belfast

#### Full-Time

3 year FT degree or 4 year with placement year

Photography and video are at the heart of the creative industries, from galleries and magazines to film sets. This highly creative degree combines practice, theory, and professional experience, to help you develop unique and innovative photographic and video content.

#### I Will Learn

- The fundamentals of storytelling, communication, and visual literacy within any photographic content; from the fine art sector to social and commercial media.
- Professional workflows, studio and location practices, and industry-standard cameras and working approaches to create still and moving photography work that is distinct and individual.
- About the photography sector, visual and creative industries, whilst also building promotional tools and the ability to apply such skills to a broad range of careers.

#### Hands-on Experience

- State-of-the-art facilities allow you to build professional portfolios and sustained projects to help you enter the commercial and creative industries.
- You will be taught by renowned professionals, including BAFTA award-winning Donovan Wylie, and a staff team recognised internationally.
- Students benefit from the course's international networks and placement opportunities, which will help you build your own professional partnerships.

#### Career Opportunities

- Photographer/Videographer
- Public Artist
- Fashion Photo/Videographer
- Roles in Education and Art Therapies
- Gallery Curator
- Magazine/Book Editor or Producer

#### Why Ulster?

Our innovative work has been recognised and continues to be recognised as world-leading, with 100% outstanding or very considerable research impact (REF 2021).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

##### A Level: CCC

**Portfolio submission required.**

## Physiotherapy

UCAS  
B160

### BSc Hons

Derry~Londonderry

#### Full-Time

3 year FT degree including placements

Physiotherapists help patients to improve their health and well-being through physical, mental, and social rehabilitation. This course will prepare you to work across all areas of healthcare, treating people through movement, exercise, and hands-on therapy, as well as providing education and advice.

#### I Will Learn

- The underpinning theory and practice of physiotherapy and rehabilitation.
- How to assess and manage respiratory and rheumatological conditions, fractures, soft tissue, musculoskeletal disorders, and neurological conditions.
- How to manage complex problems in relation to rehabilitation and palliative care for people with long-term conditions.

#### Hands-on Experience

- Extensive clinical practice within NHS based placements.
- Study abroad opportunities.

#### Career Opportunities

- Physiotherapist
- Researcher
- Rehabilitation Specialist
- Health Service Manager
- Private Practitioner
- Leader in health care delivery

On completion, you are eligible to apply for registration with the professions statutory regulatory body, the Health and Care Professions Council (HCPC).

#### Why Ulster?

This course is accredited by the Chartered Society of Physiotherapy.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

##### A Level: BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Planning, Regeneration and Development

UCAS  
KK42

### BSc Hons/MSci Hons

Belfast

#### Full-Time

3 year BSc FT degree or 4 year with placement year/4 year Integrated Masters FT degree or 5 year with placement year

As the global population continues to grow, learn how you can help create sustainable cities, towns, villages, and communities, finding solutions to planning challenges of the future. Discover how the planning system, regeneration practices, and development processes shape our infrastructure.

#### I Will Learn

- Knowledge and skills on planning law and practice, property market analysis, environmental sustainability, inclusive design, and healthy place-making.
- How planning, regeneration, and development practices help tackle social, environmental, and economic challenges.
- How to apply research and analytical skills to guide appropriate land use change and property development.

#### Hands-on Experience

- The course includes a work placement year with opportunities to apply for roles both at home and abroad.
- You will have the chance to take a field trip abroad to examine international planning, regeneration, and development issues.
- Site visits, case studies, and practical work are used throughout the course to show how the theory is applied.

#### Career Opportunities

- Planning Officer
- Local Government
- Town Planner
- Planning Consultant
- Planning Surveyor
- Researcher

#### Why Ulster?

We are ranked 2nd in the UK for Land & Property Management (Complete University Guide, 2024). This course is accredited by the Royal Town Planning Institute (RTPI) and by the Royal Institution of Chartered Surveyors (RICS).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

##### A Level: BBC or BCC\*

\*if including grade B in Geography.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Podiatry

UCAS  
B985

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

Podiatrists assess, diagnose, and treat medical problems in the lower limbs and feet, working in hospitals, community settings, and patients' homes. Podiatry is a science-based healthcare profession that focuses on the promotion, maintenance, and restoration of foot health.

### I Will Learn

- Underpinning anatomy and physiology of the lower limb and its effect on musculoskeletal function and gait.
- To assess patients, and to diagnose and treat foot and lower limb problems.
- To work within multi-disciplinary teams.

### Hands-on Experience

- On-campus podiatry clinic provides services to the local community.
- Extensive clinical practice within NHS-based placements.
- Essential interpersonal and professional skills, equipping you to work locally or internationally.

### Career Opportunities

- Podiatrist
- Podiatric Surgeon
- Lecturer
- Advanced Practitioner
- Sports Podiatrist

On completion, you are eligible for registration with the Health and Care Professions Council (HCPC) and membership of the Royal College of Podiatry (RCoP).

### Why Ulster?

This course is accredited by the Royal College of Podiatry (RCoP).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Politics and International Studies

UCAS  
L200

**BSc Hons** Belfast

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

A dynamic subject, essential to understanding people, power, and policies in a changing world. Students are introduced to central questions driving political change across the world today and discover how academics, including their own lecturers, are trying to address them.

### I Will Learn

- A detailed knowledge and understanding of contemporary political analysis.
- An appreciation of the complexity and diversity of political problems in society.
- How to apply theoretical perspectives and concepts to real-life problems, with excellent training in social research methods.

### Hands-on Experience

- Live research projects provide opportunities to carry out independent research, work collaboratively, and sensitively engage in policy debate.
- Opportunities to apply political theories through work-based learning, volunteering, or optional one-year work placement.
- Option to study abroad where you can benefit from an alternative curriculum and experience an unfamiliar political culture and system.

### Career Opportunities

- Researcher
- Civil Service
- Public Affairs
- Political Consultant
- Community Development
- Journalist

### Why Ulster?

You will learn from world-leading researchers and scholars in contemporary politics, society, conflict, and peacebuilding.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

## Politics and International Studies with Criminology

UCAS  
L2M9

**BSc Hons** Belfast

**Full-Time/Part-Time**  
3 year FT degree or 4 year with placement year

Exploring contemporary political challenges, international issues, and theory, this degree also provides excellent training in social research methods. Through your criminology minor, you will examine the impact of crime and criminal justice on society and policy.

### I Will Learn

- An appreciation of the complexity and diversity of political problems in society.
- How to apply theoretical perspectives and concepts to real-life problems, with excellent training in social research methods.
- The impact of the criminal justice system, its institutions, and principles, on the community it serves.

### Hands-on Experience

- Live research projects provide opportunities to carry out independent research, work collaboratively, and sensitively engage in policy debate.
- Opportunities to apply political theories through work-based learning, volunteering, or optional one-year work placement.
- Option to study abroad where you can benefit from an alternative curriculum and experience an unfamiliar political culture and system.

### Career Opportunities

- Researcher
- Civil Service
- Public Affairs
- Political Consultant
- Community Development
- Police

### Why Ulster?

You will learn from world-leading researchers, scholars and practitioners in contemporary politics, society conflict, peacebuilding and restorative justice.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

NATIONAL STUDENT MONEY SURVEY (2023)

## Product Design

UCAS  
W260

### BA Hons

Belfast

#### Full-Time

3 year FT degree or 4 year with placement year

This course provides a stimulating and challenging practice-based education within a studio environment for those from an art, design, or technology background, who want a career in areas like product, industrial, furniture, lighting design, or as a designer/maker, including ceramics and metal.

#### I Will Learn

- The core processes in design; product research, developing ideas, prototyping, making, and testing.
- An introduction to the concepts and methodologies of visual communication, graphic design, 3D CAD, CAM, information design, and presentation techniques.
- An understanding of materials and manufacturing processes through live client briefs; design intent, commercial, societal, and industrial considerations through to completion.

#### Hands-on Experience

- Studio access, technical workshops, demonstrations, and study trips provide experience and expertise for your CV.
- Employer engagement events, competitions, and end of year show provide opportunities to showcase your portfolio of work to industry professionals.
- Put theory into practice and gain professional experience with an optional placement/study abroad between years two and three.

#### Career Opportunities

- Product Designer
- Furniture Designer
- Design Writer/Critic
- Industrial Designer
- Studio Practitioner
- Designer Maker

This course is designed primarily for students from either an Art and Design or Technology and Design background.

#### Why Ulster?

Automatic student membership with the Institute of Designers in Ireland (IDI).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.  
**A Level:** CCC

## Psychology

UCAS  
C820

### BSc Hons

Coleraine

#### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Psychology considers the causes and development of behaviour and the ways in which people interact with and influence each other. This course provides a comprehensive foundation for your career as a psychologist. An understanding of human behaviour also makes psychology graduates very desirable in many other occupational sectors.

#### I Will Learn

- New perspectives on how we engage with the world and how people interact with and influence each other.
- About the specialisms within psychology, including the causes and development of human behaviour.
- Key research skills in lab-based practical settings, essential for a professional career in psychology and useful in many other sectors.

#### Hands-on Experience

- Optional placement year and study abroad opportunities.
- Problem-based learning activities which encourage the development of skills relevant to the workplace.
- Work-based learning opportunities which facilitate the development of graduate skills using psychology in professional settings.

#### Career Opportunities

- Professional Psychology
- Management Consultancy
- Applied Behaviour
- Public Relations
- Research
- Analyst Advertising and Marketing

Further training is required to practice as a professional psychologist in areas such as educational, clinical, occupational, health, sport, counselling, and forensic psychology.

#### Why Ulster?

We are ranked 1st in NI for Psychology (Guardian University Guide 2024 and Times Good University Guide 2024).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

Applicants may satisfy the requirement for the third A Level grade (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

## Quantity Surveying and Commercial Management

UCAS  
K240

### BSc Hons

Belfast

#### Full-Time/Part-Time

4 year FT degree including placement year/  
5 year PT and Degree Apprenticeship (HLA)

Quantity surveyors are construction professionals who manage and control the cost of major construction projects. You will manage cashflow, assess and report on project financial performance, advise on the economic practicality of projects with the aim of delivering them within budget, and create a sustainable built environment of the future.

#### I Will Learn

- Competencies that define a quantity surveyor or commercial manager according to the RICS assessment of professional competence pathway.
- Project management and communication skills to procure and administer complex construction projects.
- How economics, law, government, and society impact the built environment and contribute to the development of social, economic, and environmental wellbeing.
- Modern surveying techniques, construction methods and technologies, and Building Information Modelling (BIM).

#### Hands-on Experience

- A work placement year provides vital experience of working within the construction industry.
- The final-year project simulates real-life scenarios and challenges practical solutions.
- Our links with employers within the construction sector mean that course content is relevant to the needs of the industry.

#### Career Opportunities

- Quantity Surveyor
- Surveyor/Project Manager
- Commercial Manager
- Construction Consultant
- Cost Engineer
- Measurement Engineer

#### Why Ulster?

We are ranked 4th in the UK for Building-related subjects (Times Good University Guide 2024).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** AAA or ABB\*

\*if including one of Maths, Physics, Chemistry, Biology, Engineering or Construction.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Radiography and Imaging, Diagnostic

UCAS  
B821

### BSc Hons

Derry~Londonderry

#### Full-Time

3 year FT degree including placements

As a diagnostic radiographer, you will carry out imaging examinations to diagnose, treat, and monitor disease and injury, whilst ensuring patient well-being. You will use a range of technologies including X-rays, CT scans, ultrasound, MRI and other developing technologies.

#### I Will Learn

- How to undertake different examinations using the range of diagnostic imaging technologies that help contribute to patient diagnosis.
- To assess the diagnostic and technical quality of images and be able to recognise normal and abnormal appearances when demonstrated.
- Patient-centred professional skills enabling you to work as part of a multi-disciplinary team.

#### Hands-on Experience

- Professional practice placements throughout this course.
- Optional placement schemes abroad.

#### Career Opportunities

- Diagnostic Radiographer
- Reporting Radiographer
- Mammographer
- Higher Education
- Application Specialist
- Diagnostic Sonographer

On completion, you are eligible to apply for registration with statutory regulatory body, the Health and Care Professions Council (HCPC).

#### Why Ulster?

This course is accredited by the Society and College of Radiographers (SCoR).

P

## Radiotherapy and Oncology

UCAS  
B822

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree including placements

Radiotherapy and oncology involves working with ill and vulnerable cancer patients. Through this course, you will learn to use ionising radiation to treat cancer whilst ensuring patient wellbeing. You will plan and deliver radiotherapy which is often lifesaving.

### I Will Learn

- Key science concepts including anatomy and physiology, pathology, applied physics, radiation protection, and clinical oncology.
- About the technology and safety of radiotherapy equipment and relevant legislation.
- Professional skills to equip you to work within a multidisciplinary healthcare team and deliver excellent patient care.

### Hands-on Experience

- Extensive clinical practice within NHS-based placements.
- Study abroad opportunities are available.

### Career Opportunities

- Radiographer Research
- Radiographer Planning
- Radiographer
- Prescribing Radiographer
- Pre-treatment Radiographer
- Therapeutic Radiographer

On completion, you are eligible to apply for registration with the statutory regulatory body, the Health and Care Professions Council (HCPC).

### Why Ulster?

This course is accredited by the Society and College of Radiographers (SCoR).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Real Estate

UCAS  
K291

**BSc Hons** Belfast

**Full-Time/Part-Time**  
4 year FT degree including placement year

The programme produces graduates with the knowledge and skills necessary to become a Chartered Surveyor and pursue a professional career within the real estate industry. The course engenders an appreciation of the development of land and buildings, property valuation, asset management, and investment analysis.

### I Will Learn

- The business and economic skills and knowledge needed to analyse property investment and undertake valuation instructions for sale, rental, and mortgage lending purposes.
- The ability to inspect, measure, appraise, and manage residential and commercial real estate assets for statutory and non-statutory purposes.
- An appreciation of the property development process in terms of the acquisition of land and buildings, its building life-cycle, sustainability features, market appraisal, and the planning approval process.

### Hands-on Experience

- Site visits and real-world local and international case studies ensure you learn from leading real estate industry experts.
- You will take a one-year placement year to get hands-on experience of working within the real estate sector.
- The course is informed by cutting-edge research, industry guest lectures, and real-life projects which enable you to understand how theory is applied in practice.

### Career Opportunities

- Surveyor/Valuer
- Data Analyst
- Letting Agent/Sales Negotiator
- Investment Fund Manager
- Asset/Facilities Manager
- Property Developer

You will need to complete the RICS Assessment of Professional Competence to gain professional Chartered status.

### Why Ulster?

We are ranked 2nd in the UK for Land and Property Management (Complete University Guide, 2023).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Renewable Energy Engineering

UCAS  
H221

**BEng Hons** Derry~Londonderry

**Full-Time/Part-Time**  
4 year FT degree including placement year

Work within the renewable energy sector and create a cleaner environment to live in. Become an engineer with the vision and skills necessary to design and manufacture engineering systems and machines for the renewables industry, and learn how they are connected to the power distribution network.

### I Will Learn

- A broad understanding of all major renewable energy technologies and how they are used in the modern world.
- Computer-Aided Design skills, including 3-D digital modelling, material selection, and manufacturing considerations in design.
- How renewable energy is integrated onto electrical distribution networks and systems.

### Hands-on Experience

- A placement year gives you practical experience to take into final year.
- Option to study abroad for one year to get experience of engineering education in another country.
- Our well-equipped labs give you experience of working on practical projects.

### Career Opportunities

- Renewable Energy Sector
- Electrical Distribution
- Environmental Officer
- Manufacturing Engineer
- Electrical Engineer
- Project Manager

### Why Ulster?

The course is accredited by the Institute of Mechanical Engineers (IMechE) which contributes to achieving Chartered Engineer status.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or CCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Screen Production

UCAS  
P594

**BA Hons** Belfast

**Full-Time**  
3 year FT degree or 4 year with placement year

Screen production is a highly practical degree for those who want to work in film and television production. Combining critical thinking with practical production experience, you will learn specialist skills in cinematography, editing, screenwriting, sound production, fiction film, documentary, live broadcast, virtual production and visual effects (VFX).

### I Will Learn

- The craft skills required for fiction, documentary, live television, and virtual production including camera craft and composition, the art and craft of editing, audio and sound capture, and VFX.
- Storytelling skills including screenwriting and genre, alongside how culture and politics are reflected in the media we produce and consume.
- The roles and skills required to produce a range of productions from short film to live television, documentary, and virtual production.

### Hands-on Experience

- Experience life as a professional media practitioner with our state-of-the-art studio space, green screens, and live broadcast facilities.
- This degree is part of the Ulster Screen Academy, allowing you to network and collaborate with other students/industry professionals.
- Build your CV with an optional placement or study abroad opportunities.

### Career Opportunities

- Director
- Producer
- Writer/Researcher
- Programme Development
- Broadcast Operator
- Shoot Editor

### Why Ulster?

You will graduate with a large portfolio of work, equipping you with the skills and confidence to begin your career.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

## Social Policy

UCAS  
L401

**BSc Hons**

Belfast

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Focused on key questions around human need, welfare, inequality and wealth distribution, this course explores how we choose to structure and organise society. You will understand the complexities of policy making and its governance at regional, national, and international levels.

#### I Will Learn

- The theoretical knowledge and research skills not just to study, but to tackle social problems.
- How key issues of poverty, inequality, and social need are impacted by the theories, politics, governance, and delivery of welfare.
- How government and non-government bodies respond to social issues such as health, social care, housing, aging, and disability.

#### Hands-on Experience

- Undertake a six-week work-based placement to practice key skills and understand challenges faced when implementing social policy.
- Opportunity to build professional skills and experience through optional one-year work placement.
- Option to study abroad where you can explore issues and policy differences in an unfamiliar culture and system.

#### Career Opportunities

- Charity Officer
- Civil Service
- Local Government
- Housing Officer
- Policy Officer
- Social Researcher

May provide some professional qualification exemptions in housing and health service management and a route to fast-track social work qualification.

#### Why Ulster?

Our degree is designed so that you experience all aspects of social policy in your first year and then specialise in your chosen field of expertise.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

**Access NI check required.**

## Social Policy with Subject Combinations

Belfast

### Social Policy as a Major

Students will develop their understanding of the complexities of policy making and governance at regional, national, and international levels.

#### Entry Requirements

**A Level:** BCC

Applicants may satisfy the requirement for the third/lower grade by substituting a combination of alternative qualifications recognised by the University.

**Access NI check required.**

## Social Policy with Criminology

UCAS  
L4M9

**BA Hons**

Full-Time/Part-Time

#### Why study Criminology as a Minor?

- Criminology addresses crime, deviance, and its control. Informed by a range of disciplines including law, public policy, social policy, and economics.
- You will delve into criminological concepts like victims, policing, sentencing, punishment, corporate, state, and cyber-crime.

## Social Policy with Sociology

UCAS  
L4LH

**BSc Hons**

Full-Time/Part-Time

#### Why study Sociology as a Minor?

- Sociology is a discipline which is concerned with how human society works and 'what makes us tick'.
- You will explore social issues and learn how to challenge assumptions and claims made about our modern, diverse world by collecting and evaluating evidence.

## Social Work

UCAS  
L500

**BSc Hons**

Derry~Londonderry

### Full-Time

3 year FT degree

BSc Social Work is a professional qualification that meets the requirements of the Northern Ireland Social Care Council. The social work degree is a mix of academic study and full-time professional practice placements, where you will work alongside social work practitioners to develop the skills required for professional social work practice.

#### I Will Learn

- A practical understanding of social policy, psychology, sociology, and law as applied to the role of social work in communities.
- To assess risk, analyse information, and form professional judgements.
- To support service users in diverse settings, including family and child care, disability, substance misuse, mental health, justice, and older people.

#### Hands-on Experience

- A combination of written and role-play assessments, including direct contact with service users, will prepare you for practice.
- You will undertake two contrasting practice placements in children's and adult services - 85 days in year two and 100 days in year three.
- Placement opportunities are provided by a range of agencies including Health and Social Care Trusts, and other voluntary and statutory sector agencies.

#### Career Opportunities

- Children's Services
- Hospital Social Work
- Mental Health
- Education Welfare
- Criminal Justice
- Disability Services

#### Why Ulster?

This course is accredited by the professional regulatory body for NI, the Northern Ireland Social Care Council (NISCC), and we work alongside the NISCC in the design of our curriculum and practice-learning assignments.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Sociology

UCAS  
L300

**BSc Hons**

Belfast

### Full-Time/Part-Time

3 year FT degree or 4 year with placement year

Sociology is a discipline which is concerned with how human action both shapes and is shaped by structures. You will explore a diverse range of social issues and learn how to use theories and concepts to think critically and creatively by using and evaluating evidence.

#### I Will Learn

- The theories seeking to explain the origins and nature of the contemporary social world.
- The main social characteristics of contemporary society within a global context.
- The research skills needed for the collection and assessment of evidence and the development of arguments.

#### Hands-on Experience

- Assessments and workshops are designed to develop your transferrable skills including presentations, focus groups, and interviews.
- Opportunity to practice applied social and policy sciences through optional one-year work placement.
- Option to study abroad where you can benefit from an alternative curriculum and experience an unfamiliar culture and political system.

#### Career Opportunities

- Social Researcher
- Civil Service
- Social Work
- Community Development
- Policing
- Human Resources

A popular route to the fast-track social work qualification.

#### Why Ulster?

Our curriculum is research-led so you will benefit from cutting-edge theory and real case studies.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for the third grade by substituting a combination of alternative qualifications recognised by the University.

## Sociology with Subject Combinations

Derry~Londonderry

### Sociology as a Major

The scientific study of human society, its origins, development, organisations, and institutions, exploring areas including education, family, community, crime, race, class, gender, and religion.

#### Entry Requirements

##### A Level: CCC

Applicants may satisfy the requirement for the third grade by substituting a combination of alternative qualifications recognised by the University.

## Sociology with Criminology

UCAS  
L3M8

BSc Hons

Full-Time

#### Why study Criminology as a Minor?

- Criminology and Criminal Justice addresses crime, deviance, and its control. Informed by a range of disciplines including law, public policy, social policy, and economics.
- You will delve into criminological concepts like victims, policing, sentencing, punishment, corporate, state, and cyber-crime.

## Sociology with Education

UCAS  
L3LE

BSc Hons

Full-Time

#### Why study Education as a Minor?

- An excellent introduction to a future career in the general education or training sectors.
- It will provide you with an introduction to the main concepts of educational theory and practice in NI, the UK, and internationally.

## Sociology with History

UCAS  
L3LH

BSc Hons

Full-Time

#### Why study History as a Minor?

- History at Ulster gives you the freedom to choose the topics that interest you most.
- You will develop a wide range of written, verbal, and analytical skills through the study of the historical processes that have shaped modern society.

## Sociology with Politics and International Studies

UCAS  
L3LG

BSc Hons

Full-Time

#### Why study Politics and International Studies as a Minor?

- A dynamic subject essential to understanding people, power, and policies in a changing world.
- Students are introduced to central questions driving political change across the world today, and discover how academics, including their own lecturers, are trying to address them.

## Sociology with Subject Combinations

Belfast

### Sociology as a Major

The scientific study of human society, its origins, development, organisations, and institutions, exploring areas including education, family, community, crime, race, class, gender, and religion.

#### Entry Requirements

##### A Level: BCC

Applicants may satisfy the requirement for the third grade by substituting a combination of alternative qualifications recognised by the University.

## Sociology with Criminology

UCAS  
L3M9

BSc Hons

Full-Time/Part-Time

#### Why study Criminology as a Minor?

- Criminology addresses crime, deviance, and its control. Informed by a range of disciplines including law, public policy, social policy, and economics.
- You will delve into criminological concepts like victims, policing, sentencing, punishment, corporate, state, and cyber-crime.

## Sociology with Politics and International Studies

UCAS  
L3LF

BSc Hons

Full-Time/Part-Time

#### Why study Politics and International Studies as a Minor?

- A dynamic subject, essential to understanding people, power, and policies in a changing world.
- Students are introduced to central questions driving political change across the world today and discover how academics, including their own lecturers, are trying to address them.

## Software Engineering

UCAS  
G600

BEng Hons

Belfast

Full-Time

4 year FT degree including placement year

This programme is aimed at those motivated by the value of an engineering approach to the development of software systems, and who enjoy finding elegant solutions to complex software problems. The demand for graduates from the software industry is very high.

#### I Will Learn

- The theory and principles of software development, putting into practice a variety of programming languages.
- To follow software engineering principles in the design and implementation of software systems that provide solutions to real-life problems.
- Industry-standard quality assurance techniques and their role in software engineering management.

#### Hands-on Experience

- You will complete a one-year work placement to gain practical experience within the IT sector.
- Projects, case studies, and practical lab work bring theoretical concepts to life, facilitating a deeper understanding.
- Industry experts deliver guest lectures and talks alongside demonstrations throughout the course, putting theory into a real-life context.

#### Career Opportunities

- Software Developer
- Technical Analyst
- Test Engineer
- Web Developer
- Systems Engineer
- Software Engineer

#### Why Ulster?

The course is accredited by BCS (British Computing Society), the Chartered Institute for IT.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB or BBC\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Software Engineering

UCAS  
G603

### MEng Hons

Belfast

#### Full-Time

5 year FT degree including placement year

If you want to become a Software Engineer with expertise in the engineering processes applied to the computer industry, then you should consider this course. This integrated masters additionally provides Level 7 instruction involving a range of advanced topics in the subject area. Computing pervades every aspect of our day-to-day lives, from the gadgets in our homes and our workplaces to our mobile phones. Industry needs dynamic, enthusiastic graduates with interests across the software engineering spectrum.

#### I Will Learn

- The theory and principles of software development, putting into practice a variety of programming languages.
- To follow software engineering principles in the design and implementation of software systems that provide solutions to real-life problems.
- Industry-standard quality assurance techniques and their role in software engineering management.

#### Hands-on Experience

- You will complete a one-year work placement to gain practical experience within the IT sector.
- Projects, case studies, and practical lab work bring theoretical concepts to life, facilitating a deeper understanding.
- Industry experts deliver guest lectures and talks alongside demonstrations throughout the course, putting theory into real-life context.

#### Career Opportunities

- Software Development Management
- Consultant
- Planning and Technical Management
- Requirements Analyst
- Software Engineer
- Research & Development opportunities

#### Why Ulster?

The course is accredited by BCS (British Computing Society), the Chartered Institute for IT.

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** AAA-AAB\*

\*if including one of Maths, Further Maths, Physics, Chemistry, Software Systems Development, Computer Science or Computing (not IT/ICT).

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE or equivalent. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Speech and Language Therapy

UCAS  
B632

### BSc Hons

Derry~Londonderry

#### Full-Time

3 year FT degree including placements

Speech and language therapists assess and provide therapeutic interventions for people of all ages who have communication difficulties and/or problems with eating, drinking, and swallowing (EDS).

#### I Will Learn

- An understanding of communication, eating, drinking, and swallowing, and the impact of difficulties in communication and feeding/eating on how the person participates in their life.
- The professional knowledge and skills required to manage these communication and eating, drinking, and swallowing challenges.
- Health professional attitudes and skills to equip you to work effectively and safely within your scope of practice i.e. team-working and clinical reflection.

#### Hands-on Experience

- Placements include a range of health, educational, social, and residential settings where children, young people, and adults live, study, and work, and where speech and language therapists provide a service.
- All placements are run in partnership with Northern Ireland Health Trusts' Speech and Language Therapy services.

#### Career Opportunities

- Speech and Language Therapist
- Working with people with Dementia
- Learning Disability Support
- Charitable Sector

On completion, you are eligible to apply for registration with UK statutory regulatory body, the Health and Care Professions Council (HCPC).

#### Why Ulster?

As a graduate you will be eligible for full membership of the UK's professional body, Royal College of Speech and Language Therapists (RCSLT).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBB

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview, Access NI check and medical required.**

## Sport and Exercise Nutrition

UCAS  
C621

### BSc Hons

Coleraine

#### Full-Time

3 year FT degree

Sport and exercise nutrition examines the relationship between diet and exercise, and how it impacts on our health and wellbeing, as well as on amateur and elite sport performance. This is vital for ensuring a healthy balance of diet and exercise.

#### I Will Learn

- About the relationship between diet and exercise.
- How diet and exercise impact on health and wellbeing in the context of amateur and elite sport performance.
- How nutrition impacts sports performance.

#### Hands-on Experience

- Work-based learning and real-life examples incorporated into applied modules.
- Modules lead by performance nutritionists.

#### Career Opportunities

- Nutritionist
- Health Improvement Practitioner
- Product Development
- Nutrition Education Officer
- Sport and Exercise Nutritionist

Further study is required if you wish to work as a sport and exercise nutritionist.

#### Why Ulster?

Become a Sport and Exercise Nutritionist by completing MSc Sport and Exercise Nutrition at Ulster University, accredited by the Sport and Exercise Nutrition Register (SENr).

#### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

Providing the subject requirement is met, applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

ALUMNI WORLDWIDE

## Sport and Exercise Sciences

UCAS  
C600

**BSc Hons** Belfast and Jordanstown

**Full-Time**  
3 year FT degree or 4 year with placement year

Endorsed by the British Association of Sport and Exercise Sciences, this course will provide you with evidence-based knowledge of exercise physiology, biomechanics, and sports psychology. You will develop practical and laboratory skills in the context of sports performance, physical activity, health, and wellbeing.

### I Will Learn

- The building blocks of sport and exercise science including exercise physiology, nutrition, biomechanics, and sports psychology.
- Technical skills in the research and performance laboratories that will prepare you for many career opportunities as a sport and exercise scientist.

### Hands-on Experience

- Optional placement year and study abroad opportunities.

### Career Opportunities

- Sports Scientist
- PE Teacher
- Performance Analyst
- Sports Nutritionist
- Strength and Conditioning Coach
- Sports Coach

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

This course is accredited by the British Association of Sport and Exercise Sciences (BASES).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** AAB

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Health declaration required.**

## Sport Studies

UCAS  
CNP2

**BSc Hons** Belfast and Jordanstown

**Full-Time**  
3 year FT degree or 4 year with placement year

Sport is viewed as a tool for addressing individual and societal agendas, including improving health, enhancing community relations, and acting as an economic stimulus. This course combines sport and social sciences to help you understand the role and impact of sport in society.

### I Will Learn

- The sociology, politics, and history of sport.
- About physical education and sports coaching.
- About sport development, sports management, and the policy and planning of sport.

### Hands-on Experience

- Optional placement year and study abroad opportunities.
- Guest speakers from industry.
- Events with current placement students, graduates, and industry experts.

### Career Opportunities

- Sports Coach
- Community Health Leader
- Policy Maker
- Sports Development Officer
- Sports Administrator
- Teacher

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

You can complete sports coaching qualifications during this degree and have access to advice from a wide range of graduates and industry experts from across the world.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** AAB

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Health declaration required.**

## Sport, Physical Activity and Health

UCAS  
CB69

**BSc Hons** Derry~Londonderry

**Full-Time**  
3 year FT degree or 4 year with placement year

Learn about sport, physical activity and health for individuals and wider society. This course equips you to help people of varying degrees of health and fitness, and develop initiatives to increase physical activity, reduce sedentary behaviour, and contribute to community wellbeing.

### I Will Learn

- About anatomy, psychology, nutrition, sport science, and the positive impact of sport and physical activity on our wellbeing.
- Key coaching skills which can then be applied to coaching practice.
- How to use sport and physical activity to improve general wellbeing across society.

### Hands-on Experience

- You will gain experience delivering physical activity in community settings.
- This course offers an optional placement year in industry.
- Applied practical classes supplement theories in sport and exercise sciences.

### Career Opportunities

- Health Promotion
- Community Health Officer
- Health Service
- Sports Coach
- Teacher
- Fitness Development Officer

A Postgraduate Certificate in Education (PGCE) is required if you want to move on to a teaching role.

### Why Ulster?

You will learn the knowledge and skills to organise and provide for the policy, planning, development and delivery of sport, physical activity and health initiatives.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** CCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Health declaration required.**

#WeAreUU

**WELCOMING**  
STUDENTS FROM  
70+ COUNTRIES

## Technology with Design

UCAS  
H1W2

**BSc Hons**

Belfast

### Full-Time

4 year FT degree including placement year

Learn how to design and engineer a product that can be brought to a commercial market. Technology with design is about using creativity and innovation within engineering. The course combines engineering and technology principles with product design and development.

### I Will Learn

- To conceive and develop creative, innovative designs, and turn them into manufacturing reality.
- To use the latest design technology such as 3D CAD systems, Computer Aided Manufacturing, information design, and data modelling.
- Market awareness - understanding the purpose of your product and who it is aimed at.

### Hands-on Experience

- A work placement year will give you hands-on experience of working on product design projects.
- Teamwork is at the core of design, and you will work in groups on projects and real-world case studies.
- Essential interpersonal and professional skills, equipping you to work locally or internationally.

### Career Opportunities

- Design Engineer
- Product Designer
- Manufacturing Engineer
- Project Manager
- Teacher or Lecturer
- Product Support Manager

Graduates wishing to pursue a career as a technology teacher go on to study a postgraduate qualification in technology teaching.

### Why Ulster?

This course is accredited by the Institution of Engineering Designers (IED), the Institution of Mechanical Engineers (IMechE), and the Institution of Engineering and Technology (IET).

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BBC or BCC\*

\*if including one of Maths, Further Maths or Physics.

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**GCSE:** Specific subject(s) required at GCSE. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

## Textile Art, Design and Fashion

UCAS  
W232

**BA Hons**

Belfast

### Full-Time

3 year FT degree or 4 year with placement year

We provide a rich, creative, and supportive place to explore textiles and fashion. We nurture individual approaches to specialisms in embroidery, knit, weave, print, and fashion, as each student selects their pathway as an artist, designer, or designer-maker.

### I Will Learn

- Diverse and experimental approaches to art and design, focusing on colour, form, pattern, scale, and composition in a studio environment.
- Inventive and specialist approaches to practical making skills in five workshops equipped with traditional and digital technologies, supported by experts.
- The historical and cultural significance of textiles and fashion and the professional skills needed for a sustainable and creative career.

### Hands-on Experience

- We offer an optional placement year in the textile and fashion industry, and study abroad opportunities.
- Learn from the experience of our successful graduates, visiting artists, designers, curators, and careers professionals throughout the course.
- Showcase your work to industry professionals through a diverse range of placements, projects, and competitions.

### Career Opportunities

- Textile Designer
- Fashion Designer
- Freelance Textile Artist
- Arts and Community Education
- Film Industry Art Department
- Costume Designer

### Why Ulster?

Develop your skills in five well-equipped workshops and studios and progress through the course as an increasingly skilled and confident artist, designer or maker, supported by a dedicated staff team.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Applicants may satisfy the requirement for one of the A Level grades (or equivalent) by substituting a combination of alternative qualifications recognised by the University.

**Portfolio submission required.**

## Veterinary Nursing

UCAS  
D313

**BSc Hons**

Coleraine

### Full-Time

4 year FT degree including placement

The course aims to produce well-rounded veterinary nursing professionals who not only possess the necessary knowledge and technical skills but also exhibit critical thinking abilities, effective communication, adaptability, and a passion for lifelong learning. This holistic approach is designed to meet the demands of the veterinary sector at the local, regional and national levels.

Students will be equipped with the necessary skills and knowledge for a career in veterinary nursing and broader employment opportunities within animal health management, academia, research and the pharmaceutical industry. This course has been developed in collaboration with the Royal College of Veterinary Surgeons.

### I Will Learn

- The physiological characteristics of animals and how this is applied in their care and treatment.
- About the different diagnostic tests, treatments and surgical procedures available for a range of animals and their ailments.
- The principles of evidence-based practice which will encourage the forming of clinical decisions on sound research-based evidence.

### Hands-on Experience

- You will complete a clinical placement in an approved RCVS veterinary nursing training practice.
- You will gain experience of working with a range of small animals.
- You will gain experience of working with other animal healthcare providers such as veterinary surgeons, nutritionists, pharmacists.

### Career Opportunities

- Registered Veterinary Nurse
- Veterinary Practice Manager

### Why Ulster?

Ulster has a vibrant research community and you will undertake a research dissertation in a topic of interest to you.

### Full-Time Entry Requirements

Refer to the University's General Entrance Requirements.

**A Level:** BCC

Specific subject(s) required at A Level. Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for the full list.

**Interview and work experience may be required.**

UNIVERSITY IN UK FOR  
JOB PROSPECTS  
STUDENT CROWD (2023)

# How to apply

## NI, GB & ROI

What I love most about Ulster is the incredible amount of support and encouragement I have been receiving.

There has always been someone to guide me every step of the way through every problem I was having whether that was in the application process or just issues I was having in class. This guidance and reassurance has really helped me in my move from Canada to Northern Ireland and in adjusting to this new life.

Zainab Rizwan  
Graphic Design and Illustration

Main UCAS  
application deadline is  
**January 29**  
in the year of 2025\*

\*to be confirmed by UCAS.  
Visit [UCAS.com](https://ucas.com) for up  
to date information.

## How to apply for full-time courses

- These are submitted online through the Universities and Colleges admissions service (UCAS)
- UCAS has a range of deadlines for different applicants and course choices.

More info [ucas.ac.uk](https://ucas.ac.uk)

## Selecting your course - do you have the subjects?

- Make sure you check if your preferred courses require specific achievement in certain subjects e.g. Must have A Level Maths.
- Required subjects indicate what experience you need to complete the degree.
- Required subjects could be at any level GCSE, A Level, BTEC or Irish Leaving Certificate grades

## Extra course requirements

For certain courses, your application may include:

- An interview (including video interview)
- An audition
- A portfolio
- Access NI Check and Medical
- A test e.g. GAMSAT

Carefully review the course requirements  
at [ulster.ac.uk](https://ulster.ac.uk) before applying to the course.

## EU Nationals living in UK or Ireland

If you are a EU National living in NI or GB, you will need to prove you have the right to study in the UK. To do this, you will need either Settled or Pre-Settled status as part of the EU Settlement Scheme and we will request a Sharecode from you to verify your immigration rights. If you are living in ROI, because of the UK's withdrawal from the European Union, the right of freedom of movement between ROI and UK only applies to Irish or British Citizens and therefore to study in NI, a visa will be required. Your application must be completed and accepted before you arrive in the UK. You will also need to pay an application fee, have a current passport or other valid travel document, and pay a fee called an Immigration Health Surcharge. For more guidance, please visit [gov.uk/student-visa](https://gov.uk/student-visa) or [study-uk.britishcouncil.org/moving-uk/student-visas](https://study-uk.britishcouncil.org/moving-uk/student-visas).

## What if I miss the UCAS application deadline?

Applications for the majority of our courses will still be accepted and considered after the 2025 UCAS deadline. However, courses where there is additional selection (e.g. Portfolio submission or interview) will close for applications on the January 2025 deadline.

## How to apply to part-time courses

- Applications can be made directly to the university online at [ulster.ac.uk](https://ulster.ac.uk)
- We advise that you submit your application no later than two weeks prior to the course start date.

Find out more  
[ulster.ac.uk/study/part-time](https://ulster.ac.uk/study/part-time)

# Fees

**We understand finances are an important consideration for students. As an Ulster University student, you can take advantage of our competitive fees, affordable locations, and flexible payment options.**

Fees are normally subject to an annual increase. All fees listed are for standard UG courses excluding Graduate Entry Medicine.

## Full-time students (NI and ROI)

Full-time fees for NI and ROI students are determined by the Department for the Economy and are normally increased annually. To help with budget planning, the tuition fee for 2024/2025 entry was:

**£4,750\*** per year

## Full-time students (GB)

GB fees are determined by the UK Government. To help with budget planning, the tuition fee for 2024/25 entry was:

**£9,250\*** per year

For undergraduate course, integrated Masters and equivalent.

## Tuition fees for EU (Excluding ROI) students are charged in line with our International fees

Please refer to [ulster.ac.uk/student/fees](https://ulster.ac.uk/student/fees) for information on tuition fees, funding and payment options.

## Fully funded tuition fee courses for qualifying students – Department of Health courses

Following the issue of guidance by the Department of Health, the tuition fee for the following courses is fully funded by the Department of Health for students:

- who are eligible for the home fee rate and are UK or Irish citizens and have been resident in Northern Ireland or the Republic of Ireland for three years prior to the start of the course.

Unfortunately, Ulster University is not in a position to accept applications from students from England, Scotland, Wales or EU (except the Republic of Ireland) for these courses due to regulations issued by the Department of Health Northern Ireland.

## Department of Health Tuition Fee Funded Courses

- Diagnostic Radiography and Imaging≈
- Dietetics≈
- Nursing Adult and Nursing Mental Health
- Occupational Therapy≈
- Paramedic Science
- Physiotherapy≈
- Podiatry
- Radiotherapy and Oncology≈
- Speech and Language Therapy≈

≈Video or face to face interview required. More than one interview may be required depending on the mix of courses you have applied to.

## Part-time study and fees

You may prefer to study some of our courses on our part-time basis. Studying part-time gives the flexibility to learn and pay at your own pace.

- Typical years to complete degree – 5 to 7 years
- NI students can get a part-time tuition fee loan through [studentfinance.co.uk](https://studentfinance.co.uk) to help towards their fees. Please contact Student Finance for the maximum loan available.

# Funding

**Paying for your studies - find an option that works for you.**

## Full-time study

**Start paying your fees once you graduate and are in employment.**

Take out a tuition fee loan and defer your payment. Apply early to ensure eligibility and have funding in place before the start of the academic year.

## Northern Ireland students additional financial support options

**You can apply for:**

- Maintenance loans
- Government grants for part-time study only
- Ulster University bursaries

## Republic of Ireland students additional financial support options

Transfer your maintenance award to Northern Ireland via [studentfinance.ie](https://studentfinance.ie)

For up-to-date **part-time** tuition fee information visit: [ulster.ac.uk/part-time](https://ulster.ac.uk/part-time)

For up-to-date **full-time** tuition fee information visit: [ulster.ac.uk/ug-fees](https://ulster.ac.uk/ug-fees)

## Part-time study

Spread the cost of your part-time tuition fees in up to 10 monthly instalments during each year of study\*\*.

## Part-time 5% fee discount

Pay the full cost of your annual fee at enrolment and receive a 5% discount. This offer cannot be used in conjunction with any other discount, offer or scholarship. Visit [ulster.ac.uk/student/fees-and-discounts](https://ulster.ac.uk/student/fees-and-discounts)

For scholarship information visit:  
[ulster.ac.uk/scholarships](https://ulster.ac.uk/scholarships)

\* Correct at time of publishing. Fees illustrated are based on the entry year stated and are subject to annual increase. Please visit [ulster.ac.uk/student/fees](https://ulster.ac.uk/student/fees) for full details of the fees. Annual part-time fees are based on the modules that you are registered for within an academic year. Some courses may have additional costs not included in your tuition fee. Check the individual course information online for details.

\*\* Tuition Fee instalment plans: Recurring Card Payment plan (credit/debit card). Tuition fees may be paid in up to 10 equal monthly instalments depending on registration date. Direct Debit. Tuition fees may be paid in 5 equal instalments. Further information is available at our Student Guide [ulster.ac.uk/student](https://ulster.ac.uk/student)

# General Entry Requirements

## To be eligible to apply you must:

1. Provide evidence of competence in written and spoken English (GCSE English Language grades A-C/4-9 or equivalent); and
2. Provide evidence of passes in five subjects, two of which must be at A level (grades A-E)^ and three at GCSE level\* (grades A-C/4-9);
3. Provide evidence of passes in four subjects, three of which must be at A level (grades A-E)^ and one at GCSE level\* (grades A-C/4-9); or
4. Provide evidence of an approved qualification at an equivalent level such as Access to Higher Education qualification or equivalent\*\*; or
5. Provide evidence, for a process of formal accreditation by the University, of learning you have gained through work or other experience.

The general entrance requirements identify the minimum qualifications needed to apply to a course at Ulster. They set out the range of the most commonly offered acceptable qualifications but do not identify where particular subjects are needed for specific courses, nor do they represent the actual offer standard or 'asking grades', which are normally higher than the minimum threshold standard of a pass grade.

This is particularly the case for full-time study where the offer grades are affected by the availability of places on the course and the level of demand. The summary refers to honours degrees. In practice, with regard to A levels^, no full-time honours degree will accept fewer than three A level subjects unless presented in combination with other Level 3 qualifications deemed acceptable by the University.

The 'Equivalence of Qualifications' table lists the most commonly accepted qualifications and equivalent asking grades. You should refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for specific entry requirements to individual courses. Entry requirements for part-time courses vary. Some have identical entry requirements to the full-time version of the same course, whilst others will vary from those of the full-time version. It is important to refer to the online prospectus and/or to contact the course team before making an application for study.

Accreditation of Prior Experiential Learning you have gained from work or other experience may be used to demonstrate your ability to study your chosen course. You must provide evidence of some reasonably substantial and a significant element of learning for a process of formal assessment and accreditation by the University.

You may be required to attend an interview and/or submit a portfolio of evidence. (Contact Admissions - [admissions@ulster.ac.uk](mailto:admissions@ulster.ac.uk))

\*GCSE English Language (grades A-C/4-9) may be used as part of the GCSE requirement. \*\*Please refer to the 'Equivalence of Qualifications' table for the most common alternative Level 3 Qualifications. Note: Advanced Subsidiary (AS) level subjects, are regarded as 40% of one GCE A level, provided that your profile also contains two GCE A levels or equivalent. ^Or equivalent qualifications at Level 3 accepted by the University. You can check the qualifications we accept at: [ulster.ac.uk/study/entrance-requirements/undergraduate-entry-requirements](http://ulster.ac.uk/study/entrance-requirements/undergraduate-entry-requirements) and [ulster.ac.uk/study/entrance-requirements/equivalence](http://ulster.ac.uk/study/entrance-requirements/equivalence)

# Academic English Language Skills

The Centre for English Language Teaching (CELT) offers you a range of workshops and one-to-one consultations throughout the academic year.

The aim is to provide meaningful, practical support. The focus is on the enhancement and mastery of your academic English language skills.

## We offer:

- Academic writing sessions in your subject
- Individual and small group tutorials
- Dissertation and thesis writing skills
- Presentation skills
- English for everyday life
- Intercultural fluency

## Meeting English language requirements

Our Pre-sessional PLUS course (entry level  $\geq$  IELTS 5.0) is the ideal choice if you have a **conditional offer** from Ulster University but have not yet met the English language requirements of your chosen degree.

Our Pre-sessional STANDARD course (entry level  $\geq$  IELTS 5.5) is ideal for any international student preparing for degree study at Ulster University. It is offered to both **conditional** and **unconditional** applicants.

With an intense focus on the English of your subject and the mastering of specific skills for the completion of academic tasks, you will be guided and supported through your pre-sessional course by caring, expert teachers.

## What if I do not meet the English language requirements?

If you have an offer to study with us that is conditional on meeting our English language requirements, you can take our Password English language test. This online test, which takes just over three hours to complete, will test your reading, listening, speaking, and writing.

Find out more and book your test, visit [ulster.ac.uk/englishrequirements](https://ulster.ac.uk/englishrequirements)

# Equivalence of Qualifications

IMPORTANT: Equivalence of qualifications are subject to annual review. The equivalence table below outlines indicative equivalences to operate for entry in 2024.

Please refer to the online prospectus at [ulster.ac.uk](http://ulster.ac.uk) for entry requirements for any particular course.

**GCSE:** Grade C equivalences - ILC Ordinary = O4, GB = 4. Grade B/C\* equivalences - ILC Ordinary = O3, GB = 5 or 6 (Determined on a course basis. See online prospectus.)

**Applied General Level 3 qualifications:** Offers will be expressed in terms of Overall Award Grade(s). The 90 Credit Diploma/National Foundation Diploma will be considered as equivalent to one and a half A levels.

**Irish Leaving Certificate:** Applicants will need to achieve the UCAS tariff score with a minimum of 4 subjects at Higher Level and 1 at Ordinary Level. Some courses may ask for specific grades in certain subjects so check the requirements before applying.

**HNC:** Candidates will be considered for year one entry only.

**HND:** Candidates may be considered for year two entry (or part-time equivalent) where the curriculum sufficiently matches that of the Ulster University full-time year one course.

**Foundation Degree:** applicants will normally be considered for entry to an associated honours degree (normally year two entry, or part-time equivalent).

**Certificate of Higher Education:** Students who exit a Foundation Degree with a Certificate of Education after one year are not permitted to join a course at Ulster until the following academic year. Applicants wishing to join from another institution after one year must have completed 120 credits at Level 4 with the overall percentage detailed on the table to the left.

**Other qualifications:** We welcome applications from international applicants and those who may be studying a UK Benchmark Qualification not shown. We will consider such applications on an individual basis. Whilst we will consider your entire academic profile we normally make offers in terms of benchmark qualifications. In all qualifications specific requirements in individual subjects/units/credits may be required.

## Disclaimer

1. The University endeavours to deliver courses and programmes of study in accordance with the description set out in this prospectus. The University's prospectus is produced at the earliest possible date in order to provide maximum assistance to individuals considering applying for a course of study offered by the University. The University makes every effort to ensure that the information contained in the prospectus is accurate, but it is possible that some changes will occur between the date of printing and the start of the academic year to which it relates. **Please note that the University's website is the most up-to-date source of information regarding courses, campuses and facilities and we strongly recommend that you always visit the website before making any commitments.**
2. Although the University at all times endeavours to provide the programmes and services described, the University cannot guarantee the provision of any course or facility and the University may make variations to the contents or methods of delivery of courses, discontinue, merge or combine courses, change the campus at which they are provided and introduce new courses if such action is considered necessary by the University (acting reasonably). Not all such circumstances are entirely foreseeable but changes may be required if matters such as the following arise: industrial action interferes with the University's ability to teach the course as planned, lack of demand makes a course economically unviable for the University, departure of key staff renders the University unable to deliver the course, changes in legislation or government policy including changes, if any, resulting from the UK departing the European Union, withdrawal or reduction of funding specifically provided for the course or other unforeseeable circumstances beyond the University's reasonable control.
3. If the University discontinues any courses, it will use its best endeavours to provide a suitable alternative course. In addition, courses may change during the course of study and in such circumstances the University will normally undertake a consultation process prior to any such changes being introduced and seek to ensure that no student is unreasonably prejudiced as a consequence of any such change.
4. Providing the University has complied with the requirements of all applicable consumer protection laws, the University does not accept responsibility for the consequences of any modification, relocation or cancellation of any course, or part of a course, offered by the University. The University will give due and proper consideration to the effects thereof on individual students and take the steps necessary to minimise the impact of such effects on those affected.
5. The University is not liable for disruption to its provision of educational or other services caused by circumstances beyond its reasonable control providing it takes all reasonable steps to minimise the resultant disruption to such services.
